Paris on the Potomac Cynthia R. Field, Isabelle Gournay, Thomas P. Somma, 2013-02-04 In 1910 John Mervin Carr re a Paris trained American architect wrote Learning from Paris made Washington outstanding among American cities The five essays in Paris on the Potomac explore aspects of this influence on the artistic and architectural environment of Washington D C which continued long after the well known contributions of Peter Charles L. Enfant the transplanted French military officer who designed the city's plan Isabelle Gournay's introductory essay provides an overview and examines the context and issues involved in three distinct periods of French influence the classical and Enlightenment principles that prevailed from the 1790s through the 1820s the Second Empire style of the 1850s through the 1870s and the Beaux Arts movement of the early twentieth century William C. Allen and Thomas P. Somma present two case studies Allen on the influence of French architecture especially the Halle aux Blés on Thomas Jefferson's vision of the U.S. Capitol and Somma on David d'Angers's busts of George Washington and the Marquis de Lafayette Liana Paredes offers a richly detailed examination of French inspired interior decoration in the homes of Washington's elite in the late nineteenth and early twentieth centuries Cynthia R. Field concludes the volume with a consideration of the influence of Paris on city planning in Washington D.C. including the efforts of the McMillan Commission and the later development of the Federal Triangle complex The essays in this collection the latest addition to the series Perspectives on the Art and Architectural History of the United States Capitol originated in a conference held by the U.S. Capitol Historical Society in 2002 at the French Embassy's Maison Française

**How the Child's Mind Develops** David Cohen, 2002 Grade level 10 11 12 is t **The Harold Project** Judy Canter, 2023-07-13 Harold was born with the ability to connect to the ancient life energy lost by humans because of their selfish materialistic behaviors He grows up supported by gnomes sent by Mother Earth to help humans reconnect to life energy and stop their destructive actions that are killing the earth So he starts growing vegetables that people say give them peace and harmony after consuming them But are these vegetables magical Harold surrounds himself with his gardens seldom emerging until his wife is taken from him by the Guardians and an evil force tries to kill him Suddenly he starts to care about the future of the earth and works to help people reconnect and care about their futures The Guardians come to earth to help humans understand the consequences of their actions reconnect with the life energy and heal the earth But most humans resist The earth is dying and time is running out for humans Will they care enough to heal the earth or will life continue without them

**Type of Beauty** Patricia O'Reilly, 2012-08-20 A Type of Beauty is the dramatised account of the life of Kathleen Newton 1854 1882 whose love affair with French artist Jacques Tissot scandalised Victorian society A sweeping story set in London Agra Bombay and Paris it brings to life the sights scents and emotional landscape of the Victorian era When Kate Kelly beautiful and feisty travels to India to marry a man she has never seen she considers her life is over But little does she know it is just beginning She ends up back in London with an unconsummated marriage a pending divorce and is pregnant by a man she despises Despite the awfulness of her situation she never loses hope of finding happiness which she does while holidaying in Paris with her sister When she meets the sensual French artist Jacques Tissot it is love at first sight for both of them But complications test their love for each other until destiny steps in A Type of Beauty was awarded Historical Novel Society's Editor's Choice Praise for A Type of Beauty In this one of the great romances of the Victorian era Patricia O'Reilly has brought to life a past that is at once vivid and utterly credible A joy to read Christine Dwyer Hickey Patricia O'Reilly has woven a truly intriguing story I was fascinated by this life of an unconventional woman who lived exactly as she wanted to despite society's disapproval Lucinda Hawksley An engaging and illuminating exploration of the intersection of these Irish English Indian and French worlds in the intriguing tragic and very modern relationship of Jacques Tissot and Kathleen Newton Carlo Gebler A beguiling tale and an imaginative melange of historical characters with a sharp insight into women's lives Kate's story is most compelling and this an altogether fine literary accomplishment by Patricia O'Reilly Mary Kenny

**Against the Spirit of System** John Harley Warner, 2003-11-12 In this wide ranging exploration of American medical culture John Harley Warner offers the first in depth study of a powerful intellectual and social influence the radical empiricism of the Paris Clinical School After the French Revolution Paris emerged as the most vibrant center of Western medicine bringing fundamental changes in understanding disease and attitudes toward the human body as an object of scientific knowledge Between the 1810s and the 1860s hundreds of Americans studied in Parisian hospitals and dissection rooms and then applied their new knowledge to advance their careers at home and reform American medicine By reconstructing their experiences and interpretations by comparing American with English depictions of French medicine and by showing how American memories of Paris shaped the later reception of German ideals of scientific medicine Warner reveals that the French impulse was a key ingredient in creating the modern medicine American doctors and patients live with today Impressed by the opportunity to learn through direct hands on physical examination and dissection many

American students in Paris began to decry the elaborate theoretical schemes they held responsible for the degraded state of American medicine. These reformers launched an empiricist crusade against the spirit of system which promised social economic and intellectual uplift for their profession. Using private diaries, family letters and student notebooks and exploring regionalism, gender and class, Warner draws readers into the world of medical Americans while investigating tensions between the physician's identity as scientist and as healer. **French Life in Town and Country** Hannah Lynch, 1901

