Religious Conviction In Liberal Politics

Christopher J. Eberle

Religious Conviction In Liberal Politics:

Religious Conviction in Liberal Politics Christopher J. Eberle, 2002-05-02 What role should a citizen's religious convictions play in her political activities? Is she, for example, permitted to decide on the basis of her religious convictions to support laws that criminalize abortion or discourage homosexual relations? Christopher Eberle is deeply at odds with the dominant orthodoxy among political theorists about the relation of religion and politics. His argument is that a citizen may responsibly ground her political commitments on religious beliefs even if her only reasons for her political commitments are religious in nature. His ideal of citizenship allows citizens to engage in politics without privatizing their religious commitments and yet does not license mindless and intransigent sectarianism. An inherently controversial book that offers a substantial challenge to political liberalism, it will be read by students and professionals in philosophy, political science, law, and religious studies and general readers seeking insight into the relationship between religious commitments and liberal politics. **Religious**

Convictions and Political Choice Kent Greenawalt, 1988 How far may Americans properly rely on their religious beliefs when they make and defend political decisions? Are religious convictions compatible with liberal democratic premises? Kent Greenawalt dissects such issues as abortion and animal rights to illustrate secular and religious bases for decision making, concluding that citizens cannot be expected to rely exclusively on rational, secular grounds. *The Catholic Church in State*

Politics David A. Yamane, 2005-09-08 What role, if any, should religion play in politics? By what authority and methods does the Catholic Church apply its teachings to public policy discourse? How do Bishops and lay leaders work together in Catholic conferences and how do they work with political leaders? What impact do they have? The political advocacy of the American Catholic Bishops at the state level is one of the Church's best kept secrets. In this groundbreaking work, David Yamane reveals the rich history, accomplishments, and challenges of bishops and their lay colleagues in local politics. Through sociological analysis, up-to-date examples, and personal interviews, Yamane explains how the local Catholic advocacy organizations in thirty-three states and Washington, D.C., negotiate the tension between the prophetic demands of faith and the political realities of secular political institutions. *The Catholic Church in State Politics* invites readers to understand better the role of religion in the public square. Politics, Pluralism and Religion Chandana Chakrabarti, Sandra Jane

Fairbanks, 2020-05-22 The chapters in this volume discuss the many facets of pluralism in a liberal democracy as well as the interplay between religion and politics. Religion is a central theme in this book for two reasons. First, religions often claim to possess truths about the nature of God and the proper path to lead in order to achieve eternal life in heaven or enlightenment or spiritual liberation. Unfortunately, different religions offer different sets of truths on these issues, which create an obvious competition and rivalry between religions. Historically, religious differences have produced countless wars, violent clashes, human rights violations, and various forms of religious persecutions. Our record of coexisting peacefully in a religiously pluralistic world has been abysmal at best. Some chapters in this book discuss religious pluralism, the clash between science

and religion and the role religious reasons should play in a public dialogue about public policy and law The second reason why religion is a prominent theme is that since religion is constitutive of the identities of so many individuals its influence on politics for better or for worse is extremely significant Many chapters explore the various ways in which religion can affect politics From the dangers of theocracy to Jihadist terrorism to a Hindu approach to addressing terrorism to a Unitarian Universalist perspective on ethical eating and to the Christian virtue of forgiveness applied to political dispute resolution All in all the chapters in this book represent a variety of approaches to understanding the interrelated problems associated with religion and politics in a pluralistic world

Democracy Without Shortcuts Cristina Lafont, 2020 This book defends the value of democratic participation It aims to improve citizens democratic control and vindicate the value of citizens participation against conceptions that threaten to undermine it

The Routledge Companion to Social and Political Philosophy Gerald F. Gaus, Fred D'Agostino, 2013 This comprehensive work provides an up to date survey of social and political philosophy charting its history and key figures and movements and addressing enduring questions as well as contemporary research

Religion in the Public Schools Michael Waggoner, 2013-04-10 The purpose of this book is to illustrate the complexity of the social cultural and legal milieu of schooling in the United States in which the improvement of religious literacy and understanding must take place Public education is the new commons

Interrogating the Morality of Human Rights Michael J. Perry, 2023-05-09 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com This forward thinking book illustrates the complexities of the morality of human rights Emphasising the role of human rights as the only true global political morality to arise since the Second World War chapters explore its role as applied to often controversial issues such as capital punishment the exclusion of same sex couples from civil marriage and criminal abortion bans

The Oxford Handbook of Secularism Phil Zuckerman, John R. Shook, 2017 The Oxford Handbook of Secularism offers a wide ranging examination of secularism on a global scale bringing together an international collection of views from prominent experts in a variety of fields This volume reflects the impressive level of academic attention now given to secularism across the humanities social sciences law and public policy and international relations Long reigning theories about the pace of secularization and ideal church state relations are here scrutinized by a new generation of scholars studying secularism with new questions better data and fresh perspectives

The Politics of Secularism in International Relations Elizabeth Shakman Hurd, 2009-01-10 Conflicts involving religion have returned to the forefront of international relations And yet political scientists and policymakers have continued to assume that religion has long been privatized in the West This secularist assumption ignores the contestation surrounding the category of the secular in international politics The Politics of Secularism in International Relations shows why this thinking is flawed and provides a powerful alternative Elizabeth Shakman Hurd argues that secularist divisions between religion and politics are not fixed as commonly assumed but socially and historically constructed Examining the philosophical

and historical legacy of the secularist traditions that shape European and American approaches to global politics she shows why this matters for contemporary international relations and in particular for two critical relationships the United States and Iran and the European Union and Turkey The Politics of Secularism in International Relations develops a new approach to religion and international relations that challenges realist liberal and constructivist assumptions that religion has been excluded from politics in the West The first book to consider secularism as a form of political authority in its own right it describes two forms of secularism and their far reaching global consequences **Spaces of Tolerance** Luiza

Bialasiewicz,Valentina Gentile,2019-10-16 This book offers interdisciplinary and cross national perspectives on the challenges of negotiating the contours of religious tolerance in Europe In today s Europe religions and religious individuals are increasingly framed as both an internal and external security threat This is evident in controls over the activities of foreign preachers but also more broadly in EU states management of migration flows marked by questions regarding the religious background of migrating non European Others This book addresses such shifts directly by examining how understandings of religious freedom touch down in actual contexts places and practices across Europe offering multidisciplinary insights from leading thinkers from political theory political philosophy anthropology and geography The volume thus aims to ground ideal liberal democratic theory and at the same time to bring normative reflection to grounded ethnographic analyses of religious practices Such grounded understandings matter for they speak to how religions and religious difference are encountered in specific places They especially matter in a European context where religion and religious difference are increasingly not just securitised but made the object of violent attacks The book will be of interest to students and scholars of politics philosophy geography religious studies and the sociology and anthropology of religion

The Legacy of John Rawls Thom Brooks,Fabian Freyenhagen,2005-09-08 John Rawls was unquestionably the most important moral and political philosopher of the last one hundred years His A Theory of Justice published in 1971 is already a classic text and his political philosophy is more widely studied than that of any other theorist Interest in Rawls s work has increased still further since his recent death and the publication of his complete works but until now there has been no single volume that explores the legacy of his work This book fills the void making a substantial contribution not only to work on Rawls s thought but to contemporary debates in ethics and justice as well The book will be of great interest to academics and students in philosophy politics and law departments alike **Rawls** Sebastiano Maffettone,2010 The most complete

introduction to the work of John Rawls The literature on Rawls and his main arguments are presented in an unprecedented way An indispensable tool for teachers and students This book is necessary reading for anyone interested in contemporary political thought *This Is Political Philosophy* Alex Tuckness,Clark Wolf,2016-12-27 This is Political Philosophy is an accessible and well balanced introduction to the main issues in political philosophy written by an author team from the fields of both philosophy and politics This text connects issues at the core of political philosophy with current live debates in policy

politics and law and addresses different ideals of political organization such as democracy liberty equality justice and happiness Written with great clarity This is Political Philosophy is accessible and engaging to those who have little or no prior knowledge of political philosophy and is supported with supplemental pedagogical and instructor material on the This Is Philosophy series site Available at <https://www.wiley.com/en-us/thisisphilosophy+thisispoliticalphilosophy+anintroduction>

