Rendezvous Abagdad:

Ishtar Coming Mahir Salih, 2020-07-13 Amid the laughter and chatter of a glamorous garden party two middle aged women exchange false pleasantries followed by sarcasm and insults In a flash they are wrestling on the lawn scratching and biting as the horrified guests look on This is 1980s Iraq The war with Iran is in full swing but Baghdad s party going elites are more concerned with gossip infidelity fashion and feuds Among them is Loma a dutiful wife troubled by dark secrets She is pursued by Selma a sharp tongued diva with a thirst for revenge Meanwhile an American spy seeks to infiltrate government circles breaking hearts and shredding lives in the process Desperate for some advantage in their game of life and death the women of Baghdad invoke shadowy forces But can they control the powers they ve unleashed This action packed novel lays bare the pain and passions of Iraqi women in a time of political paranoia The Coming of the Reichchild J. P. De Sales, 2007-11-01 During the 1990s George Bush Sr called Saddam Hussein this modern day Hitler THE COMING OF THE REICHCHILD is a visceral highly visual story that deftly weaves historical fact with fiction to reveal the chilling all too plausible roots of the Iraqi dictator Built convincingly around real historical events and personages THE COMING OF THE REICHCHILD accurately traces the life of Saddam Hussein tying his roots to Adolph Hitler and the Third Reichs need for oil The novel chronicles the diabolical events of another time when a seed was planted whose bitter fruit would be harvested by a future age and traces Husseins collision course with the Jews whom he vowed to incinerate with his Scud missiles during the Persian Gulf War By his own admission Saddam does not know who his real father was and was raised by an uncle whom history reveals to be an ardent pro Nazi And how is it that German companies were so deeply involved in building his legendary underground bunkers Where fact stops and fiction starts is indiscernible yielding a fascinating novel that is filled with suspense intrigue violence treachery and the ultimate love of a man for his daughter Truly a what if novel to end all what ifs The Farhud Edwin Black, 2010-11-16 The Nazis needed oil The Arabs wanted the Jews and British out of Iraq The Mufti of Jerusalem forged a far ranging alliance with Hitler resulting in the June 1941 Farhud a Nazi style pogrom in Baghdad that set the stage for the devastation and expulsion of the Iraqi Jews and ultimately almost a million Jews across the Arab world The Farhud was the beginning of what became a broad Nazi Arab alliance in the Holocaust Heart Of Middle East Coke, 2019-10-25 The Heart of the Middle East is a classic account of the history and culture of Iraq Written in 1925 at the height of the colonial era it offers a unique insight into a complex past that continues to influence events today Beginning with the earliest known inhabitants of what was called Mesopotamia Coke describes Roman Persian rivalry in the area collapse of both Persia and Constantinople before the onset of the Arabs the golden age of Abbassid Caliphate the coming of the Turks and with their decline the coming of the English the rise in the Middle East of European influence generally and the parallel rise a reborn Arab nationalism He who saw the abyss Stefan Brill, 2021-10-11 The Bible as the foundation of the Christian faith Greek philosophy as the basis of thought the Age of Enlightenment as the basis of scientific knowledge the

three pillars of today's view of the world That philosophy began with the ancient Greeks is just as invented as the myth of the Sea Peoples who ushered in the end of the Bronze Age Nor does the story of the Flood originate from the Bible The Age of Enlightenment not only destroyed a medieval view of the world but at the same time created new myths that are rarely questioned even today With a good portion of irony the stories are scrutinised and filleted Where they come from and since when they have been told holds the one or other surprise We accompany the first archaeologists to Nineveh and take part in a Greek symposium with Herodotus We meet Rousseau in Annecy and learn what Haute Cousine and Guillotine have in common We attend Hegel's lectures in Berlin and accompany Wallace to Borneo From Noah to Kant from Uruk to Ulm from Cinderella to flying orangutans the stories are so numerous that one or two souvenirs are likely to remain from this journey through time

and someone is using them to lure him out From Washington D C to Marrakech and Baghdad the assassins wage a final battle this time against one another fighting for their reputations and Saddam Hussein's long missing billion dollar fortune In the end only one can be left standing Caught in the crossfire Judd and Eva go on the run while desperately unraveling the tangled past and battling not only for their lives but for their destinies Comprehensive Report of the Special Advisor to the DCI on Iraq's WMD, Charles Duelfer, 2004 This report relays the findings of the Special Advisor to the Director of Central Intelligence on Iraq's Weapons of Mass Destruction

