Schehr, 1995 Focusing on works by Rene Crevel Jean Paul Sartre Roland Barthes and Herve Guibert this book studies how the figures of homosexuality function at the limits of narrative as part of the deep structure of narrative and at the border between public and private discourse The first three chapters follow the difference between inside and outside between public and private between what is known and what can only be surmised The homosexual Rene Crevel who is both inside Surrealism and outside it forces us to reread the marginalized figure of homosexuality in Surrealism Crevel is discussed in light of his most important work *Mon corps et moi* a sustained effort to negotiate the problems of public and private personae Long before concentrating on Jean Genet Jean Paul Sartre often turned to the subject of homosexuality in his writings of the 1930s and 1940s The figures and forms of homosexuality in Sartre's work are shown to relate to a phenomenology of perception to a persistence of the relation between vision and knowledge and to a set of narrative ploys that put Sartre's own relation to homosexuality in a new light The last of these three chapters focuses on Roland Barthes with a retrospective glance at Andre Gide through an examination of their travel and confessional writings Discourses of homosexuality are related to discourse about social power dominant structures and a model of colonialism The final chapter examines the AIDS related works of Herve Guibert which are both a meditation on and an exploration of AIDS that most public of private phenomena It also examines the changing relation between public and private between the outside world and Guibert's inner world and between the singularity of literary writing and the nomothetic nature of the public document all of which change in a world and in an individual affected by AIDS Surrealist Women Penelope Rosemont, 2010-07-05 Beginning in Paris in the 1920s women poets essayists painters

and artists in other media have actively collaborated in defining and refining surrealism's basic project achieving a higher open and dynamic consciousness from which no aspect of the real or the imaginary is rejected Indeed few artistic or social movements can boast as many women forebears founders and participants perhaps only feminism itself Yet outside the movement women's contributions to surrealism have been largely ignored or simply unknown This anthology the first of its kind in any language displays the range and significance of women's contributions to surrealism Letting surrealist women speak for themselves Penelope Rosemont has assembled nearly three hundred texts by ninety six women from twenty eight countries She opens the book with a succinct summary of surrealism's basic aims and principles followed by a discussion of the place of gender in the movement's origins She then organizes the book into historical periods ranging from the 1920s to the present with introductions that describe trends in the movement during each period Rosemont also prefaces each surrealist's work with a brief biographical statement

René Crevel et le roman Jean-Michel Devésa, 2023-10-16 Cette tentative de finir le fonctionnement d'une critique apparente au discours et au soliloque Cette production profondément ancrée dans le vécu de René Crevel semble avoir voulu de la représentation vers le pamphlet et la diatribe Crevel a ainsi glissé d'un scripteur projetant sur un personnage central ses espoirs et ses rancœurs une composition plus rhapsodique de ses fictions D'une publication l'autre l'économie générale de ses livres s'est modifiée L'organisation de ses récits procédant par emboîtements s'est de plus en plus trahie d'oralité L'univers digtique s'est rempli d'une multitude croissante de personnages montrés dans l'indigence de leurs bavardages Ce roman de plus en plus profane fait songer aux efforts de Louis Ferdinand Celine qui au même moment s'employait lui aussi couler dans un français parlées tonitruantes illusions d'une humanité en proie la guerre sociale Toutefois Crevel refusait de se condamner à l'impuissance pour se tourner dans la clameur et le tranchant de son interpellation vers un public dont il ne pouvait imaginer qu'il était définitivement couché En ne se préoccupant ni des interdits d'André Breton ni des conventions que le réalisme et le naturalisme avaient consacrées Crevel a donné forme des livres nés de la difficulté d'être Le présent essai refuse par conséquent de dissocier la geste romanesque de René Crevel de sa trajectoire individuelle Il vise de ce fait d'offrir une perspective de lecture cohérente d'une production qui nourrit encore de nombreux malentendus

The Colonial Unconscious Elizabeth Ezra, 2018-10-18 France between the two World Wars was pervaded by representations of its own colonial power expressed forcefully in the human displays at the expositions coloniales films starring Josephine Baker and the short stories of Paul Morand and more subtly in the avant garde writings of René Crevel and Raymond Roussel In her lively book Elizabeth Ezra interprets a fascinating array of cultural products to uncover what she terms the colonial unconscious of the Jazz Age the simultaneous attraction and repulsion of exoticism and the double bind of a colonial discourse that foreclosed the possibility of the very assimilation it invited Ezra situates the apotheosis of French colonialism in relation to both the internal tensions of the colonial project and the competing imperialisms of Great Britain and the United States Examining both the uses and the limits of psychoanalytic theories of

empire she proposes a reading of French colonialism which while historically specific also contributes to our understanding of contemporary culture The enduring legacy of empire is felt to this day as Ezra demonstrates in a provocative epilogue on the remarkable similarities between the rhetoric of colonial France and accounts of the French victory in the 1998 World Cup

Articulations of Difference Dominique D. Fisher, Lawrence R. Schehr, 1997 Drawn from insights of the past twenty years the essays reflect the renewed approach of gender and sexuality as they relate to homosexuality and its representation and they rely on models that differentiate between sexuality and gender and between natural inclinations and social constructs Despite the wide variety of subjects critical positions and authors backgrounds what these essays have in common is the willingness of the contributors to go beyond a set of rhetorics a set of limitations that were a defining moment in the struggle of gay liberation and its reflection in both creative and critical writing **Rene Crevel, ou, L'esprit contre la raison**

Jean-Michel Devésa, 2002 *Max Ernst and Alchemy* M. E. Warlick, 2013-05-01 Surrealist artist Max Ernst defined collage as the alchemy of the visual image Students of his work have often dismissed this comment as simply a metaphor for the transformative power of using found images in a new context Taking a wholly different perspective on Ernst and alchemy however M E Warlick persuasively demonstrates that the artist had a profound and abiding interest in alchemical philosophy and often used alchemical symbolism in works created throughout his career A revival of interest in alchemy swept the artistic psychoanalytic historical and scientific circles of the late nineteenth and early twentieth centuries and Warlick sets Ernst's work squarely within this movement Looking at both his art many of the works she discusses are reproduced in the book and his writings she reveals how thoroughly alchemical philosophy and symbolism pervade his early Dadaist experiments his foundational work in surrealism and his many collages and paintings of women and landscapes whose images exemplify the alchemical fusing of opposites This pioneering research adds an essential key to understanding the multilayered complexity of Ernst's works as it affirms his standing as one of Germany's most significant artists of the twentieth century **National Union Catalog**, 1980 Includes entries for maps and atlases **Paul Eluard et la peinture surréaliste, 1910-1939** Jean-Charles Gateau, 1982 *Surrealist Subversions* Ronald B. Sakolsky, Franklin Rosemont, 2002

From its auspicious beginnings in the summer of 1966 to the present the Chicago Surrealist Group and the Surrealist Movement in the United States which grew out of it have continued to foment an exhilarating whirlwind of revolt while playfully igniting the sparks of Poetry Freedom and Love in the crucible of the Unfettered Imagination In so doing it has brightly illuminated the pathways of absolute divergence that define the intrinsically anarchist trajectory of the surrealist adventure Drawing on the full range of U S surrealist publications from the original journal *Arsenal Surrealist Subversion* to the very latest millennial communiqué from the front lines of the ongoing battle against miserabilism this volume contains over 200 texts more than two dozen appearing here for the first time by more than fifty participants in the Surrealist Movement making this the most comprehensive diverse and lavishly illustrated compilation of American surrealist writings to
