Renaissance And Revolt Essays In The Intellectual And Social History Of Early France

Annabel Brett, James Tully

Renaissance And Revolt Essays In The Intellectual And Social History Of Early France:

Renaissance and Revolt John Hearsey McMillan Salmon, 2003-12-11 Including Professor salmon's pioneering and authoritative analyses as well as particular studies of French revolts **One King, One Faith** Nancy Lyman Roelker, 2023-12-22 This book the culmination of a lifelong career in French history tackles head on the central question of the French Religious Wars Why did France prove so consistently hostile and resistant to Protestantism Distinguished scholar Nancy Lyman Roelker claims that what ultimately motivated the passion and violence of the civil wars was religion She demonstrates that not only the body politic but also the body social was defined by Gallican Catholicism Roelker underscores the role the Parlement played in shaping and safeguarding the social as well as the political order Her study is based on extensive research in the correspondence memoirs and tracts of mainstream Catholic magistrates as well as dissenters It creates an overview of the mentalities of the Parlement analyzes religious attitudes toward major events of the period and examines the Parlement's role in the triumph of Henri IV Along the way it sheds light on the inner workings of the Parlement and other political institutions on social structures and on collective ideas And above all this distinguished work brilliantly illuminates the role of religion in society and the state It will be the definitive work on the subject for many years to come This book the culmination of a lifelong career in French history tackles head on the central question of the French Religious Wars Why did France prove so consistently hostile and resistant to Protestantism Distinguished scholar Nancy Lyman Roelker cl *The Performance of Nobility in Early Modern European Literature* David M. Posner, 1999-11-04 This valuable study illuminates the idea of nobility as display as public performance in Renaissance and seventeenth century literature and society Ranging widely from Castiglione and French courtesy manuals through Montaigne and Bacon to the literature of the Grand Siècle David Posner examines the structures of public identity in the period He focuses on the developing tensions between on the one hand literary or imaginative representations of nobility and on the other the increasingly problematic historical position of the nobility themselves These tensions produce a transformation in the notion of the noble self as a performance and eventually doom court society and its theatrical mode of self presentation Situated at the intersection of rhetorical and historical theories of interpretation this book contributes significantly to our understanding of the role of literature both in analysing and in shaping social identity *Imagining Early Modern Histories* Elizabeth Ketner, Allison Kavey, 2016-07-15 Interpreting textual mediations of history in early modernity this volume adds nuance to our understanding of the contributions fiction and fictionalizing make to the shape and texture of versions of and debates about history during that period Geographically the scope of the essays extends beyond Europe and England to include Asia and Africa Contributors take a number of different approaches to understand the relationship between history fiction and broader themes in early modern culture They analyze the ways fiction writers use historical sources fictional texts translate ideas about the past into a vernacular accessible to broad audiences fictional depictions and interpretations shape historical action

and the ways in which nonfictional texts and accounts were given fictional histories of their own intentionally or not through transmission and interpretation By combining the already contested idea of fiction with performance action and ideas ideology this collection provides a more thorough consideration of fictional histories in the early modern period It also covers more than two centuries of primary material providing a longer perspective on the changing and complex role of history in forming early modern national gendered and cultural identities

The Myth of 1648 Benno Teschke, 2020-05-05 Winner of the 2003 Isaac and Tamara Deutscher Memorial Prize This book rejects a commonplace of European history that the treaties of Westphalia not only closed the Thirty Years War but also inaugurated a new international order driven by the interaction of territorial sovereign states Benno Teschke through this thorough and incisive critique argues that this is not the case Domestic social property relations shaped international relations in continental Europe down to 1789 and even beyond The dynastic monarchies that ruled during this time differed from their medieval predecessors in degree and form of personalization but not in underlying dynamic 1648 therefore is a false caesura in the history of international relations For real change we must wait until relatively recent times and the development of modern states and true capitalism In effect it is not until governments are run impersonally with no function other than the exercise of its monopoly on violence that modern international relations are born

The Politics of Piety Megan C. Armstrong, 2004 The Politics of Piety situates the Franciscan order at the heart of the religious and political conflicts of the late sixteenth century to show how a medieval charismatic religious tradition became an engine of political change The friars used their redoubtable skills as preachers intellectual training at the University of Paris and personal and professional connections with other Catholic reformers and patrons to successfully galvanize popular opposition to the spread of Protestantism throughout the sixteenth century By 1588 the friars used these same strategies on behalf of the Catholic League to prevent the succession of the Protestant heir presumptive Henry of Navarre to the French throne This book contributes to our understanding of religion as a formative political impulse throughout the sixteenth century by linking the long term political activism of the friars to the emergence of the French monarchy of the seventeenth century Megan C Armstrong is assistant professor of early modern Europe in the History Department of the University of Utah