Democracy in Iraq Benjamin Isakhan, 2016-05-13 This book proposes a significant reassessment of the history of Iraq documenting democratic experiences from ancient Mesopotamia through to the US occupation Such an analysis takes to task claims that the West has a uniquely democratic history and a responsibility to spread democracy across the world It also reveals that Iraq has a democratic history all of its own from ancient Middle Eastern assemblies and classical Islamic theology and philosophy through to the myriad political parties newspapers and protest movements of more recent times This book argues that the democratic history of Iraq could serve as a powerful political and discursive tool where the Iraqi people may come to feel a sense of ownership over democracy and take pride in endorsing it This could go a long way towards mitigating the current conflicts across the nation and in stabilizing and legitimating its troubled democracy Taking an interdisciplinary approach and referring to some of the most influential critical theorists to question ideological assumptions about democracy and its history this book is useful to those interested in political and legal history human rights and democracy

All In Paula Broadwell, Vernon Loeb, 2012-01-24 General David Petraeus is the most transformative leader the American military has seen since the generation of Marshall In the New York Times bestseller *All In* military expert Paula Broadwell examines Petraeus's career his intellectual development as a military officer and his impact on the U S military Afforded extensive access by General Petraeus his mentors his subordinates and his longtime friends Broadwell reported on the front lines of fighting and at the strategic command in Afghanistan to chronicle the experiences of this American general as they were brought to bear in the terrible crucible of war *All In* draws on hundreds of hours of exclusive interviews with Petraeus and his top officers and soldiers to tell the inside story of this commander's development and leadership in war When Petraeus assumed command in Afghanistan in July 2010 the conflict looked as bleak as at any moment in America's nine years on the ground there Petraeus's defining idea counterinsurgency was immediately put to its most difficult test the hard lessons learned during the surge in Iraq were to be applied in a radically different theater *All In* examines the impact in Afghanistan of new counterinsurgency as well as counterterrorism strategies through the commands of several Petraeus protégés Broadwell examines his evolution as a soldier from his education at West Point in the wake of Vietnam to his earlier service in Central America Haiti Kuwait Bosnia and Iraq *All In* also documents the general's role in the war in Washington going behind the scenes of negotiations during policy reviews of the war in Afghanistan in Congress the Pentagon and the White House Broadwell ultimately appraises Petraeus's

impact on the entire U S military Thanks to this man s influence the military is better prepared to fight using a comprehensive blend of civil military activities As America surveys a decade of untraditional warfare this much is clear The career of General David Petraeus profoundly shaped our military and left an indelible mark on its rising leaders *Sword of Persia* Michael Axworthy,2010-03-24 Nader Shah ruler of Persia from 1736 to 1747 embodied ruthless ambition energy military brilliance cynicism and cruelty His reign was filled with bloodshed betrayal and horror Yet Nader Shah is central to Iran s early modern history From a shepherd boy he rose to liberate his country from foreign occupation and make himself Shah He took eighteenth century Iran in a trajectory from political collapse and partition to become the dominant power in the region briefly opening the prospect of a modernising state that could have resisted colonial intervention in Asia He recovered all the territory lost by his predecessors including Herat and Kandahar and went on to conquer Moghul Delhi plundering the enormous treasures of India Nader commanded the most powerful military force in Asia if not the world He repeatedly defeated the armies of Ottoman Turkey the preeminent State of Islam overran most of what is now Iraq and threatened to take Baghdad on several occasions But from the zenith of his success he declined into illness insane avarice and horrific savagery committing terrible atrocities against the Persian people his friends and even his family until he finally died as violently as he had lived The *Sword of Persia* recreates the story of a remarkable ruthless man capable of both charm and brutality It is a rich narrative full of dramatic incident including much new research into original Iranian and other material which will prove indispensable to historians and students The book includes many contemporary illustrations and maps **Administration Report...** Iraq. Mudīrīyat al-Zirā'ah al-Āmmah,1921 *Iraq's Armed Forces* Ibrahim Al-Marashi,Sammy Salama,2008-04-03 This book provides the first comprehensive study of the evolution of the Iraqi military from the British mandate era to post Baathist Iraq Ethnic and sectarian turmoil is endemic to Iraq and its armed forces have been intertwined with its political affairs since their creation This study illustrates how the relationship between the military and the political centre in Iraq has evolved with the military bringing about three regime changes in Iraq s history before being brought under control by Saddam Hussein up until the 2003 war The instability that followed was partly due to the failure to create a new military that does not threaten the government yet is still strong enough to deter rival factions from armed conflict The reconstitution of the armed forces will be a prerequisite for an American withdrawal from Iraq but this book argues that immense challenges lie ahead despite the praise from the Bush administration for the progress of the new Iraqi army Blood Money Johan Raath,2020-01-10 A former Special Forces soldier and presidential bodyguard shares heart stopping stories of his time as a private military contractor in Iraq I remember the cracking sound of the AK 47 bullets as they tore through our windscreen A piece of bullet struck my bulletproof vest in the chest area and another piece broke off and lodged in my left forearm Johan Raath and a security team were ambushed in May 2004 while on a mission to reconnoiter a power plant south of Baghdad for an American firm He had been in the country for only two weeks This was a

