Renaissance and Baroque Lyrics Harold Martin Priest,1962 **Renaissance and Baroque Lyrics** Harold Martin Priest,2003-01 **Renaissance and Baroque lyrics** Harold Martin Priest,1962 *German Baroque Poetry* Robert Marcellus Browning,1971 *Self and Symbolism in the Poetry of Michelangelo, John Donne and Agrippa D'Aubigne* A.B. Altizer,2012-12-06 Alienation ecstasy death rebirth in the poetry of Michelangelo Donne and d Aubigne these archetypal themes make possible the ultimate formulation of new poetic symbolizations of self and world As their poetry evolves from a primarily rhetorical towards a fully symbolic mode images of loss of self in ecstasy or in alienation of death and rebirth recur with increasing frequency and intensity Whether the context is love poetry or religious poetry the basic problem remains the same love is the link between the two kinds of poetry And love is indeed a problem for these three poets since it involves the self in relation to the other the other being either God or another human being Increasingly the work of each poet centers on a need to analyze or abolish the gulf separating subject and object self and other The dominant mode of most of the three poets work is neither rhetorical nor symbolic but expressive This transitional mode reveals the individual poet s most urgent concerns and conflicts his sense of self in Its most isolated or burdensome affirmative or struggling state Under lying most of their poems is a profound self consciousness a heightened awareness of self as a powerful separate entity with a corresponding objectification of all reality outside of self The Renaissance in general is a time of increasing individualism and 1 self consciousness **Medieval Lyric** William Doremus Paden,2000 An essential volume for medievalists and scholars of comparative literature Medieval Lyric opens up a reconsideration of genre in medieval European lyric Departing from a perspective that asks how medieval genres correspond with twentieth century ideas of structure or with the evolution of poetry this collection argues that the development of genres should be considered as a historical phenomenon embedded in a given culture and responsive to social and literary change Literature in the Light of the Emblem Peter Maurice Daly,1998-01-01 The literature of the 16th and 17th centuries was informed by the symbolic thought embodied in the mixed art form of emblems This study explores the relationship between the emblem and the literature of England and Germany during the period **Style, Rhetoric, and Rhythm** Morris W. Croll,2015-12-08 These essays are according to Marjorie Nicholson the most illuminating articles we have on the important subject of prose style They were pioneer articles which have remained standard Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Lyrics of Luis de Leon Luis de León,1928 **Polish Encyclopaedia: The Polish language. History of literature. History of Poland** ,1926
