Savannah Revisited A Pictorial History:

Savannah Revisited Mills Lane, 1973 **The Courthouse and the Depot** Wilber W. Caldwell, 2001 Their songs insist that the arrival of the railroad and the appearance of the tiny depot often created such hope that it inspired the construction of the architectural extravaganzas that were the courthouses of the era In these buildings the distorted myth of the Old South collided head on with the equally deformed myth of the New South *The Rise of the Urban South* Lawrence H. Larsen, 2021-12-14 Operating under an outmoded system of urban development and faced by the vicissitudes of the Civil War and Reconstruction southerners in the nineteenth century built a network of cities that met the needs of their society In this pioneering exploration of that intricate story Lawrence H. Larsen shows that in the antebellum period southern entrepreneurs built cities in layers to facilitate the movement of cotton First came the colonial cities followed by those of the piedmont the New West the Gulf Coast and the interior By the Civil War cotton could move by a combination of road rail and river through a network of cities for example from Jackson to Memphis to New Orleans to Europe In the Gilded Age building on past practices the South continued to make urban gains Men like Henry Grady of Atlanta and Henry Watterson of Louisville used broader regional objectives to promote their own cities Grady successfully sold Atlanta one of the most southern of cities demographically as a city with a northern outlook Watterson tied Louisville to national goals in railroad building The New South movement did not succeed in bringing the region to parity with the rest of the nation yet the South continued to rise along older lines By 1900 far from being a failure in terms of the general course of American development the South had created an urban system suited to its needs while avoiding the promotional frenzy that characterized the building of cities in the North Based upon federal and local sources this book will become the standard work on nineteenth century southern urbanization a subject too long unexplored The Urban South Lawrence H. Larsen, 2021-12-14 In this panoramic survey of urbanization in the American South from its beginnings in the colonial period through the Sunbelt era of today Lawrence Larsen examines both the ways in which southern urbanization has paralleled that of other regions and the distinctive marks of southernness in the historical process Larsen is the first historian to show that southern cities developed in layers spreading ever westward in response to the expanding transportation needs of the Cotton Kingdom Yet in other respects southern cities developed in much the same way as cities elsewhere in America despite the constraints of regional racial and agrarian factors And southern urbanites far from resisting change quickly seized upon technological innovations most recently air conditioning to improve the quality of urban life Treating urbanization as an independent variable without an ideological foundation Larsen demonstrates that focusing on the introduction of certain city services such as sewerage and professional fire departments enables the historian to determine points of urban progress Larsen's landmark study provides a new perspective not only on a much ignored aspect of the history of the South but also on the relationship of the distinctive cities of the Old South to the new concept of the Sunbelt city Carrying his story down to the present he concludes that

southern cities have gained parity with others throughout America This important work will be of value to all students of the South as well as to urban historians Classical Savannah ,1995 By the end of the eighteenth century classicism which arose out of Europe s fascination with ancient Greece and Rome had also left its mark on America This study of the classical style in the fine and decorative arts shows the extent to which it influenced the material culture of Savannah Georgia from 1800 to 1840 More than 130 examples of objects owned in Savannah in this period are illustrated described and discussed The objects include oil paintings and watercolors clocks musical instruments jewelry sculptures engravings bank notes needlework china silver brass lighting fixtures architectural elements and furniture Page Talbott presents an overview of the origins of classicism in Europe and its spread to America Emphasizing Americans close identification of classicism with national values and ideals Talbott also discusses the style in the context of Savannah s social life and its history as a major southern port She covers not only the principles methods and materials of classical design but also the manufacture distribution sale and ownership of a wide range of functional and decorative objects Classical Savannah is the companion volume to the Classical Savannah exhibition which opened in the spring of 1995 at the Telfair Museum of Art in Savannah Illustrating well over half of the items in the exhibit and including a detailed checklist of the additional seventy objects not shown in the book Classical Savannah is a valuable source for historians designers decorators collectors and anyone interested in this period of America s history **Handbook of the Linguistic Atlas of the Middle and South Atlantic States** William A. Kretzschmar, William A. Kretzschmar Jr., 1993-09-15 Who uses skeeter hawk snake doctor and dragonfly to refer to the same insect Who says gum band instead of rubber band The answers can be found in the Linguistic Atlas of the Middle and South Atlantic States LAMSAS the largest single survey of regional and social differences in spoken American English It covers the region from New York state to northern Florida and from the coastline to the borders of Ohio and Kentucky Through interviews with nearly twelve hundred people conducted during the 1930s and 1940s the LAMSAS mapped regional variations in vocabulary grammar and pronunciation at a time when population movements were more limited than they are today thus providing a unique look at the correspondence of language and settlement patterns This handbook is an essential guide to the LAMSAS project laying out its history and describing its scope and methodology In addition the handbook reveals biographical information about the informants and social histories of the communities in which they lived including primary settlement areas of the original colonies Dialectologists will rely on it for understanding the LAMSAS and historians will find it valuable for its original historical research Since much of the LAMSAS questionnaire concerns rural terms the data collected from the interviews can pinpoint such language differences as those between areas of plantation and small farm agriculture For example LAMSAS reveals that two waves of settlement through the Appalachians created two distinct speech types Settlers coming into Georgia and other parts of the Upper South through the Shenandoah Valley and on to the western side of the mountain range had a Pennsylvania influenced dialect and were

