Science Fiction Books Published in Britain, 1974-1978, 1979 **Science/Fiction Collections** Lee Ash, 2013-08-21
Science Fiction Collections offers different views and attitudes toward Science Fiction and Fantasy Literature and descriptions of a variety of collections. Written during a time when Science Fiction and Fantasy writings had just gained widespread popularity, it offers suggestions and considerations for approaching any special collection dealing with a relatively new field. *The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983

British Science Fiction Nicholas Ruddick, 1992-05-27 This chronology outlines British science fiction from 1479-1990, highlighting the important biographical and publishing events in the field of science fiction literature and fandom as well as in other media. The chronology includes biographical information on more than 700 authors, listings of more than 2,000 works including anthologies, criticism, and essays, publishing and fandom milestones, first publications, and awards. The works are fully cross-referenced and indexed with introductory definitions of the field and descriptive headnotes for five periods: The Descent of Scientific Romance (1478-1894), The Wellsian Synthesis (1895-1936), British Science Fiction (1937-1961), New Wave Speculative Fiction (1962-1978), and The British Fantastic (1979-1990). This book is an outgrowth of and is complementary to Ruddick's critical work *Ultimate Island*. Together, the two works define the scope and the nature of British science fiction, an enormous field that is not until recently examined separately from American science fiction in spite of considerable differences. **Reference Guide to Science Fiction, Fantasy and Horror** Michael Burgess, Lisa R. Bartle, 2002-12-30 An annotated list of reference works in the fields of science fiction, fantasy, and horror fiction. **Science Fiction and Fantasy Literature, 1975-1991** R. Reginald, Mary Wickizer Burgess, Daryl Furumi Mallett, 1992 Science fiction constitutes one of the largest and most widely read genres in literature, and this reference provides bibliographical data on some 20,000 science fiction, fantasy, and horror fiction books, as well as nonfiction monographs about the literature. A companion to Reginald's *Science Fiction and Fantasy Literature 1700-1974* (Gale, 1979), the present volume is alphabetically arranged by approximately 10,000 author names. The entry for each individual work includes title, publisher, date, and place published, number of pages, hardbound or paperback format, and type of book (novel, anthology, etc.). Where appropriate, entries also provide translation notes, series information, pseudonyms, and remarks on special features such as celebrity introductions. Includes indexes of titles, series, awards, and doubles for locating volumes containing two novels. Annotation copyright by Book News Inc., Portland, OR. [Science Fiction and Fantasy Book Review](#) Neil Barron, R. Reginald, Robert Reginald, 2009-11 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing, with a thousand titles old and new hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction, this was the period when the best and the brightest shined forth their talents. SF FBR included reviews by writers in the field, by amateur critics, and by litt

rateurs and University professors Over a thousand books were covered during the single year of publication many of them having been reviewed no where else before or since The January 1980 issue includes a comprehensive index of all the works featured during the preceding year This reprint will be a welcome addition to the literature of science fiction and fantasy criticism Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own **Science Fiction and Fantasy Reference Index, 1878-1985: Subject entries** Halbert W.