The Power of Necessity Lisa Kattenberg, 2023-01-05 Exploring reason of state in a global monarchy The Power of Necessity examines how thinkers and agents in the Spanish monarchy navigated the tension between political pragmatism and moral religious principle This tension lies at the very heart of Counter Reformation reason of state Nowhere was the need for pragmatic state management greater than in the overstretched Spanish Empire of the seventeenth century However pragmatic politics were problematic for a Catholic monarchy steeped in ideals of justice and divine justifications of power and kingship Presenting a broad cast of characters from across Europe and uniting published sources with a wide range of archival material Lisa Kattenberg shows how non canonical thinkers and agents confronted the political moral dilemmas of their age by creatively employing the legitimizing power of necessity Pioneering

new ways of bridging the persistent gap between theory and practice in the history of political thought **The Power of Necessity** casts fresh light on the struggle to preserve the monarchy in a modernizing world **Science Meets Politics: Machiavelli's Influence and the Birth of Political Science** Gábor Almási, 2025-05-26 Machiavelli's early influence was more penetrating than has ever been believed and this book explains why The surprising answer leads the reader into the depths of the history of science connecting Machiavelli's thought to new ways of thinking about experience history nature and politics Machiavelli's works resonated with readers not merely because of the political and moral questions they raised and answered and this book argues that the ways in which Machiavelli engaged with these questions were of equal importance His method reinforced the reader's own belief in the importance of an inductive and comparative approach which relied on facts and numbers drawn from history and experience An impressive book that for a change measures Machiavelli's writings not against 21st century binary schemes but rather against the knowledge categories and strategies of his 16th century contemporaries and successors Navigating skillfully among texts and authors both well known and recondite the author shows how the Florentine's ideas prompted and shaped a revolution in Western thought William J Connell Professor of History Seton Hall University If you have ever wondered why Francis Bacon frequently quoted and lavished praise on Niccol Machiavelli this is the book for you In it Gábor Almási situates the latter with regard to the science of his time and shows that he was read initially in Italy then in France and finally in England as the exponent of an empiricism divorced from theology metaphysics and morals as pertinent to the study of the natural world as it is to the study of politics Paul A Rahe Charles O Lee and Louise K Lee Chair in the Western Heritage Hillsdale College [A Dialogue on the Law of Kingship Among the Scots](#) Roger A. Mason, Martin S. Smith, 2017-07-05 George Buchanan 1506-82 was one of the most distinguished humanists of the Northern European Renaissance Hailed by his contemporaries as the greatest Latin poet of his age he is chiefly remembered today as a radical political theorist whose *Dialogus* first published in Edinburgh in 1579 justified the deposition of Mary Queen of Scots in 1567 on the basis of a theory of popular sovereignty which vested in the people the right to resist depose and kill tyrannical monarchs Immensely influential in radical circles both in Britain and on the Continent it made a notable contribution to the debates over the nature and location of sovereignty which would finally bear fruit in the writings of John Locke This critical edition and translation of the *Dialogus* makes available for the first time a modern scholarly version of one of the key texts in the history of early modern British political thought **Frontiers of Heresy** E. William Monter, William Monter, 2003-11-13 A significant reappraisal of the Spanish Inquisition focusing on the lands beyond Castile **Louis XIII, the Just** A. Lloyd Moote, 1991-08-08 In this fascinating biography A Lloyd Moote provides the first authoritative account of one of the most enigmatic figures of seventeenth century Europe Contrary of popular portrayals of the monarch as a hapless kind Moote argues that Louis XIII was a ruler who powerfully shaped his people's destiny [Imperial Republics](#) Edward Andrew, 2011-08-20 Republicanism and imperialism are typically understood to be located at

opposite ends of the political spectrum In *Imperial Republics* Edward G Andrew challenges the supposed incompatibility of these theories with regard to seventeenth and eighteenth century revolutions in England the United States and France Many scholars have noted the influence of the Roman state on the ideology of republican revolutionaries especially in the model it provided for transforming subordinate subjects into autonomous citizens Andrew finds an equally important parallel between Rome s expansionary dynamic in contrast to that of Athens Sparta or Carthage and the imperial rivalries that emerged between the United States France and England in the age of revolutions *Imperial Republics* is a sophisticated wide ranging examination of the intellectual origins of republican movements and explains why revolutionaries felt the need to don the toga in laying the foundation for their own uprisings

