## Religious Postures:

**Religious Postures** George Albert Wells, 1988 Sophisticated liberal Christians like to deride the crudities of Fundamentalism but are their own positions any more defensible

**The Psychology of Religious Behaviour, Belief and Experience** Benjamin Beit-Hallahmi, Michael Argyle, 2014-03-18 Because society is increasingly secular it may seem irrelevant to consider the psychology of religion But the diversity of our multi ethnic and multi cultural society in fact makes religion more important to the social sciences than it has ever been before What are the social consequences of religion Every day the news is full of events that can be blamed on religion perpetrated by a range of groups from whole societies to individuals Beit Hallami and Argyle are renowned for their clear analytical approach to topics and this new state of the art study of psychology and religion is no exception It will be welcomed as an update to their previous work in the area by social psychologists sociologists and theologians worldwide

**The Psychology of Religious Mysticism** James Henry Leuba, 1925 *The Sacred Books of the East: Gajna Sutras, pt. 1*, 1884 *The Body in Religion* Yudit Kornberg Greenberg, 2017-12-14 The Body in Religion Cross Cultural Perspectives surveys influential ways in which the body is imagined and deployed in religious practices and beliefs across the globe Filling the gap for an up to date and comparative approach to theories and practices of the body in religion this book explores the cultural influences on embodiment and their implications for religious institutions and spirituality Examples are drawn from religions such as Jainism Confucianism Daoism Shintoism Paganism Aboriginal African and Native American religions in addition to the five major religions of the world Topics covered include Gender and sexuality Female modesty and dress codes Circumcision and menstruation rituals God language and erotic desire Death dying and burial rites Disciplining the body through prayer yoga and meditation Feasting and fasting rituals Illustrated throughout with over 60 images The Body in Religion is designed for course use in religious studies as well as interdisciplinary courses across the humanities and the social sciences Further online resources include a sample syllabus

**Sacred Books of the East**, 1884 *A Plea for Embodied Spirituality* Fraser Watts, 2022-07-07 The body is crucial to religious life but there has been little practical attention given to how to make a helpful reality of this fact Strong forms of philosophical dualism have been widely abandoned by post war theologians in favour of a more integrated view of human nature but guidance on the role of the body in Christian spirituality remains fragmentary Focusing particularly on drawing out practical implications for religious life and ministry this book surveys the many ways in which the body plays an important role in religious and spiritual life drawing on scientific research theology and philosophy

**Jaina Sutras (Complete)** Hermann Jacobi, 2020-09-28 The origin and development of the Gajna sect is a subject on which some scholars still think it safe to speak with a sceptical caution though this seems little warranted by the present state of the whole question for a large and ancient literature has been made accessible and furnishes ample materials for the early history of the sect to all who are willing to collect them Nor is the nature of these materials such as to

make us distrust them We know that the sacred books of the Gainas are old avowedly older than the Sanskrit literature which we are accustomed to call classical Regarding their antiquity many of those books can vie with the oldest books of the northern Buddhists As the latter works have successfully been used as materials for the history of Buddha and Buddhism we can find no reason why we should distrust the sacred books of the Gainas as an authentic source of their history If they were full of contradictory statements or the dates contained in them would lead to contradictory conclusions we should be justified in viewing all theories based on such materials with suspicion But the character of the Gaina literature differs little in this respect also from the Buddhistical at least from that of the northern Buddhists How is it then that so many writers are inclined to accord a different age and origin to the Gaina sect from what can be deduced from their own literature The obvious reason is the similarity real or apparent which European scholars have discovered between Gainism and Buddhism Two sects which have so much in common could not it was thought have been independent from each other but one sect must needs have grown out of or branched off from the other This priori opinion has prejudiced the discernment of many critics and still does so In the following pages I shall try to destroy this prejudice and to vindicate that authority and credit of the sacred books of the Gainas to which they are entitled We begin our discussion with an inquiry about Mah v ra the founder or at least the last prophet of the Gaina church It will be seen that enough is known of him to invalidate the suspicion that he is a sort of mystical person invented or set up by a younger sect some centuries after the pretended age of their assumed founder The Gainas both Svet mbaras and Digambaras state that Mah v ra was the son of king Siddh rtha of Kundapura or Kundagr ma They would have us believe that Kundagr ma was a large town and Siddh rtha a powerful monarch But they have misrepresented the matter in overrating the real state of things just as the Buddhists did with regard to Kapilavastu and Suddhodana For Kundagr ma is called in the k r \_ga S tra a samnivesa a term which the commentator interprets as denoting a halting place of caravans or processions

