Developments in Aging, 1992: No distinctive title ,1993 Remembering the Past in Nineteenth-Century Scotland James Coleman, 2014-07-16 At a time when the Union between Scotland and England is once again under the spotlight *Remembering the Past in Nineteenth Century Scotland* examines the way in which Scotland s national heroes were once remembered as champions of both Scottish and British patriotism Whereas current popular orthodoxy claims that 19th century Scotland was a mire of sentimental Jacobitism and kow towing unionism this book shows that Scotland s national heroes embodied a consistent expressive and robust view of Scottish nationality From the potent legacy of William Wallace and Robert the Bruce through the controversial figure of the reformer John Knox to the largely neglected religious radicals the Covenanters these heroes once played a vital role in the formation of the virtues that made 19th century Britain great Examined through the prism of commemoration this book uncovers a reading of Scotland s past entirely opposed to the now dominant narratives of medieval proto nationalism and Calvinist misery Lifelong Learning for an Aging Society ,1991

Senate Report No. 105-36, 105-1 ,1997 *Remembering Histories of Trauma* Gideon Mailer, 2022-03-24

Remembering Histories of Trauma compares and links Native American First Nation and Jewish histories of traumatic memory Using source material from both sides of the Atlantic it examines the differences between ancestral experiences of genocide and the representation of those histories in public sites in the United States Canada and Europe Challenging the ways public bodies have used those histories to frame the cultural and political identity of regions states and nations it considers the effects of those representations on internal group memory external public memory and cultural assimilation Offering new ways to understand the Native Jewish encounter by highlighting shared critiques of public historical representation Mailer seeks to transcend historical tensions between Native American studies and Holocaust studies In linking and comparing European and American contexts of historical trauma and their representation in public memory this book brings Native American studies Jewish studies early American history Holocaust studies and museum studies into conversation with each other In revealing similarities in the public representation of Indigenous genocide and the Holocaust it offers common ground for Jewish and Indigenous histories and provides a new framework to better understand the divergence between traumatic histories and the ways they are memorialized **Remembering Cold Days** Arpad von Klimó, 2018-11-06 Between three and four thousand civilians primarily Serbian and Jewish were murdered in the Novi Sad

massacre of 1942 Hungarian soldiers and gendarmes carried out the crime in the city and surrounding areas in territory Hungary occupied after the German attack on Yugoslavia The perpetrators believed their acts to be a contribution to a new order in Europe and as a means to ethnically cleanse the occupied lands In marked contrast to other massacres the Horthy regime investigated the incident and tried and convicted the commanding officers in 1943-44 Other trials would follow During the 1960s a novel and film telling the story of the massacre sparked the first public open debate about the Hungarian Holocaust This book examines public contentions over the Novi Sad massacre from its inception in 1942 until the final trial in 2011 It demonstrates how attitudes changed over time toward this war crime and the Holocaust through different political regimes and in Hungarian society The book also views how the larger European context influenced Hungarian debates and how Yugoslavia dealt with memories of the massacre

Remembering War J. M. Winter, 2006-01-01 This is a masterful volume on remembrance and war in the twentieth century Jay Winter locates the fascination with the subject of memory within a long term trajectory that focuses on the Great War Images languages and practices that appeared during and after the two world wars focused on the need to acknowledge the victims of war and shaped the ways in which future conflicts were imagined and remembered At the core of the memory boom is an array of collective meditations on war and the victims of war Winter says The book begins by tracing the origins of contemporary interest in memory then describes practices of remembrance that have linked history and memory particularly in the first half of the twentieth century The author also considers theaters of memory film television museums and war crimes trials in which the past is seen through public representations of memories The book concludes with reflections on the significance of these practices for the cultural history of the twentieth century as a whole

The Routledge History of Death since 1800 Peter N. Stearns, 2020-10-13 The Routledge History of Death Since 1800 looks at how death has been treated and dealt with in modern history the history of the past 250 years in a global context through a mix of definite often quantifiable changes and a complex qualitative assessment of the subject The book is divided into three parts with the first considering major trends in death history and identifying widespread patterns of change and continuity in the material and cultural features of death since 1800 The second part turns to specifically regional experiences and the third offers more specialized chapters on key topics in the modern history of death Historical findings and debates feed directly into a current and prospective assessment of death as many societies transition into patterns of ageing that will further alter the death experience and challenge modern reactions Thus a final chapter probes this topic by way of introducing the links between historical experience and current trajectories ensuring that the book gives the reader a framework for assessing the ongoing process as well as an understanding of the

past Global in focus and linking death to a variety of major developments in modern global history the volume is ideal for all those interested in the multifaceted history of how death is dealt with in different societies over time and who want access to the rich and growing historiography on the subject Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