typically small farmers Those who settled the Deep South in the rich lowlands and plateaus tended to be plantation farmers from Virginia and the Carolinas who retained the vocabulary and speech patterns of coastal areas With these revealing findings the LAMSAS represents a benchmark study of the English language and this handbook is an indispensable guide to its riches **Social Crisis Preaching** Kelly Miller Smith,2000-09 **Cast Iron Architecture In America** Margot Gayle,Carol Gayle,1998-01-06 The first book on the life and work of 19th century American inventor and entrepreneur James Bogardus known for his unique grinding mill and other patented devices However his enduring claim to fame is his cast iron structures forerunners of the modern skyscraper Modern interest in Bogardus stems from the historic preservation movement His four surviving buildings in New York are recognized landmarks Illustrated *Southeastern Geographer* David M. Cochran Jr.,Carl A. Reese,2012-04-01 Table of Contents for Volume 52 Number 1 Spring 2012 Cover Art A Section of the Kansas City Southern in Hattiesburg Mississippi David M Cochran Jr Introduction David M Cochran Jr and Carl A Reese Part I Papers Spatial and Temporal Variations in West Virginia s Precipitation 1931 2000 James Leonard and Kevin Law The Gulf of Mexico Red Snapper Individual Fishing Quota Program in Florida Perceptions and Implications Kamal Alsharif and Nathan Miller Reflections in the Water Society and Recreational Facilities a Case Study of Public Swimming Pools in Mississippi P Caleb Smith Local Food Initiatives in Tobacco Transitions of the Southeastern United States Richard A Russo A GIS Based Football Stadium Evacuation Model Joslyn J Zale and Bandana Kar Part II Geographical Notes The Origin and Appreciation of Savannah Georgia s Historic City Squares Louis De Vorse Part III Reviews Louisiana Place Names of Indian Origin A Collection of Words William A Read edited by George M Riser Reviewed by Andy Hilburn The SAGE Handbook of Geographical Knowledge Edited by John Agnew and David N Livingstone Reviewed by J O Joby Bass The John Couper Family at Cannon's Point T. Reed Ferguson,1996-07 Volume five of the Mercer Commentary on the Bible comprises commentaries on the deuterocanonical apocryphal books which Martin Luther called useful and good for reading yet did not consider of the same authority as Scripture Volume five of the Mercer Commentary on the Bible includes commentaries from the critically acclaimed Mercer Commentary on the Bible and appropriate articles from the equally well received Mercer Dictionary of the Bible This convenient yet thorough edition is for the classroom and for anyone who wishes to focus study on these particular texts Drawing upon original document from the United States and Scotland Ferguson has assembled a biography of John Couper a St Simons Island plantation owner renowned for his humane treatment of slave bold horticultural experiments lifelong civic service and his far reaching generosity Militiamen, Rangers, and Redcoats James Michael Johnson,1992 *City on a Hill* Alex Krieger,2019-10-29 From the pilgrims to Las Vegas hippie communes to the smart city utopianism has shaped American landscapes The Puritan small town was the New Jerusalem Thomas Jefferson dreamed of rational farm grids Reformers tackled slums through crusades of civic architecture To understand American space Alex Krieger looks to the drama of utopian ideals **Library Catalog of the Metropolitan Museum of Art, New**

York Metropolitan Museum of Art (New York, N.Y.). Library, 1980 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 **The American Book Collector** , 1972 **The Cultural Meaning of Urban Space** Gary McDonogh, Robert Rotenberg, 1993-04-30 This book presents a cross cultural approach to the study of urban space Essays written by major contributors in contemporary urban studies provide a range of case studies from Asia Latin America North America and Europe to address important questions about space and power processes of change aesthetics and attitudes toward space and social divisions expressed through urban life The essays fall into three interlocking sections conceptual and linguistic approaches to urban space visual and social examinations of world cities and policy examinations of spatial analyses Together with the jointly compiled bibliography this collection of essays is designed to stimulate comparative debate and identify new areas for urban research Essays contrast empty space in Barcelona and Savannah explore the concept of healthy and unhealthy urban environments in the classical writings and in modern day Vienna and develop a model of space for Shanghai from the point of view of privacy The subcultural ethos characterizing Tokyo and the castle as a symbol for the community in Japan are two more essay topics The plaza in Spanish American towns the outdoor spaces in Italy balcony street courtyard and the school in Honduras are sites for socio cultural analyses in three more essays The last group of essays focus on discourses in urban planning especially the responses of people to the growth marketing and decay of residential places African American neighborhoods and waterfront development provide examples for this section These essays in their theoretical and geographical breadth make significant strides in defining the cultural meaning of urban space They will be read with interest by city planners ecologists and other social scientists involved in finding human solutions to the metropolitan environment **The Georgia Genealogical Society Quarterly** , 1973 **Mrs. Hill's Southern Practical Cookery and Receipt Book** A. P. Hill, Damon Lee Fowler, 1995 Annabella P Hill 1810 1878 was a socially prominent Georgia native whose encyclopedic treasury of 19th century recipes cooking advice and household hints was first published in 1867 This is a facsimile of the 1872 edition accompanied by a biographical sketch historical notes and a glossary
The Virginia Quarterly Review , 1973 **The Georgia Review** , 1972
