**Religion and Social Justice** S. Thakur, 1996-10-04 This book is a philosophical examination of the relationship between religion and social justice Its main thesis is that since the primary purpose of religion is the moral and spiritual transformation of human nature it ought not to be construed as a direct instrument of social justice on earth as it is by Liberation theologians for example as well as by many liberal Christians and Jews Indirectly however religion may well be a pre condition of social justice For it can be argued that without the counteracting effects of the moral and spiritual values prescribed by religion the liberal vision of individual rights and social justice may be self defeating Humanity is best served if this liberal vision is counterbalanced by the completely contrary utopia enshrined in the biblical idea of the kingdom of God and its equivalents in the other great religions of the world *Religion and Social Justice* Shivesh Chandra Thakur, 1996

**Religion and Social Justice For Immigrants** Pierrette Hondagneu-Sotelo, 2006-10-18 Religion has jumped into the sphere of global and domestic politics in ways that few would have imagined a century ago Some expected that religion would die as modernity flourished Instead it now stares at us almost daily from the front pages of newspapers and television broadcasts Although it is usually stories about the Christian Right or conservative Islam that grab headlines there are many religious activists of other political persuasions that are working quietly for social justice This book examines how religious immigrants and religious activists are working for equitable treatment for immigrants in the United States The essays in this book analyze the different ways in which organized religion provides immigrants with an arena for mobilization civic participation and solidarity Contributors explore topics including how non Western religious groups such as the Vietnamese Caodai are striving for community recognition and addressing problems such as racism economic issues and the politics of diaspora how interfaith groups organize religious people into immigrant civil rights activists at the U S Mexican border and how Catholic groups advocate governmental legislation and policies on behalf of refugees **Religion as social justice**

Charles Marsh, 2008-07-31 A noted theologian explains how the radical idea of Christian love animated the African American civil rights movement and how it can power today's social justice struggles Speaking to his supporters at the end of the Montgomery bus boycott in 1956 Martin Luther King Jr declared that their common goal was not simply the end of segregation as an institution Rather the end is reconciliation the end is redemption the end is the creation of the beloved community King's words reflect the strong religious convictions that motivated the African American civil rights movement As King and his allies saw it Jesus had founded the most revolutionary movement in human history a movement built on the unconditional love of God for the world and the mandate to live in that love Through a commitment to this idea of love and to the practice of nonviolence civil rights leaders sought to transform the social and political realities of twentieth century America In *The Beloved Community* theologian and award winning author Charles Marsh traces the history of the spiritual vision that animated the civil rights movement and shows how it remains a vital source of moral energy today *The Beloved Community* lays out an exuberant new vision for progressive Christianity and reclaims the centrality of faith in the quest for social justice and authentic community
