Render To God:

Rendering unto Caesar Christopher D Surber, 2014-11-25 What does it mean to render to Caesar what is his and render to God what is His How a believer understands this text will to a large degree determine how they will approach matters of nationalism and politics as they follow Jesus Dr Chris Surber Matthew 22 15 22 is a passage usually seen as essentially about paying taxes Author Chris Surber takes us deeper into Jesus meaning as he includes the historical context and the crowd to whom Jesus was speaking **The Single Tax Review**, 1916 *The Things that are Cæsar's Rendered Unto Cæsar, and the Things that are God's, Rendered Unto God. By ... M. W. [i.e. Morgan Watkins.] M. W., Morgan WATKINS, 1666* **The Liberative Cross** Hye Kyung Heo, 2015-03-24 The Liberative Cross offers a theological grounding of the orthopraxy that calls North American Korean women to live as imago Dei mirroring the perichoretic fellowship of the triune God in contemporary social relations through living in imitatio crucis and imitatio relationis In so doing this book emphasizes three elements First an appropriate theology of the cross meets the challenges or concerns of developing reality Second it is a feminist theology in the sense that it seeks to retrieve a theology of the cross that is life giving and liberating for women Third it is a social trinitarian approach to the theology of the cross that can reveal the essence of God to be in relation mutuality and community in diversity The constructive work achieved in this book makes a great contribution to pastoral and ecclesial praxis and imagination *Render to God* Jerome H. Neyrey, Neyrey here interprets eight key New Testament books providing a fresh look at theologies in the early church and introducing readers to the diverse ways in which the New Testament writers render to God the things that are God's He begins with two Gospels Mark and Matthew and moves on to the Acts of the Apostles and three of Paul's letters Romans 1 Corinthians and Galatians He then examines the formal and precise ways in which Jesus is called God in the Gospel of John and concludes with a discussion of how Hebrews uses eternity as a fundamental concept for understanding God Using a social science methodology he offers unique perspective on the biblical text **An Essay on the Proper Rendering of the Words Elohim and Θεός into the Chinese Language** William Jones BOONE (Missionary Bishop of the Protestant Episcopal Church of the United States to China.), 1848 **The Liturgical Year** Adrien Nocent, 1977 Follows a three part pattern 1 biblical and liturgical reflections on the season 2 the season's structure and themes 3 suggestions from the past [God's End Time Moves](#) Ida ZaraGrace Iyen-Aghedo, 2018-12-13 God's End Time Moves is as much about the outpouring of God's Holy Spirit as it is about the affirmation of His Truth and Word both of which shall touch down everywhere on earth This book is a work of the End Time Prophetic Mission to show in what direction the Lord God of All Creation will be leading the world and even more so the Church God is set to show in every way that the world is not in place by accident and the Spirit of God will appear to walk on two feet while still being solidly Spirit In His mercy and grace God always allows an adequate period of preparation so that no one will be caught unaware except by personal choice God's End Time Moves therefore is His wakeup call **Theology of Debt** Hollis Phelps, 2025-07-25 This

book focuses on the various ways in which debt functions at theological and moral levels to create subjects with chapters on the biblical jubilee tradition and usury the gospels Saint Paul atonement theories in the early church Anselm's satisfaction theory of atonement and contemporary discussions of debt as a subjective mechanism Phelps shows that debt and atonement as theological concepts are bound together so to undermine debt as a subjective mechanism we need to undermine atonement theory as well by desacralizing the latter The goal of this book is to disrupt the sovereignty of debt over the creation and maintenance of subjectivity so that we can think otherwise than and outside of the creditor debtor relationship both morally and theologically but also economically Ultimately the analysis presented over seven chapters incites us to rethink community and what form social life should take

Life without God Rik Peels, 2023-05-25 In this book Rik Peels explores atheism from a new perspective that aims to go beyond the highly polarized debate about arguments for and against God's existence Since our beliefs about the most important things in life are not usually based on arguments we should look beyond atheistic arguments and explore what truly motivates the atheist Are there certain ideals or experiences that explain the turn to atheism Could atheism be the default position for us not requiring any arguments whatsoever And what about the often discussed arguments against belief in God is there something that religious and nonreligious people alike can learn from them This book explores how a novel understanding of atheism is possible and how it effectively moves the God debate further Believers and nonbelievers can learn much from Peels's assessment of arguments for and against atheism

