Leon, 2007-11-20 This is a love story based on events that occurred in my life more than fifty years ago Some of the names have been changed and some events may have been diminished or embellished while recalling things that happened when writing the story The story is based on recollections of actual experiences I had It is a story filled with discovery joy and the innocence of teenage years back in the fiftys It also shows how those years became the building blocks of a lifetime The motivation for writing this came from an extraordinary thing that happened to me in the Spring of 2006 that stirred my memory and caused me to recall with clarity what I had so long ago buried in my subconscious mind I met a person who became a good friend but more importantly she reawakened everything I had discovered in that one magical summer back in 1954 Looking back as an adult fifty years later made me realize that there is symmetry in life but many people never take the time to see it This all started for me when we returned from our Winter Condo in Boca Raton Florida in April of 2006 As per my usual morning routine I continued to awaken early and go over to Starbucks to sit and have my morning cup of Decaf Americano I'd sit there and read the Daily News or the New York Times and chat with some fascinating people I had met who'd become friends in the several years since I retired One particular April morning I came in and they had a new person in charge of the morning shift working there From the moment I saw her I could not stop looking at her

There was something instantly so familiar about her but I wasn't able to see exactly what it was initially. When I made the connection with what it was, it hit me like a ton of bricks. After we were introduced, we began chatting briefly, but the more we made small talk, the less I actually heard what she was saying as memories of my past flooded back. All of a sudden, I was fifteen years old again. I knew then I had to sit down and somehow get this written. I also knew I would at some point have to share this amazing story with her if or when I got to know her better. It was interesting recalling my early childhood and the events that brought me to that wonderful summer of discovery and falling in love for what I believed then to be the first and last time in my life. That summer held some of the keys to the person I would become as I grew up and dealt with life at all ages.

Most every mother parent has a few things tucked away to remind them of the earliest days of their child's life. Their hospital bracelet, the outfit they wore home from the hospital, a special blanket, sleep toy, lock of hair, and other such treasures. That's not even taking into consideration the pile of papers, art projects, award certificates, and ribbons, and even a few crumbling salt and flour maps, right? But let's face it, there comes a time when you want to pare down the treasures you've accumulated throughout your lifetime. This is especially true if like me, you have a large family, because a large family equals a lot of stuff. So what's a parent to do with these childhood treasures without seeming cold and unfeeling? Give them back to their original owner, that's what. Give them back in a keep forever treasure box. Creating a keep forever treasure box is just a fancy way of saying it is okay to sort through all those memories, keep those that are the most meaningful, pitch the rest, and get them out of your house. I mean, gift them to your children. It's also a whole lot of fun making your laugh, smile, and even shed a few tears as you stroll down memory lane. So grab a glass of iced tea, sit back, and relax, and prepare to be inspired to create a keep forever treasure chest for the most special people in your life.

The End of Memory Miroslav Volf, 2006. Can one forget atrocities? Should one forgive abusers? Ought we not hope for the final reconciliation of all the wronged and all wrongdoers alike, even if it means spending eternity with perpetrators of evil? We live in an age when it is generally accepted that past wrongs, genocides, terrorist attacks, and personal injustices should be constantly remembered. But Miroslav Volf here proposes the radical idea that letting go of such memories after a certain point and under certain conditions may actually be the appropriate course of action. While agreeing with the claim that to remember a wrongdoing is to struggle against it, Volf notes that there are too many ways to remember wrongly, perpetuating the evil committed rather than guarding against it. In this way, the just sword of memory often severs the very good it seeks to defend. He argues that remembering rightly has implications not only for the individual but also for the wrongdoer and for the larger community. Volf's personal stories of persecution offer a compelling backdrop for his search for theological resources to make memories a wellspring of healing rather than a source of deepening pain and animosity. Controversial, thoughtful, and incisively reasoned, The End of Memory begins a conversation hard to ignore.
