Disaster At Sea William Flayhart, 2005-03-22 Flayhart delivers a gripping chronicle of mishap and mayhem filled with danger and heroism and rich with detail Sea Power A colorful and deadly history of ocean liner disasters from the mid nineteenth century to the present Disaster at Sea is a chronicle of the most frightening episodes in the maritime history of the North Atlantic From 1850 to the present day the Atlantic has been home to hundreds of ocean liners and cruise ships each more lavish than the last all of them symbols of wealth and luxury Perhaps this is why readers have always been fascinated by the lives of these ships and their deaths Many of us know the stories of the Titanic and the Lusitania Both tragedies caused tremendous loss of life even as they made the ships immortal But there are many little known accounts of extraordinary survivals at sea such as the Inman and International liner City of Chicago that jammed her bow into an Irish peninsula in 1892 but stayed afloat long

enough for all to be rescued or the City of Richmond that survived a dangerous fire in 1891 and a year earlier the City of Paris whose starboard engine exploded at full speed in the mid Atlantic and yet miraculously still made port Often such tales are forgotten even if the ship sank In 1898 the Holland America liner Veendam hit a submerged wreck and sank at sea but all lives were saved so this vessel s dramatic story seemed less important in maritime history than incidents involving human loss As recently as 2000 the Sea Breeze I sank off the East Coast of the United States while on a positioning voyage but all her crew members were rescued in a heroic effort by U S Coast Guard helicopters These stories and many others are dramatic and acclaimed maritime scholar William Flayhart has spent much of the last forty years in search of material from which to create colorful narratives Author of *The American Line 1871 1902* and coauthor of *Majesty at Sea* and the first edition of *QE2* Flayhart retells classic ocean liner disaster stories while bringing to light never before published but compelling episodes in man s ongoing battle with the sea Originally published in hardcover under the title *Perils of the Atlantic* *Perils Of The Atlantic* William Flayhart,2003-05-27 *Perils of the Atlantic* captures the stories of a number of vessels that experienced adventure on the high seas from the tragic loss of the liner Arctic in 1854 to the swift sinking of the Italian Andrea Doria in 1956 *Always Magic in the Air* Ken Emerson,2006-09-26 During the late 1950s and early 1960s after the shock of Elvis Presley and before the Beatles spearheaded the British Invasion fourteen gifted young songwriters huddled in midtown Manhattan s legendary Brill Building and a warren of offices a bit farther uptown and composed some of the most beguiling and enduring entries in the Great American Songbook *Always Magic in the Air* is the first thorough history of these renowned songwriters tunesmiths who melded black white and Latino sounds integrated audiences before America desegregated its schools and brought a new social consciousness to pop music *Deep Descent* Kevin F. McMurray,2002-07-09 An in depth look at the danger of diving the Andrea Doria the Everest of deep sea diving by an award winning journalist and photographer On a foggy July evening in 1956 the Italian cruise liner Andrea Doria bound for New York was struck broadside by another vessel In eleven hours she would sink nearly 250 feet to the murky Atlantic Ocean floor Thanks to a daring rescue operation only fifty one of more than 1 700 people died in the tragedy But the Andrea Doria is still taking lives Considered the Mount Everest of diving the Andrea Doria is the ultimate deepwater wreck challenge Over the years a small but fanatical group of extreme scuba divers have investigated the Andrea Doria pushing themselves to the very limits of human endurance to explore her and not all have returned Diver Kevin McMurray takes you inside this elite club with a hard honest look at those who go deeper farther and closer to the edge than others would ever dream *Deep Descent* is the riveting true story of the human spirit overcoming human frailty and of fearsome mortal risks traded for a hard core adrenaline rush Chronicling these adventures in his page turning narrative and in dozens of dramatic photos McMurray draws us deeper into the cold heart of the unforgiving sea giving us a powerful vision of a place to which few will ever have the skills or the courage to go **Lost Genius** Kevin Bazzana,2009-02-24 The award winning author of *Wondrous Strange*