Patristic and Medieval Atonement Theory Junius Johnson, 2015-12-24 The notion of atonement a process by which humans are made right before God is central to the logic of Christian theology In spite of this major thinkers in the Christian traditions have held vastly different understandings of both the way atonement works and what it means These differing accounts have become intellectual traditions which continue to influence both academic theology and spiritual practice today In spite of the strong dependence of much contemporary thought on early ideas linguistic and cultural barriers often preclude serious study of the original materials Patristic and Medieval Atonement Theory takes a close look at the doctrines that depend on and influence views of atonement in order to make clear what place atonement occupies within the larger system of Christian theology Junius Johnson also considers key concepts and tensions within the doctrine of atonement itself which may be emphasized or glossed over to create the shape of particular doctrines Johnson's guide briefly discusses major figures in the development of Christian doctrines of atonement to the end of the Middle Ages Johnson then turns to the major primary and secondary sources and provides an orientation to the rich literature existing on this topic The attention given to the anatomy of the concepts involved the introduction to the ideas of major thinkers and the survey of available literature makes this an essential guide for students and scholars of Christian theology of any period as well as those who research the Middle Ages but are not specialists in theology

The Sovereignty of God Martin Waldenqvist, 2021-12-02 In 2025 I have rewritten the chapter The Sovereignty of God and Reprobation This is a systematic discourse of the Reformed Theology It

came to life when I was reading Arthur Pink's book *The Sovereignty of God*. He opened my eyes to really see who God is. Systematically we are going through what we can understand as the purpose of God via chapters: Scripture, The Triune God, The Names of God, The Attributes of God, Man, The Fall, The Sovereignty of God with many sub-chapters where we explore The Providence of God, The Decree of God, Election, The Atonement and Justification, Regeneration and Faith in Christ, Sanctification and Transformation, Reprobation and The Perseverance of the Saints. Scripture is the foundation for everything I write.

[A Compendium of the System of Divine Truth](#) Jacob Catlin, 1824 **The Holy Bible**, 1861 **Texts and Margins of the Revised New Testament. Affecting Theological Doctrine Briefly Reviewed** George Vance Smith, 2024-05-05. Reprint of the original first published in 1881.

[The Existence and Attributes of God](#) Stephen Charnock, 2022-11-13. In *The Existence and Attributes of God*, Stephen Charnock presents a profound exploration of theological concepts that intertwine rigorous philosophical reasoning with rich Biblical exegesis. Set against the backdrop of the 17th century, a time of burgeoning Reformation thought, Charnock's work employs a systematic approach, meticulously dissecting the nature of God through the lens of His existence and inherent attributes. His eloquent prose and logical structure resonate with the intellectual currents of his time, skillfully addressing the needs of a society grappling with faith amidst skepticism. The text is characterized by its persuasive arguments and detailed analysis, making it a significant contribution to Reformed theology and apologetics. Stephen Charnock was a prominent Puritan theologian whose deep commitment to scriptural truth and the pursuit of holiness profoundly influenced his writings. Born in England in 1620, he navigated a tumultuous period of political and religious upheaval which likely shaped his desire to offer theological clarity amidst uncertainty. Charnock's pastoral background and scholarly rigor culminate in this magnum opus where his passion for God's glory is palpable on every page. This book is essential for anyone seeking to deepen their understanding of God's nature and attributes, offering both spiritual enrichment and intellectual challenge. Charnock's thorough investigations invite readers into a richer relationship with the divine, making it an invaluable resource for students of theology, clergy, and laypersons alike who desire a robust engagement with the essence of God.

Revival and Reform in Islam Bernard Haykel, 2003-05-27. *Revival and Reform in Islam* is at once an intellectual biography of Muhammad al-Shawkani and a history of a transitional period in Yemeni history. This was a time when a society dominated by traditional Zaydi Shiism shifted to one characterised instead by Sunni reformism. The author traces the origins and outcomes of this transition, presenting the first systematic account of the ways in which the eighteenth and nineteenth century reorientation of the Zaydi madhhab and consequent sunnification of Yemeni society were intricately linked to tensions within the political realm. In advocating juridical systematization of religious belief and practice, Shawkani espoused a socio-religious order which in its dominant features echoed key aspects of Western modernity. Yet he did so in a context bereft of Western ideational influence. This study then presents a textured account of eighteenth century Islamic reformist thought and challenges the meaning of modernity in

McKim, 2001-01-01 In this book Donald McKim examines Reformed beliefs on sixteen theological topics including Scripture the Trinity sin salvation the person of Jesus and Baptism He also discusses distinctive emphases of the Reformed faith and shows how Reformed beliefs relate to the broader ecumenical family of Christian teachings *Independent Monthly* , 1869 Discourses Upon the Existence and Attributes of God Stephen Charnock, 1840