**Beyond Theodicy** Sarah K. Pinnock,2012-02-01 Beyond Theodicy analyzes the rising tide of objections to explanations and justifications for why God permits evil and suffering in the world In response to the Holocaust striking parallels have emerged between major Jewish and Christian thinkers centering on practical faith approaches that offer meaning within suffering Author Sarah K Pinnock focuses on Jewish thinkers Martin Buber and Ernst Bloch and Christian thinkers Gabriel Marcel and Johann Baptist Metz to present two diverse rejections of theodicy one existential represented by Buber and Marcel and one political represented by Bloch and Metz Pinnock interweaves the disciplines of philosophy of religion post Holocaust thought and liberation theology to formulate a dynamic vision of religious hope and resistance

*Religious Behaviour* Michael Argyle,2006-05-17 No study of religious practice ancient or modern is complete without reference to the work of sociologists on religious practice The volumes in The Sociology of Religion set of the International Library of Sociology explore the social economic and behavioural contexts of religious activity

**Healthy Religion** Walter Kania,2006-07-26 Dr Jacob Bronowski in his book and PBS documentary series entitled The Ascent of Man

spoke of unhealthy religion when he stood before the ashes of his relatives at the Auschwitz crematorium He said This is how men behave when they believe they have absolute knowledge People seek simple answers and absolute knowledge but anyone or any religion that claims absolute knowledge or absolute and infallible religious sources and tells people what to think is a clear carrier and manifestation of unhealthy religion Is Healthy Religion an oxymoron or is it achievable in one s life This research based document provides you with the means for identifying what is healthy and what is unhealthy in religion You may be surprised to discover that what you believe and the manner in which you practice your religion may be more a function of your personality than of your religion in the way in which your personality attaches itself and expresses itself in your religion Literal dogmatic religious postures of fundamental and evangelical groups are manifestations of close minded authoritarianism They also reflect militant and extremist dictates for one to follow The manipulation and mind control methods of fear guilt and shame used with people to secure membership and provide group consensus in belief violate the very essence of religion and the basic foundations of what is Healthy Religion Certain attributes of healthy personality produce healthy religion and healthy religion promotes healthy personality You will uncover the ingredients and characteristics of both in this book Visit his website [walterkaniaphd.com](http://walterkaniaphd.com)

**Materiality and the Study of Religion** Tim Hutchings, Joanne McKenzie, 2016-12-01 Material culture has emerged in recent decades as a significant theoretical concern for the study of religion This book contributes to and evaluates this material turn presenting thirteen chapters of new empirical research and theoretical reflection from some of the leading international scholars of material religion Following a model for material analysis proposed in the first chapter by David Morgan the contributors trace the life cycle of religious materiality through three phases the production of religious objects their classification as religious or non religious and their circulation and use in material culture The chapters in this volume consider how objects become and cease to be sacred how materiality can be used to contest access to public space and resources and how religion is embodied and performed by individuals in their everyday lives Contributors discuss the significance of the materiality of religion across different religious traditions and diverse geographical regions paying close attention to gender age ethnicity memory and politics The volume closes with an afterword by Manuel V squez

**The Meaning of My Neighbor's Faith** Laura E. Alexander, Alexander Y. Hwang, 2018-12-17 The Meaning of My Neighbor s Faith addresses two of the most critical challenges of our time immigration and religious diversity The diverse group of contributors representing a variety of religious traditions disciplines and methodologies explore the meaning of my neighbor s faith in the age of migration Each author reflects on the meaning of religious traditions in the context of the unprecedented migrations of people who look and believe differently than their hosts The volume is the work of scholars dedicated to advancing religious understanding of the debate and discussions on immigration in the light of religious diversity in America and other places in the world *Jaina Sutras* Cowell, 1989

tension that affect Muslim and Christian interaction within the Central Asian context It looks at the ways that Christians have interacted with Central Asian Muslims in the past and discusses what might need to be done to improve Muslim Christian relations in the region in the present and future Since the time that Nestorian Christian missionaries traveled eastward from Asia Minor along the Silk Road and Islamic cultures came to the region in the 7th century Christians and Muslims have shared a unique relationship in a fascinating cultural milieu Under the reigns of various conquerors Czars Soviets and modern nationalist strong men the ever changing political and economic situation of these former Soviet Republics has dramatically affected the ways that Muslims and Christians have practiced their faith Today as Muslims and Christians work to stabilize their interactions they face new challenges because of the activities of Protestant Christian and Islamist missionaries who are flooding into Central Asia as never before The book corrects common misunderstandings of Central Asia as a cultural backwater and is a valuable introduction to Muslim and Christian interactions in one of the most quickly changing regions of the globe It will appeal to readers interested in Muslim Christian interaction and for researchers in the field of World Religions Central Asian Studies and Intercultural Studies     *The Sacred Books of the East* ,1884

appeal of the shamanic revival in modern Western cultures Theological Book Review A case study in experiential anthropology that offers a unique mix of autobiography mythology experiential research and archaeological data to support a challenging thesis that certain body postures may help induce specific trance states Shaman s Drum This is a spellbinding and exceptionally readable book by an extraordinary woman Yoga Journal Modernity and Religion William Nicholls,1988-02-08 It would be possible to argue writes William Nicholls that the pivotal subject of debate among theologians for the past two hundred years has been the relationship between modernity and the Christian tradition What is modernity a philosophical outlook or a set of ideas What is modernization a social process Is modernity the same as secularity as many theologians and sociologists in the West believe Is the impact of modernity weakening religious traditions Are the responses of non Western religious traditions to modernity similar to Western ones or are they distinctive indigenous adaptations to the same world wide development These are the kinds of concerns the interdisciplinary group of scholars addresses in this volume Contributors include Moshe Amon Utopias and Counter Utopias Alan Davies The Rise o Racism in the Nineteenth Century Symptom of Modernity Robert Ellwood Jr Modern Religion as Folk Religion Irving Hexham Modernity or Reaction in South Africa The Case of Afrikaner Religion Shotaro Iida Japanese New Religions Shelia McDonough modernity in Islamic Persepctive William Nicholls Immanent Transcendence Spirituality in a Scientific and Critical Age K Dad Prithipaul Modernity and Religious Studies Tom Sinclair Faulkner Caution Moralists at Work Huston Smith Can Modernity Accommodate Transcendence and John Wilson Modernity and Religion A Problem of Perspective Religion in Process Johannes A. van der Ven,2020-10-19 This book argues that contemporary Christianity is in crisis because freedom of religion is concealed and under pressure by secularization and migration A drastic change is necessary in the Catholic Church at first from a God given hierarchical structure to a democratic religion that rests on human dignity and human rights The text conveys that such a change that should happen from within will put an end to challenges such as in Catholicism where outside human rights are promoted but from inside a different story is told Cultural change in religion is also covered with the move from centuries old dictates to the reasonable justification of freedom of experiences symbols rituals and inter religious intercourse as well as the cross communication between believers and non believers alike This approach makes religion an as yet unfinished religion The text appeals to researchers and academics working in human rights and religion