Europe in the Sixteenth Century H.G. Koenigsberger, George L. Mosse, G.Q. Bowler, 2014-06-06 This bestselling seminal book a general survey of Europe in the era of Renaissance and Reformation was originally published in Denys Hay s famous *Series A General History of Europe* It looks at sixteenth century Europe as a complex but interconnected whole rather than as a mosaic of separate states The authors explore its different aspects through the various political structures of the age empires monarchies city republics and how they functioned and related to one another A strength of the book remains the space it devotes to the growing importance of town life in the sixteenth century and to the economic background of political change

A Companion to Hobbes Marcus P. Adams, 2021-10-08 Offers comprehensive treatment of Thomas Hobbes s thought providing readers with different ways of understanding Hobbes as a systematic philosopher As one of the founders of modern political philosophy Thomas Hobbes is best known for his ideas regarding the nature of legitimate government and the necessity of society submitting to the absolute authority of sovereign power Yet Hobbes produced a wide range of writings from translations of texts by Homer and Thucydides to interpretations of Biblical books to works devoted to geometry optics morality and religion Hobbes viewed himself as presenting a unified method for theoretical and practical science an interconnected system of philosophy that provides many entry points into his thought *A Companion to Hobbes* is an expertly curated collection of essays offering close textual engagement with the thought of Thomas Hobbes in his major works while probing his ideas regarding natural philosophy mathematics human nature civil philosophy religion and more The Companion discusses the ways in which scholars have tried to understand the unity and diversity of Hobbes s philosophical system and examines the reception of the different parts of Hobbes s philosophy by thinkers such as Ren Descartes Margaret Cavendish David Hume and Immanuel Kant Presenting a diversity of fresh perspectives by both emerging and established scholars this volume Provides a comprehensive treatment of Hobbes s thought in his works including *Elements of Law* *Elements of Philosophy* and *Leviathan* Explores the connecting points between Hobbes metaphysics epistemology mathematics natural philosophy morality and civil philosophy Offers readers strategies for understanding how the parts of Hobbes s philosophical system fit together Examines Hobbes s philosophy of mathematics and his attempts to understand geometrical objects and definitions Considers Hobbes s

philosophy in contexts such as the natural state of humans gender relations and materialist worldviews Challenges conceptions of Hobbes s moral theory and his views about the rights of sovereigns Part of the acclaimed Blackwell Companions to Philosophy series A Companion to Hobbes is an invaluable resource for scholars and advanced students of Early modern thought particularly those from disciplines such as History of Philosophy Political Philosophy Intellectual History History of Politics Political Theory and English Responses to Religious Division, c. 1580-1620 Natasha Constantinidou,2017-06-06 In this study Natasha Constantinidou considers the views articulated by the scholars Pierre Charron 1541 1603 Justus Lipsius 1547 1606 Paolo Sarpi 1552 1623 and King James VI and I 1566 1625 in response to the religious ruptures of their time Though rarely juxtaposed all four authors were deeply affected by the religious divisions In their works they denounced religious zeal focusing on non dogmatic piety Drawing on classical tradition and church history they set out to offer consolation to the people of a war torn continent and to discuss means of reconciliation Their responses sought to define the role of religion in public and private They emphasised the need for lay control of religious affairs as the only way of ensuring peace whilst circumscribing belief and its practice to the private realm International Law and Empire Martti Koskenniemi,Walter Rech,Manuel Jiménez Fonseca,2017 By examining the relationship between international law and empire from early modernity to the present this volume improves current understandings of the way international legal institutions practices and narratives have shaped imperial ideas about and structures of world governance

