Religious Experience Its Nature Types And Validity

Robert Samuel Thorpe

Religious Experience Its Nature Types And Validity:

Religious Experience Alan Coates Bouquet, 1968 The Rainbow of Experiences, Critical Trust, and God Kai-man Kwan, 2011-08-11 The question of whether religious experience can be trusted has been hotly debated in epistemology and philosophy of religion in recent years Kwan surveys this contemporary philosophical debate provides in depth analysis of the crucial issues and offer arguments for an affirmative answer to the above question Kwan first argues against traditional empiricist epistemologies and defends Swinburne's Principle of Credulity which holds that we should trust our experiences unless there are special considerations to the contrary The Principle of Credulity is renamed the Principle of Critical Trust to highlight the need for balance between trust and criticism and is used as the foundation for a new approach to epistemology the Critical Trust Approach CTA which maintains an emphasis on experience but attempts to break loose of the straitjacket of traditional empiricism by broadening the evidential base of experience Kwan then widens his focus by looking at theistic experience in the contemporary multicultural context **The Axial Age and Its Consequences** Robert N. Bellah, Hans Joas, 2012-10-31 This book makes the bold claim that intellectual sophistication was born worldwide during the middle centuries of the first millennium bce From Axial Age thinkers we inherited a sense of the world as a place not just to experience but to investigate envision and alter A variety of utopian visions emerged and led to both reform and repression

The Touch of God Charles R. Meyer, 2002-05-30 The most important matter of concern for theologians today as always is the existence of God Theologians of the past have relied upon rational proofs for God's existence especially those based on an analysis of contingency and causality These Thomistic proofs served their purpose in a culture that was permeated with philosophical orientations and metaphysical argumentation But such logical arguments seem to have lost their relevance in our technological age Many people today are looking to religion not so much for spiritual guidance counseling or psychotherapy as for some kind of experience of the mystery which is God Individuals seeking meaning and hope in their lives are not comforted by a God described as the Necessary Cause or Unmoved Mover Rather they seek to experience the presence of the personal and loving God of Biblical revelation and the Judeo Christian tradition They search for signs of the divine presence in their daily life experiences This problematic of identifying God's presence in an experience may necessitate the construction of an entirely new theological methodology radically different from the traditional one which proceeded largely by way of rational analysis Realizing this Father Meyer analyzes from the theological point of view the experience of God's presence in daily life and surveys the criteria and norms by which that experience can be identified as being of divine origin He also includes an analysis of the fundamental yet often forgotten role of the Holy Spirit in religious experience thereby exploring the basis of the current Pentecostal movement **Enigmatic If Not Ineffable** Robert Samuel Thorpe, 2019-05-23 Philosophy lends itself to thinking Certainly thought should pop into the philosopher's mind frequently and precipitate a mystical investigation of possibilities stimulating the imagination and provoking the cognitive machinery

Not only are there thoughts in this book but they are somewhat scattered among several subjects a tendency of philosophers With these words Samuel Thorpe challenges every reader and prospective scholar to exercise the mind and wonder about reality knowledge and values Learn from the masters and engage their ideas with fresh creative arguments Readers will be pleasantly surprised how quickly they will be addicted to the study of wisdom This book is ideal for students of all ages and people who wish to engage their thinking in new ways Each selection will hopefully provoke readers to consider some other ways to contemplate timeless issues of life that will be conducive to discussion and further reading of classical pieces of philosophy *The English Catalogue of Books Published from January, 1835, to January, 1863*, 1864 Religious Experience: Its Nature and Function in the Human Psyche Walter Houston Clark, 1973 **Conversion and Religious Experience** Oscar S. Kriebel, 1907 Religious Experience. Its Nature, Types and Validity ... Second Edition, Completely Revised Alan Coates BOUQUET, 1968 **Psychology of Religious Experience** Francis Lorette Strickland, 1924 The Philosophy of Religion George Galloway, 1914 Confident Identities, Connected Communities: Building Cohesion Through Shared Experiences Chan-hoong Leong, Clarence Lim, Helena Yixin Huang, 2023-11-17 This book aims to promote greater understanding of social cohesion amidst existing complexities of faith and identity and what it portends for our future Social cohesion defies easy definition yet every pursuit of social cohesiveness requires nurture patience and a consensus that it is germane to the success of any community Indeed challenges abound developments such as the COVID 19 pandemic evolving geopolitical tensions and a rise in access to technology impact social cohesion In such times it is pertinent to maintain on going conversations revolving around social cohesion to bridge the divides through diversity and technology This book continues to build on the conversations from the second edition of the International Conference of Cohesive Societies ICCS held from 6 8 September 2022 in Singapore Over 25 essays across three ICCS 2022 themes How Faith Can Bridge Divides Diversity and Technology present international and interdisciplinary perspectives in building confident identities and connected communities Artificial General Intelligence (AGI) and the Image of God Peter J. Bellini, 2023-09-19 Can artificial intelligence AI attain human level consciousness And if so should the church minister salvation to AI Through engaging philosophy of mind AI research the cognitive sciences neuroscience and theological anthropology Dr Bellini attempts to answer these questions The hypothesis is if the hard problem of consciousness can be solved and if human consciousness is replicable in AI then attaining artificial general conscious intelligence AGCI is possible and perhaps needs to be evangelized or disciplined as some claim On the contrary if the hard problem of consciousness cannot be solved and human consciousness is not replicable in AI then AGCI is not possible and it does not need to be evangelized And in either case how can the church begin a theological conversation with AI with its potential to match and exceed human intelligence and performance A theological position on consciousness and the image of God is proposed demonstrating the uniqueness of human consciousness in contrast with AI and artificial consciousness A thorough exposition of the image of God is offered to

