twelve year old son a Kodak Brownie Hawkeye camera for Christmas in 1954 Ferris passionately began to photograph his world He has never stopped The sixties and seventies were a particularly significant period for Ferris as he became a pathbreaking documentarian of the American South This beautiful provocative collection of 100 of Ferris s photographs of the South taken during this formative period capture the power of his color photography Color film as Ferris points out in the book s introduction was not commonly used by documentarians during the latter half of the twentieth century but Ferris found color to work in significant ways in the photographic journals he created of his world in all its permutations and surprises The volume opens with images of his family s farm and its workers family and hired southeast of Vicksburg Mississippi The images are at once lyrical and troubling As Ferris continued to photograph people and their homes churches and blues clubs their handmade signs and folk art and the roads that wound through the region divisive racial landscapes
