After Saturday Comes Sunday Elizabeth Natalie Kendal, 2016-06-08 The post Christian West is in decline revived Islam is on the rise and Mesopotamia Syria Iraq the cradle of civilization has become ground zero in a battle for civilization Despised as infidels unbelievers and kafir unclean Mesopotamia's indigenous Christian peoples are targeted by fundamentalist Muslims and jihadists for subjugation exploitation and elimination Pushed deep into the fog of war buried under a mountain of propaganda and rendered invisible by a shroud of silence they are betrayed and abandoned by the West's progressive political academic and media elites who cling to utopian fantasies about Islam while nurturing deep seated hostility towards Christianity If they are to survive as a people in their historic homeland the Christians of Mesopotamia will need all the help they can get If Western civilization is to survive as a force in its historic heartland Europe then we had better start seeing hearing and believing the Christians of the Middle East for their plight prefigures our own *An Australian Girl* Catherine Martin, 2002 As Australia began the process of breaking away from its status as a British colony Catherine Martin was fascinated with the meaning of Australian culture and identity She examines these issues through the story of the independent and intelligent Stella Courtland a young girl who marries and finds herself hampered by the social constraints of her new life In this sensitive Late of moral and emotional growth Martin brilliantly captures this turning point in Australian history and anticipates the values of a new generation **Abrian Malone and the Liberian Redemptive** A. McCoy Malone PhD, 2022-04-05 By 1920 Marcus Garvey's Black uplift organization the Universal Negro Improvement Association UNIA with eleven million dues paying members was the most powerful Black economic and social uplift establishment on the planet Its plans for unifying Africa and developing a homeland for people of African descent complete the UNIA poured its fortune into the nation of Liberia But Liberia sold out the UNIA leaving it in shambles its fortune seemingly lost forever Nine decades later Dr Abrian Malone receives an email from Arthel Johnson the current president of this supposedly dead organization urging that they meet But before this can happen Johnson is brutally murdered his death making international headlines Fortunately Johnson has made arrangements for informing Malone of his intentions should he meet a violent end Malone finds that the UNIA fortune has not been lost but has increased a thousandfold and is held in abeyance for future use specifically to implement Garvey's Liberian Redemptive and unify Africa Malone and his five closest friends a gender and racially diverse group are sent on a dangerous mission to locate the fortune by a certain date least the fortune be lost forever and initiate the redemptive The trail to the fortune has been laid by Marcus Garvey himself and can only be deciphered by Malone and his friends Further through an indirect line of filiations Garvey has endowed Malone with three physiological abilities to assist him in his quest They also make him the greatest martial artist on the planet But they are pursued over three continents by a villainous group of militarily trained Liberian assassins who want the fortune for themselves Historical background necessarily is rich and the characters well developed The timeliness of the narrative is witnessed by the renewed

Budiansky,2014-04-01 Mad Music is the story of Charles Edward Ives 1874 1954 the innovative American composer who achieved international recognition but only after he d stopped making music While many of his best works received little attention in his lifetime Ives is now appreciated as perhaps the most important American composer of the twentieth century and father of the diverse lines of Aaron Copland and John Cage Ives was also a famously wealthy crank who made millions in the insurance business and tried hard to establish a reputation as a crusty New Englander To Stephen Budiansky Ives s life story is a personification of America emerging as a world power confident and successful yet unsure of the role of art and culture in a modernizing nation Though Ives steadfastly remained an outsider in many ways his life and times inform us of subjects beyond music including the mystic movement progressive anticapitalism and the initial hesitancy of turn of the century America modernist intellectuals Deeply researched and elegantly written this accessible biography tells a uniquely American story of a hidden genius disparaged as a dilettante who would shape the history of music in a profound way Making use of newly published letters and previously undiscovered archival sources bearing on the longstanding mystery of Ives s health and creative decline this absorbing volume provides a definitive look at the life and times of a true American original
