

Religious Dogmatics And The Evolution Of Societies Studies In Religion And Society Vol 9

H Kauffman

Religious Dogmatics And The Evolution Of Societies Studies In Religion And Society Vol 9:

Beyond Idols Richard K. Fenn, 2001 This book attempts to articulate the nature of a secular society describe its benefits and suggests the conditions under which such a society could emerge To become secular argues Fenn is to open oneself and one's society to a wide range of possibilities some interesting and exciting some burdensome and dreadful While some sociologists have argued that a Civil Religion is necessary to hold together our newly religionless society Fenn urges that there is nothing to fear and everything to gain from living in a society that is not bound together by sacred memories and beliefs or by sacred institutions and practices

Ideology and Inquisition Martin Austin Nesvig, 2009-01-01 This book is the first comprehensive treatment in English of the ideology and practice of the Inquisitional censors focusing on the case of Mexico from the 1520s to the 1630s Others have examined the effects of censorship but Martin Nesvig employs a nontraditional approach that focuses on the inner logic of censorship in order to examine the collective mentality ideological formation and practical application of ideology of the censors themselves Nesvig shows that censorship was not only about the regulation of books but about censorship in the broader sense as a means to regulate Catholic dogma and the content of religious thought In Mexico decisions regarding censorship involved considerable debate and disagreement among censors thereby challenging the idea of the Inquisition as a monolithic institution Once adapted to cultural circumstances in Mexico the Inquisition and the Index produced not a weapon of intellectual terror but a flexible apparatus of control

God and the Moral Life Myriam Renaud, Joshua Daniel, 2017-11-02 How do various concepts of God impact the moral life Is God ultimately required for goodness In this edited collection an international panel of contemporary philosophers and theologians offer new avenues of exploration from a theist perspective for these important questions The book features several approaches to address these questions Common themes include philosophical and theological conceptions of God with reference to human morality particular Trinitarian accounts of God and the resultant ethical implications and how communities are shaped promoted and transformed by accounts of God Bringing together philosophical and theological insights on the relationship between God and our moral lives this book will be of keen interest to scholars of the philosophy of religion particularly those looking at ethics social justice and morality

Religious Dogmatics and the Evolution of Societies Niklas Luhmann, 1984 This volume comprises an English translation of Niklas Luhmann's *Religiöse Dogmatik und gesellschaftliche Funktion* Chapter two of his 1977 *Funktion der Religion* which has been the subject of much discussion and controversy in Europe over the past 15 years Peter Beyer also provides a 50 page introduction which treats some of the main concepts in Luhmann's abstract and difficult thought and also illustrates the way these concepts fit into his overall theory of society and religion

Subject Guide to Books in Print, 1993 **Canadian Books in Print**, 1986 *Books in Series*, 1985 Vols for 1980 issued in three parts Series Authors and Titles

Oral and Manuscript Culture in the Bible J. A. Loubser, 2013-01-01 Oral and Manuscript Culture in the Bible is the fruit of Professor Loubser's confrontation with how

Scripture is read understood and used in the Third World situation which is closer than modern European societies to the social dynamics of the original milieu in which the texts were produced

Oral and Manuscript Culture in the Bible J. A. Loubser, 2007-03-01 Drawing on a wide range of scholarship dealing with the properties and function of the materialities of the oral and scribal arts as well as oral scribal interfaces the author unfolds before our eyes and makes manifest to our ears a world of communications in which there are no original texts let alone original speech where manuscripts are written to be remembered and read out aloud where scribal products exhibit both a metonymic and a polyvalent quality

A Sociology of Chiropractic Saul F. Rosenthal, 1986 This volume offers a study of the chiropractic's place in the health care system The three objectives of the text include presenting current descriptive data on chiropractics assessing the place chiropractic fills in contemporary health care and providing a critical data base for anticipating the future direction of chiropractic

The Habermas-Luhmann Debate Gorm Harste, 2021-10-29 Fifty years ago the two leading German philosophers and sociologists since the Second World War Jürgen Habermas and Niklas Luhmann embarked on a sweeping and contentious debate that would continue for decades Their coauthored 1971 book *Theory of Society or Social Technology* laid out their opposing positions on meaning communication consensus and dissent and ultimately the foundations of modern social thought Habermas and Luhmann would elaborate their disagreement in the years to come in a controversy whose aftershocks divided social theorists by presenting what appeared to be two fundamentally divergent views of the nature of society and what systems theory was capable of explaining This is the first book in English about one of the most important conflicts in social theory today Gorm Harste analyzes the Habermas Luhmann debate from its inception through Habermas's most recent works exploring issues such as methodology ideology truth history and politics He contextualizes their positions in terms of how each grappled with the legacy of Nazism and sought to provide grounding for an antitotalitarian politics Harste follows the evolution of the debate as the fundamental dispute over the normative and practical desirability of agreement and disagreement came to touch upon political questions including the rule of law the separation of powers human rights individualization and secularization Ultimately Harste emphasizes the convergence between Habermas and Luhmann and the pressing need for social theorists to further unite these two formative accounts of contemporary society