*The History of Medical Education in Britain*, 2020-01-29 Professional education forms a key element in the transmission of medical learning and skills in occupational solidarity and in creating and recreating the very image of the practitioner. Yet the history of British medical education has hitherto been surprisingly neglected. Building upon papers contributed to two conferences on the history of medical education in the early 1990s, this volume presents new research and original synthesis on key aspects of medical instruction, theoretical and practical, from early medieval times into the present century. Academic and practical aspects are equally examined and balanced attention is given to different sites of instruction, be it the university or the hospital. The crucial role of education in medical qualifications and professional licensing is also examined, as is the part it has played in the regulation of the entry of women to the profession. Contributors are Juanita Burnby, W F Bynum, Laurence M Geary, Faye Getz, Johanna Geyer Kordesch, S W F Holloway, Stephen Jacyna, Peter Murray Jones, Helen King, Susan C Lawrence, Irvine Loudon, Margaret Pelling, Godelieve Van Heteren and John Harley Warner. **French Medical Culture**

**in the Nineteenth Century**, 2020-01-29 The eleven essays in this volume illustrate the richness, complexity and diversity of French medical culture in the nineteenth century, a period that witnessed the medicalization of French society. Medical themes permeated contemporary culture and politics, and medical discourse infused many levels of French society, from the bastions of science, the medical faculties and research institutions to novels, the theater and the daily lives of citizens as patients. The contributors to this volume, all established scholars in the history of medicine, present the French medical experience from the point of view of both practitioners and patients and show how medical themes colored popular perceptions and shaped public policies. Topics addressed range from popular medicine to elite Parisian medicine, the interaction of literary and medical discourse, social theater, medical research and practice, medical specialization and education. The essays reflect current trends of medico-historical analysis which emphasize the centrality of class, race and gender in understanding concepts of disease and the practice of medicine. They show how the medical experience of patients, practitioners, students and researchers varied according to social class, gender and geography and the importance of these factors for the construction of disease. **Black 1968** Timothy H. Parsons, 2025-02-25 Initially the 1960s was a time of understandable optimism. The civil rights movement and the legislation it inspired suggested an end to institutionalized racism in the United States, while in the Global South the emergence of independent states anticipated political liberation and increased prosperity. So when racial discrimination, entrenched privilege, cold war politics and fiscal reality dashed these

hopes later in the decade the world experienced a wave of protests. Conventional narratives of 1968 focus on student strikes, revolutions and coups, assassinations and the reactionary backlash that they inspired. The chapters of *Black 1968* reveal the imperfectly documented and heretofore unrecognized bonds that led peoples of African descent around the world to articulate new global conceptions of Blackness as a way to mount local challenges to racism, segregation, colonialism, economic exploitation, generational authority and cultural chauvinism. This book will be of interest to general readers interested in the global 1968 as well as scholars of Blackness and global history.

**From Rogue to Everyman** Laurence L. Bongie, 2004-11-18. Julie knew intimately the sights, sounds and smells of the French capital: its Opera and playhouses, law courts, narrow, dirty streets, hackney coaches, great houses, low taverns and splendid public gardens. Working first as an informer and later as a police officer, he came to know only too well the activities of the capital's rakes, thieves, loan sharks, pickpockets, confidence men, blackmailers, crooked gamblers and rowdy, bullying soldiers, not to mention its twenty or thirty thousand prostitutes, all closely watched by as many as three thousand government spies. And the eighteenth-century world's most invasive police network. Julie established close contacts with a number of the capital's leading *maquerelles* as well as their distinguished clients, and his underground news sheets, lifted mainly from secret vice squad reports, provided a restricted circle of wealthy subscribers with racy accounts of the town's sexual dalliances. His story ends in the dreaded Bastille. Extensive quotations from Julie's writings trace the moral itinerary of a clever, manipulating, roguish, spirited liar, thief, poetaster and libertine.

*Beyond Plague Urbanism* Andy Merrifield, 2023-06. Our cities have been plagued by economic injustices and inequalities long before COVID-19 upended urban life everywhere. *Beyond Plague Urbanism* delves into this zone of urban pathology and asks what successive lockdowns and exoduses, remote work and small-business collapse, redundant office space and unaffordable living space portend for our society in cities. Andy Merrifield journeys intercontinentally as he reflects on these questions in a narrative that moves imaginatively between plague and populist politics: the U.S. Main Street and the British High Street, overcrowding and undercrowding, the right to the city today and eco-cities of tomorrow. Blending jazz with French Surrealism, Thomas Pynchon's rocket science with the odyssey of James Joyce, Henri Lefebvre's Marxism with the street ballets of Jane Jacobs, this challenging book appears at a timely moment in our fraught political history and opens up an urgent humanist conversation about the future of city life.
