scale civil war and Soviet intervention The military struggle that followed was largely influenced by Soviet US rivalry but the ideological struggle followed a dynamic of its own Drawing on a wide range of sources including such previously unused archival material as British Intelligence reports this is a detailed study of the Afghan debate on the role of Islam in politics from the formation of the modern Afghan state around 1800 to the present day **Islam and Politics in Afghanistan** Asta Olesen,1995 The years 1978 and 1979 were dramatic throughout south and western Asia In Iran the Pahlavi dynasty was toppled by an Islamic revolution In Pakistan Zulfikar Ali Bhutto was hanged by the military regime that toppled him and which then proceeded to implement an Islamization programme Between the two lay Afghanistan whose Saur Revolution of April 1978 soon developed into a full scale civil war and Soviet intervention The military struggle that followed was largely influenced by Soviet US rivalry but the ideological struggle followed a dynamic of its own Drawing on a wide range of sources including such previously unused archival material as British Intelligence reports this is a detailed study of the Afghan debate on the role of Islam in politics from the formation of the modern Afghan state around 1800 to the present day

The Oxford Handbook of Secularism Phil Zuckerman,John R. Shook,2017 The Oxford Handbook of Secularism offers a wide ranging examination of secularism on a global scale bringing together an international collection of views from prominent experts in a variety of fields This volume reflects the impressive level of academic attention now given to secularism across the humanities social sciences law and public policy and international relations Long reigning theories about the pace of secularization and ideal church state relations are here scrutinized by a new generation of scholars studying secularism with new questions better data and fresh perspectives Islamism and Islam Bassam Tibi,2012-05-22 Despite the intense media focus on Muslims and their religion since the tragedy of 9 11 few Western scholars or policymakers today have a clear idea of the distinctions between Islam and the politically based fundamentalist movement known as Islamism In this important and illuminating book Bassam Tibi a senior scholar of Islamic politics provides a corrective to this dangerous gap in our understanding He explores the true nature of contemporary Islamism and the essential ways in which it differs from the religious faith of Islam Drawing on research in twenty Islamic countries over three decades Tibi describes Islamism as a political ideology based on a reinvented version of Islamic law In separate chapters devoted to the major features of Islamism he discusses the Islamist vision of state order the centrality of antisemitism in Islamist ideology Islamism s incompatibility with democracy the reinvention of jihadism as terrorism the invented tradition of shari a law as constitutional order and the Islamists confusion of the concepts of authenticity and cultural purity Tibi s concluding chapter applies elements of Hannah Arendt s theory to identify Islamism as a totalitarian ideology **Kenya** Shadrack W. Nasong'o,Godwin R. Murunga,2013-07-18 The path towards democracy in Kenya has been long and often tortuous Though it has been trumpeted as a goal for decades democratic government has never been fully realised largely as a result of the authoritarian excesses of the Kenyatta Moi and Kibaki regimes This uniquely comprehensive study of Kenya s

political trajectory shows how the struggle for democracy has been waged in civil society through opposition parties and amongst traditionally marginalised groups like women and the young. It also considers the remaining impediments to democratisation in the form of a powerful police force and damaging structural adjustment policies. Thus the authors argue democratisation in Kenya is a laborious and non linear process. Kenya's recent electoral successes the book concludes have empowered them and reinvigorated the prospects for democracy heralding a more autonomous and peaceful twenty first century.

**Global Rebellion** Mark Juergensmeyer, 2008. This is an indispensable book in helping us understand the new world disorder that seems to be overtaking us. Juergensmeyer points out that much of the world neither understands nor finds attractive the idea of a secular state. He helps us see that religious nationalism is a fact of life that will be with us for a long time to come. Deconstructing any simple notion of fundamentalism he shows us how it is possible to live with religious nationalism constructively without demonizing it. That is a major achievement. Robert Bellah coauthor of *Habits of the Heart*. For years Mark Juergensmeyer has served as a kind of Cassandra figure warning us all about the rise of religious violence, the global reach of religious nationalism and the challenges posed by new religious identities to the secular nation state. Now that the world is finally listening Juergensmeyer remains our best guide in unraveling the complex interplay between religion and politics in the modern world. *Global Rebellion* once again demonstrates why Juergensmeyer is the foremost authority on the global sociology of religion. This is an awe inspiring work by arguably the most important thinker on the subject. Reza Aslan author of *No god but God: The Origins, Evolution and Future of Islam*.