taste of what was to come over the next few years as he worked as a private military contractor PMC in Iraq His mission Not to wage war but to protect lives Raath and his team provided security for engineers working on reconstruction projects in Iraq Whether in the notorious Triangle of Death in the deadly area around Ramadi or in the faction ridden Basra Raath had numerous hair raising experiences Key to his survival was his training as a Special Forces operator or Recce This riveting account offers a rare glimpse into the world of private military contractors and the realities of everyday life in one of the world s most violent conflict zones

Democracy in Iraq Dr Benjamin Isakhan,2012-09-01 This book proposes a significant reassessment of the history of Iraq documenting democratic experiences from ancient Mesopotamia through to the US occupation Such an analysis takes to task claims that the West has a uniquely democratic history and a responsibility to spread democracy across the world It also reveals that Iraq has a democratic history all of its own from ancient Middle Eastern assemblies and classical Islamic theology and philosophy through to the myriad political parties newspapers and protest movements of more recent times This book argues that the democratic history of Iraq could serve as a powerful political and discursive tool where the Iraqi people may come to feel a sense of ownership over democracy and take pride in endorsing it This could go a long way towards mitigating the current conflicts across the nation and in stabilizing and legitimating its troubled democracy Taking an interdisciplinary approach and referring to some of the most influential critical theorists to question ideological assumptions about democracy and its history this book is useful to those interested in political and legal history human rights and democracy

Blood, Oil and the Axis John Broich,2019-05-07 An almost absurdly colorful history of the WWII battle for the Levant In places the material is like Casablanca meets The English Patient The Wall Street Journal In the spring of 1941 the Allied forces had one last hope that the Axis would run through its fuel supply In Blood Oil and the Axis historian John Broich tells the vital story of Iraq and the Levant during this most pivotal time of the war Four Iraqi generals staged a pro German

coup in Iraq they established military cooperation between the Axis and the Middle East The Allies responded with an improvised and unlikely coalition Palestinian and Jordanian Arabs Australians American and British soldiers Free French Foreign Legionnaires and Jewish Palestinians All shared a common desire to quash the formation of an Axis state in the region Taking readers from a bombed out Fallujah to Baghdad to Damascus this definitive chronicle features numerous memorable figures including Jack Hasey a young American who fought with the Free French Foreign Legion Freya Stark a famous travel writer turned government agent and even Roald Dahl a young Royal Air Force recruit and future author of beloved children s books **US Airborne Forces** Tim Cooke,2012-08-15 Members of the Air Force protect the United States high above the ground Mesmerizing color photographs show the pilots in action Engaging text explains the training soldiers undertake and the missions they go on *Operation Babylon* Shlomo Hillel,1987
