Science Satire And Wit:

Science, Satire, and Wit Ralph W. Buechler, 1990 This book attempts a critical assessment of the eighteenth century German essay utilizing the journal essays of Georg Christoph Lichtenberg as a paradigm It places a socio historical and genre theoretical analysis of the eighteenth century German essay across a close reading of Lichtenberg s essays The study demonstrates that Lichtenberg s essays operate as critical communication for purposes of instruction and satire What is more such critical communication alternates with a critique of enlightenment itself Finally the methodology of Lichtenberg s essays is shown to be instrumental in developing imaginative and freely associative literary strategies *Library of Congress Subject Headings* Library of Congress.