**The Effect of Religion on the Political Process** Femi Ajayi, 2009-03. Nigerians are troubled about the capability of political institutions in Nigeria to curb religious threats thus maintaining security with minimum damage in preventing the occurrence of religious eruptions. The study examines the debate on institutionalizing the Islamic Law referred to as Sharia at the Federal level. The book ascertains the impact of religion and ethnicity on the Nigerian political institutions especially the Executive arm of the Government. The study examines the 1977 and 1988 Sharia debates at the Constituent Assemblies. Specific issues were addressed in the book such as the Organization of Islamic Conference, Federal Government appointments, religious pilgrimages, the use of Arabic on Nigerian currencies, public holidays, work free Friday and the religious leaders which affected the peaceful coexistence among Nigerians since the 1977 Sharia debate at the Constituent Assembly. The findings revealed that Nigerians were discontented with their political leaders over the use of religion in the public places. In addition to that some Nigerian religious leaders infiltrated intra and interreligious conflicts in Nigeria. However the prospect of Nigeria as a nation lies with the leadership and followership. The study concludes that people's mentality determines the type of leaders they want which is responsible for Nigeria's self inflicted problems.

**Religion and Societies** Carlo Caldarola, 2011-06-01. The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies. In particular it examines religions in their differentiation from and intersection with other cultural systems such as

art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series      **Religion, Globalization and Political Culture in the Third World** Jeff Haynes, 2016-07-27 A unique focus on the relationship between religion and political culture in the Third World using a comparative and thematic approach Specific issues of religion politics interaction in the Third World in recent times include the rise of Islamic fundamentalist groups throughout the Middle East and other parts of the Muslim world the political effects of the decline of Catholicism and the rapid growth of Protestant evangelical sects in Latin America communal conflict between Hindu nationalist groups and the politicisation of Buddhism in South East Asia The common effect of such developments is to challenge existing forms of relationship between states and societies with religion used as a political resource      Explorations in Historical Geography Alan R. H. Baker, Derek Gregory, 1984-06-14 This interdisciplinary 1984 volume extends the debate about the purpose and practice of historical geography      **The New Cold War?** Mark Juergensmeyer, 2023-04-28 Will the religious confrontations with secular authorities around the world lead to a new Cold War Mark Juergensmeyer paints a provocative picture of the new religious revolutionaries altering the political landscape in the Middle East South Asia Central Asia and Eastern Europe Impassioned Muslim leaders in Egypt Palestine and Algeria political rabbis in Israel militant Sikhs in India and triumphant Catholic clergy in Eastern Europe are all players in Juergensmeyer's study of the explosive growth of religious movements that decisively reject Western ideas of secular nationalism Juergensmeyer revises our notions of religious revolutions Instead of viewing religious nationalists as wild eyed anti American fanatics he reveals them as modern activists pursuing a legitimate form of politics He explores the positive role religion can play in the political life of modern nations even while acknowledging some religious nationalists proclivity to violence and disregard of Western notions of human rights Finally he situates the growth of religious nationalism in the context of the political malaise of the modern West Noting that the synthesis of traditional religion and secular nationalism yields a religious version of the modern nation state Juergensmeyer claims that such a political entity could conceivably embrace democratic values and human rights Will the religious confrontations with secular authorities around the world lead to a new Cold War Mark Juergensmeyer paints a provocative picture of the new religious revolutionaries altering the political landscape in the Middle East South Asia Centr      **Ethnoreligious Conflict in the Late Twentieth Century** Jonathan Fox, 2002-01-01 Jonathan Fox's new work provides the first systematic empirical study of the role that religion plays in ethnic violence Ethnoreligious Conflict in the Late Twentieth Century critiques the existing literature on religion and ethnic conflict then presents and analyzes original quantitative data gathered from a variety of sources Fox draws upon the Minorities at Risk model of ethnic conflict to develop and test a dynamic and comprehensive

theory of religion and conflict He applies this theory to resurgent conflicts between ethnic groups of different religions from the Iranian revolution and the Afghan struggle against the Soviets in the 1980s to the ongoing Middle East conflict to pinpoint the ways in which religion has become intertwined in and lent legitimacy to conflicts in the contemporary world

**Current Issues in Law and Religion** Silvio Ferrari, 2017-07-05 This volume focuses on issues that have only recently come to the forefront of the discipline such as freedom from religion ordination of homosexuals apostasy security and fundamentalism issues that are linked to the common themes of secularism and globalization Although these subjects are not new to the academic debate they have become prominent in law and religion circles as a result of recent and rapid changes in society The essays in this volume present multiple points of view facilitate scholars in understanding this evolving discipline and act as a stimulus for further research This collection gives the reader a sense of the key topics and current debates in law and religion and is of interest to law politics human rights and religion scholars