Reformation, Resistance, and Reason of State (1517-1625) Sarah Mortimer,2021-09-16 The period 1517 1625 was crucial for the development of political thought During this time of expanding empires religious upheaval and social change new ideas about the organisation and purpose of human communities began to be debated In particular there was a concern to understand the political or civil community as bounded limited in geographical terms and with its own particular structures characteristics and history There was also a growing focus in the wake of the Reformation on civil or political authority as distinct from the church or religious authority The concept of sovereignty began to be used alongside a new language of reason of state in response political theories based upon religion gained traction especially arguments for the divine right of kings In this volume Sarah Mortimer highlights how in the midst of these developments the language of natural law became increasingly important as a means of legitimising political power opening up scope for religious toleration Drawing on a wide range of sources from Europe and beyond Sarah Mortimer offers a new reading of early modern political thought She makes connections between Christian Europe and the Muslim societies that lay to its south and east showing the extent to which concerns about the legitimacy of political power were shared Mortimer demonstrates that the history of political thought can both benefit from and remain distinctive within the wider field of intellectual history The books in The Oxford History of Political Thought series provide an authoritative overview of the political thought of a particular era They synthesize and expand major developments in scholarship covering canonical thinkers while placing them

in a context of broader traditions movements and debates The history of political thought has been transformed over the last thirty to forty years Historians still return to the constant landmarks of writers such as Plato Machiavelli Hobbes Rousseau and Marx but they have roamed more widely and often thereby cast new light on these authors They increasingly recognize the importance of archival research a breadth of sources contextualization and historiographical debate Much of the resulting scholarship has appeared in specialist journals and monographs The Oxford History of Political Thought makes its profound insights available to a wider audience Series Editor Mark Bevir Professor of Political Science and Director of the Center for British Studies University of California Berkeley

The Watershed of Modern Politics Francis Oakley, 2015-08-14 The concluding volume of Francis Oakley's authoritative trilogy moves on to engage the political thinkers of the later Middle Ages Renaissance Age of Reformation and religious wars and the era that produced the Divine Right Theory of Kingship Oakley's ground breaking study probes the continuities and discontinuities between medieval and early modern modes of political thinking and dwells at length on the roots and nature of those contract theories that sought to legitimate political authority by grounding it in the consent of the governed

Rethinking The Foundations of Modern Political Thought Annabel Brett, James Tully, 2006-12-07 Quentin Skinner's classic study The Foundations of Modern Political Thought was first published by Cambridge in 1978 This was the first of a series of outstanding publications that have changed forever the way the history of political thought is taught and practised Rethinking the Foundations of Modern Political Thought looks afresh at the impact of the original work asks why it still matters and considers a number of significant agendas that it still inspires A very distinguished international team of contributors has been assembled including John Pocock Richard Tuck and David Armitage and the result is an unusually powerful and cohesive contribution to the history of ideas of interest to large numbers of students of early modern history and political thought In conclusion Skinner replies to each chapter and presents his own thoughts on the latest trends and the future direction of the history of political thought

Pierre de L'Estoile and his World in the Wars of Religion Tom Hamilton, 2017-04-14 The Wars of Religion embroiled France in decades of faction violence and peacemaking in the late sixteenth century This study offers a new history of these Wars of Religion from the perspective of the period's great diarist and collector Pierre de L'Estoile 1546-1611 telling the story of his life and times When historians interpret these events they inevitably depend on sources of information gathered by contemporaries none more valuable than the diaries and collection of Pierre de L'Estoile 1546-1611 who lived through the civil wars in Paris and shaped how they have been remembered ever since Taking him out of the footnotes and demonstrating his significance in the culture of the late Renaissance this is the first life of L'Estoile in any language It examines how he negotiated and commemorated the conflicts that divided France as he assembled an extraordinary collection of the relics of the troubles a collection that he called the storehouse of my curiosities The story of his life and times is the history of the civil wars in the making Focusing on a crucial individual for understanding Reformation

Europe this study challenges historians assumptions about the widespread impact of confessional conflict in the sixteenth century L Estoile s prudent non confessional responses to the events he lived through and recorded were common among his milieu of Gallican Catholics His life writing and engagement with contemporary news books and pictures reveals how individuals used different genres and media to destabilise rather than fix confessional identities Bringing together the great variety of topics in society and culture that attracted L Estoile s curiosity this volume rethinks his world in the Wars of Religion

Renaissance And Revolt Essays In The Intellectual And Social History Of Early France Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Renaissance And Revolt Essays In The Intellectual And Social History Of Early France free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Renaissance And Revolt Essays In The Intellectual And Social History Of Early France free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can

search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Renaissance And Revolt Essays In The Intellectual And Social History Of Early France free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Renaissance And Revolt Essays In The Intellectual And Social History Of Early France. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Renaissance And Revolt Essays In The Intellectual And Social History Of Early France any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Renaissance And Revolt Essays In The Intellectual And Social History Of Early France Books
