**Religion, Belief and Unbelief** Antoon Vergote, 2024-03-11 This book focuses attention on the central elements of human religious existence Vergote's primary aim and viewpoint are clear to examine empirically and to interpret dynamically the psychological factors at work in the field of religion Vergote consistently adheres to the position that psychology is neither philosophy nor theology and that its task is not to explain religion In this work he situates religion as a cultural fact and studies how persons orient themselves to it positively and or negatively Rather than emphasise and juxtapose belief and unbelief as alternative positions he sees them as threads of experiences interwoven throughout the human existence of persons and institutions In this context he studies motivations and their ambivalences religious experiences and their ambiguities conflicts between religious belief and unbelief and the various expressions and practices of religion

**Analytic Philosophy of Religion** James Franklin Harris, 2013-03-14 When Gene Long editor of Kluwer's Handbook of Contemporary Philosophy of Religion Series first invited me to write the volume on Analytic Philosophy of Religion I accepted with great enthusiasm My only explanation for that enthusiasm now is that I was younger and more naive at the time Soon after starting work on the volume my enthusiasm was dampened by the daunting magnitude of the task I began as a sprinter and quickly settled into the pace of a long distance runner Although I considered myself well read in the subject I soon discovered that I had a great deal of research to do to be confident that I had considered all of the major contributions to the various discussions issues and of religion As I read more and more problems found within analytic philosophy books and articles I realized that I had rushed into a territory already well trodden by the angels I am greatly impressed by the sophistication and subtlety of philosophical argument that characterize the different debates in contemporary analytic philosophy of religion This volume covers a vast amount of material I have endeavored to provide the fairest possible reading of different authors and in cases where I include my own critical evaluations and develop my own positions I have endeavored to provide the strongest possible interpretations of the positions I criticize