The Oxford Handbook of Deliberative Democracy André Bächtiger, John S. Dryzek, Jane Mansbridge, Mark E. Warren, 2018-08-30 Deliberative democracy has been one of the main games in contemporary political theory for two decades growing enormously in size and importance in political science and many other disciplines The Oxford Handbook of Deliberative Democracy takes stock of deliberative democracy as a research field in philosophy in various research programmes in the social sciences and law and in political practice around the globe It provides a concise history of deliberative ideals in political thought and discusses their philosophical origins The Handbook locates deliberation in political systems with different spaces publics and venues including parliaments courts governance networks protests mini publics old and new media and everyday talk It engages with practical applications mapping deliberation as a reform movement and as a device for conflict resolution documenting the practice and study of deliberative democracy around the world and in global governance

The Universal Declaration of Human Rights and the Challenge of Religion Johannes Morsink, 2017-08-03 Repulsed by evil Nazi practices and desiring to create a better world after the devastation of World War II in 1948 the UN General Assembly adopted the Universal Declaration of Human Rights UDHR Because of the secular imprint of this text it has faced a series of challenges from the world's religions both when it was crafted and in subsequent political and legal struggles The book mixes philosophical legal and archival arguments to make the point that the language of human rights is a valid one to address the world's disputes It updates the rationale used by the early UN visionaries and makes it available to twenty first century believers and unbelievers alike The book shows how the debates that informed the adoption of this pivotal normative international text can be used by scholars to make broad and important policy points

Justice Through Diversity? Michael J. Sweeney, 2016-08-30 Arguably the most transformative force in contemporary society is the commitment to justice through diversity A prime example is the change justice through diversity has wrought on who enters teaches and administers the university It has changed the content of what is taught and the mission statements that define the purpose of higher education What is rarely defined however is justice and how it is related to diversity If justice is equality are all differences equal Are all differences in race gender sexual orientation national origin ethnicity religion and culture equal Should such differences be weighted differently and thus hierarchically On what basis are those differences to be weighted and ranked to ensure equality Justice Through Diversity brings together a Who's Who of contemporary scholars to explore these questions and others in an attempt to understand one of the central commitments in the modern world

Sincerity in Politics and International Relations Sorin Baiasu, Sylvie Loriaux, 2017-11-27 This edited volume

examines concepts of sincerity in politics and international relations in order to discuss what we should expect of politicians within what parameters they should work and how their decisions and actions could be made consistent with morality The volume features an international cast of authors who specialize in the topic of sincerity in politics and international relations Looking at how sincerity bears on political actions practices and institutions at national and international level the introduction serves to place the chapters in the context of ongoing contemporary debates on sincerity in politics and international theory Each chapter focuses on a contemporary issue in politics and international relations including corruption public hypocrisy cynicism trust security policy formulation and decision making political apology public reason political dissimulation denial and self deception and will argue against the background of a Kantian view of sincerity as unconditional Offering a significant comprehensive outlook on the practical limits of sincerity in political affairs this work will be of great interest to both students and scholars

Constitutional Rights, Moral Controversy, and the Supreme Court Michael J. Perry, 2009 This book examines the Supreme Court's proper role in adjudicating moral controversies that implicate constitutional rights

The Oxford Handbook of Political Theory John S. Dryzek, Bonnie Honig, Anne Phillips, 2006 Oxford Handbooks of Political Science are the essential guide to the state of political science today With engaging contributions from 51 major international scholars the Oxford Handbook of Political Theory provides the key point of reference for anyone working in political theory and beyond
