Tarin Chaplin,1988-12-15 Dance improvisation the intriguing phenomenon of the creative process alive in the moving

body exists powerfully sublimely lending insight solving problems allowing moments of transcendence diversion and delight Flourishing especially since the postmodern movement of the 1960s it has come into its own in the performing arts While there are many books containing ideas for developing improvisations few have tackled the difficult questions What is dance improvisation How does it work or What is its body of knowledge The Moment of Movement goes beyond lists of improvisations and into the heart of improvising As in their previous book The Intimate Act of Choreography the authors pursue both the philosophical and the practical They begin by examining the creative process as it applies to movement and especially the kinesthetic way in which the body knows and uses movement They answer the often unstated and pertinent questions of the novice investigate the particular skills and traits needed by the leader consider ways of working with specific populations and provide challenging material for advanced movers They discuss the use of music and the specific situation of improvisation in performance For leaders who want to design their own improvisations they trace the evolution of an idea into an actual content and structure They also address the controversial issue of the legitimacy of improvisation in an academic curriculum A final chapter presents hundreds of improvs and improv ideas grouped into units and cross referenced The Moment of Movement is not tied to any one point of view The authors presentation of a broad range of material is flexible enough for use by choreographers directors educators and therapists In its perceptive investigation of the experiential and conceptual aspects of dance improvisation this book articulates the ephemeral [Forthcoming Books](#) Rose Army,1997-04 [The Borders of Normal](#) Manuel Matas, M.D.,2017-08-10 DREAMS THAT COME TRUE TELEPATHY ESP VISIONS PREMONITIONS NEAR DEATH AND OUT OF BODY EXPERIENCES Most of us have heard stories of these unusual phenomena as told by millions of people throughout history and across cultures Or perhaps we have experienced them ourselves and we are still grappling with their validity in a world of empirical science and psychiatry that deems anything unseen or spiritual as impossible weird or even disturbed The stigma surrounding the paranormal prevents us from exploring the possibility that there are perhaps events that occur outside the realm of human comprehension inoculating us against the lessons and spiritual significance these events might hold As an experienced psychiatrist Dr Manuel Matas is very familiar with the science of the human brain as well as the possibilities that exist beyond the known borders of consciousness He has never been a classic rationalist as he himself has experienced phenomena that defy logic and the explanations of Western medicine In The Borders of Normal Dr Matas reveals just how accepted and studied many of these phenomena are providing a compelling overview of influential thinkers who have over the years recognized events and experiences that fall outside the realm of current scientific thought As a proponent of a nuanced respectful approach that lies between belief and scepticism Dr Matas helps us to view paranormal experiences as normal and indeed endemic to the human species for it is in this space of the unknown that we may learn more about ourselves each other and the bodies and worlds that we inhabit **Die Menschen sind erwacht, du hast sie aufgerichtet** Hans Georg Brecklinghaus,2002 **Inducción Miofascial para el**
