Remaking The Agrarian Dream:

Remaking the Agrarian Dream Brian Quayle Cannon,1992 Making a Modern U.S. West Sarah Deutsch,2022

Making a Modern U S West surveys the history of the U S West from 1898 to 1940 centering what is often relegated to the margins in histories of the region the flows of people capital and ideas across borders *Back to the Land* C. J

Maloney,2011-02-23 How New Deal economic policies played out in the small town of Arthurdale West Virginia Today the U S government is again moving to embrace New Deal like economic policies While much has been written about the New Deal from a macro perspective little has been written about how New Deal programs played out on the ground In *Back to the Land* author CJ Maloney tells the true story of Arthurdale West Virginia a town created as a pet project of the Roosevelts Designed to be in the words of Eleanor Roosevelt a human experiment station she was to create a New American citizen who would embrace a collectivist form of life This book tells the story of what happened to the people resettled in Arthurdale and how the policies implemented there shaped America as we know it Arthurdale was the foundation upon which modern America was built Details economic history at the micro level revealing the true effects of New Deal economic policies on everyday life Addresses the pros and cons of federal government economic policies Describes how good intentions and grand ideas can result in disastrous consequences not only in purely materialistic terms but most important in respect for the rule of law *Back to the Land* is a valuable addition to economic and historical literature **The New Deal and Beyond** Elna C. Green,2003

economy leaving residents poverty stricken First Lady Eleanor Roosevelt urged President Roosevelt to take radical action to help those hit hardest Appalachian miners and mill workers stranded after factories closed city dwellers with no hope of getting work farmers whose land had failed They set up government homesteads in rural areas across the country an experiment in cooperative living where people could start over To boost morale and encourage the homesteaders to find community in their own traditions the administration brought in artists to lead group activities including folk music As part of a music unit led by Charles Seeger father of Pete staffer Sidney Robertson traveled the country to record hundreds of folk songs Music leaders most notably Margaret Valiant were sent to homesteads to use the collected songs to foster community and cooperation Working almost entirely and purposely under the radar the music unit would collect more than 800 songs and operate for nearly two years until they were shut down under fire from a conservative coalition in Congress that deemed the entire homestead enterprise dangerously socialistic Despite its early demise the music unit proved that music can provide hope and a sense of belonging even in the darkest times It also laid the groundwork for the folk revival that followed seeing the rise of artists like Woody Guthrie Pete Seeger Odetta and Bob Dylan Award winning author and Harvard trained American music scholar Sheryl Kaskowitz has had the unique opportunity to listen to the music unit's entire collection of recordings and examine a trove of archival materials some of which have never been made available to the public A Chance To Harmonize reveals this untold story and will delight readers with the revelation of a new and previously undiscovered chapter in American cultural history
