Becoming Ronald Reagan Robert Mann,2019-10 In the 1960s transitioning from acting to politics was rare Ronald Reagan was not the first to do it but he was the first to jump from the screen to the stump and on to credibility as a presidential contender Reagan s transformation from struggling liberal actor to influential conservative spokesman in five years and then to the California governorship six years later is a remarkable and compelling story In Becoming Ronald Reagan Robert Mann explores Reagan s early life and his career during the 1950s and early 1960s his growing desire for acclaim in high school and college his political awakening as a young Hollywood actor his ideological evolution in the 1950s as he traveled the country for General Electric the refining of

his political skills during this period his growing aversion to big government and his disdain for the totalitarian leaders in the Soviet Union and elsewhere All these experiences and more shaped Reagan s politics and influenced his career as an elected official Mann not only demonstrates how Reagan the actor became Reagan the political leader and how the liberal became a conservative he also shows how the skills Reagan learned and the lessons he absorbed from 1954 to 1964 made him the inspiring leader so many Americans remember and revere to this day Becoming Ronald Reagan is an indelible portrait of a true American icon and a politician like none other