serve as a cornerstone for any future conversation on a theological perspective of machines AI **The Expository Times**

James Hastings, Ann Wilson Hastings, Edward Hastings, 1915 *The Price of Morality* Pepita Haezrahi, 2020-07-20 Originally published in 1961 this book defines the specific traits and describes the concrete qualities of moral action It denotes the boundaries and discusses the conflicts which arise between the aims of moral goodness and those of pure religiosity personal and historic grandeur and creative excellence The theories of theologians like Barth and Brunner among others and the maximalist theories of Nietzsche and his disciples and certain existentialists are contrasted with Kant's essay on pure ethics

John Williamson Nevin Linden J. DeBie, 2023-09-21 John Williamson Nevin's life has never been given the full attention that it deserves That may be due in part to the controversial nature of his thinking Yet in many respects his enormous contribution to American religious history is acknowledged by those who have read him He stood out as the great advocate of evangelical catholicism and his call for a thorough examination of the place of the church in nineteenth century theology was revolutionary It was Nevin who first saw the threat to the church in the erosion of faith in the church as a divine institution sacramentally entrusted by God with the reclamation of the whole world an erosion that occurred well before the Civil War in the hypersubjectivity of Protestant America My Revision Notes: WJEC and Eduqas A level Religious Studies Philosophy of Religion Clare Lloyd, 2019-10-07 Target success in WJEC and WJEC Eduqas A level Religious Studies with this proven formula for effective structured revision key content coverage is combined with exam style tasks and practical tips to create a revision guide that you can rely on to review strengthen and test students knowledge With My Revision Notes every student can Plan and manage a successful revision programme using the topic by topic planner Consolidate subject knowledge by working through clear and focused content coverage Test understanding and identify areas for improvement with regular Now Test Yourself tasks and answers Improve exam technique through practice questions expert advice and examples of typical mistakes to avoid **Faith and Human Transformation** James Forsyth, 1997 This book proposes the parallel concept that authentic faith development both presupposes and facilitates authentic human development Thomas Aquinas posited a reciprocal relationship between nature and grace grace both presupposes or builds on nature and perfects nature Translated into developmental terms this would mean that religious and spiritual growth takes place on the foundation of healthy human growth and reciprocally the authentic religious development facilitates development towards the goals of authentic human growth This study attempts to investigate the validity of this reciprocal relationship as it applies to human and religious growth A dialogue is constructed between the views of four Christian thinkers Kierkegaard Barth Bultmann and Tillich on the dynamics of the Christian faith experience and four psychological theorists Allport and Frankl on the dynamics of human growth *Sustaining the Hope for Unity* Erin Brigham, 2012-05-01 What is unity and how does it serve as a goal for ecumenical dialogue How can churches ecumenical organizations ministers and theologians effectively approach this goal in the twenty first century Sustaining the Hope for Unity offers a methodological reflection on these

questions using insights of contemporary critical theory With particular attention to the work of Jürgen Habermas the book develops a framework for exchanging religious narratives in a postmodern context marked by pluralism and ambiguity Using this framework to address questions that have emerged out of the life of the World Council of Churches Sustaining the Hope for Unity argues that unity must be imagined eschatologically in order to achieve inclusive and non coercive dialogue between diverse Christian communities Looking ahead to ecumenism in the twenty first century it makes a case for the role of the WCC as a public space for the exchange of religious narratives *The Validity of the Religious Experience* George Alexander Barrow, 1917
