Do What Thou Wilt Lawrence Sutin, 2014-07-08 Do What Thou Wilt An exploration into the life and works of a modern mystic occultist poet mountaineer and bisexual adventurer known to his contemporaries as The Great Beast Aleister Crowley was a groundbreaking poet and an iconoclastic visionary whose literary and cultural legacy extends far beyond the limits of his notoriety as a practitioner of the occult arts Born in 1875 to devout Christian parents young Aleister's devotion scarcely outlived his father who died when the boy was twelve He reached maturity in the boarding schools and brothels of Victorian England trained to become a world class mountain climber and seldom persisted with any endeavor in which he could be bested Like many self-styled illuminati of his class and generation the hedonistic Crowley gravitated toward the occult An aspiring poet and a pampered wastrel obsessed with reconciling his quest for spiritual perfection and his inclination to do exactly as he liked in the earthly realm Crowley developed his own school of mysticism Magick as he called it summoned its users to embrace the imagination and to glorify the will Crowley often explored his spiritual yearnings through drug-saturated vision quests and rampant sexual adventurism but at other times he embraced Eastern philosophies and sought enlightenment on ascetic sojourns into the wilderness This controversial individual a frightening mixture of egomania and self-loathing has inspired passionate but seldom fair assessments from historians Lawrence Sutin by treating Crowley as a cultural phenomenon and not simply a sorcerer or a charlatan convinces skeptic readers that the self-styled Beast remains a fascinating study in how one man devoted his life to the subversion of the

dominant moral and religious values of his time *Journal for the Academic Study of Magic* 2 Dave Evans, Various, 2004-05

This volume is a multidisciplinary peer reviewed print publication covering all areas of magic witchcraft paganism and all geographical regions and all historical periods **Remembering Satan** Lawrence Wright, 1995-04-25 From the Pulitzer Prize winning author of *The Looming Tower* comes the most powerful and disturbing true crime narrative to appear since Truman Capote's *In Cold Blood* TIME a case that destroyed a family engulfed a small town and captivated an America obsessed by rumors of a satanic underground In 1988 Ericka and Julie Ingram began making a series of accusations of sexual abuse against their father Paul Ingram who was a respected deputy sheriff in Olympia Washington At first the accusations were confined to molestations in their childhood but they grew to include torture and rape as recently as the month before At a time when reported incidents of recovered memories had become widespread these accusations were not unusual What captured national attention in this case is that under questioning Ingram appeared to remember participating in bizarre satanic rites involving his whole family and other members of the sheriff's department As *Remembering Satan* follows the increasingly bizarre accusations and confessions the claims and counterclaims of police FBI investigators and mental health professionals it gives us what is at once a psychological detective story and a domestic tragedy about what happens when modern science is subsumed by our most archaic fears **The Eloquent Blood** Manon Hedenborg White, 2020 The *Eloquent Blood* focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon A central deity in Thelema the religion founded by the notorious British occultist Aleister Crowley 1875-1947 Babalon is based on Crowley's favorable reinterpretation of the biblical Whore of Babylon and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence Combining research on historical and contemporary Western esotericism with feminist and queer theory the book sheds light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements [Magic and Witchery in the Modern West](#) Shai Feraro, Ethan Doyle White, 2019-06-26 This book marks twenty years since the publication of Professor Ronald Hutton's *The Triumph of the Moon* a major contribution to the historical study of Wicca Building on and celebrating Hutton's pioneering work the chapters in this volume explore a range of modern magical occult and Pagan groups active in Western nations Each contributor is a specialist in the study of modern Paganism and occultism although differ in their embrace of historical anthropological and psychological perspectives Chapters examine not only the history of Wicca the largest and best known form of modern Paganism but also modern Pagan environmentalist and anti nuclear activism the Pagan interpretation of fairy folklore and the contemporary Traditional Witchcraft phenomenon **Magia Sexualis** Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in

the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet
