Selected Letters 1924 195

VM Jensen

Selected Letters 1924 195:

The Selected Letters of Florence Kelley, 1869-1931 Florence Kelley, 2009 As head of the National Consumers League from its founding in 1899 until her death in 1932 Florence Kelley led campaigns that reshaped the conditions under which goods were produced in the United States She also worked to pass laws providing for an eight hour workday a minimum wage the first federal health legislation for women and children and abolition of child labor An ally of W E B DuBois she was a founding member of the National Association for the Advancement of Colored People and served on its board for twenty years This volume collects nearly three hundred of Kelley s letters written over the course of more than six decades Rendered in Kelley s vivid often combative prose these letters also provide an intimate view into the personal life of a dedicated reformer who balanced her career with her responsibilities as a single mother of three children Midnight Rambles David J. Goodwin, 2023-11-07 A micro biography of horror fiction s most influential author and his love hate relationship with New York City By the end of his life and near financial ruin pulp horror writer Howard Phillips Lovecraft resigned himself to the likelihood that his writing would be forgotten Today Lovecraft stands alongside J R R Tolkien as the most influential genre writer of the twentieth century His reputation as an unreformed racist and bigot however leaves readers to grapple with his legacy Midnight Rambles explores Lovecraft s time in New York City a crucial yet often overlooked chapter in his life that shaped his literary career and the inextricable racism in his work Initially New York stood as a place of liberation for Lovecraft During the brief period between 1924 and 1926 when he lived there Lovecraft joined a creative community and experimented with bohemian living in the publishing and cultural capital of the United States He also married fellow writer Sonia H Greene a Ukrainian Jewish migr in the fashion industry However cascading personal setbacks and his own professional ineptitude soured him on New York As Lovecraft became more frustrated his xenophobia and racism became more pronounced New York s large immigrant population and minority communities disgusted him and this mindset soon became evident in his writing Many of his stories from this era are infused with racial and ethnic stereotypes and nativist themes most notably his overtly racist short story *The Horror at Red Hook* set in Red Hook Brooklyn His personal letters reveal an even darker bigotry Author David J Goodwin presents a chronological micro biography of Lovecraft s New York years emphasizing Lovecraft s exploration of the city environment the greater metropolitan region and other locales and how they molded him as a writer and as an individual Drawing from primary sources letters memoirs and published personal reflections and secondary sources biographies and scholarship Midnight Rambles develops a portrait of a talented and troubled author and offers insights into his unsettling beliefs on race ethnicity and immigration **Stravinsky** Stephen Walsh, 2020-07-15 Widely regarded the greatest composer of the twentieth century Igor Stravinsky was central to the development of modernism in art Deeply influential and wonderfully productive he is remembered for dozens of masterworks from *The Firebird* and *The Rite of Spring* to *The Rake s Progress* but no dependable biography of him exists

Previous studies have relied too heavily on his own unreliable memoirs and conversations and until now no biographer has possessed both the musical knowledge to evaluate his art and the linguistic proficiency needed to explore the documentary background of his life a life whose span extended from tsarist Russia to Switzerland France and ultimately the United States In this revealing volume the first of two Stephen Walsh follows Stravinsky from his birth in 1882 to 1934 He traces the composer's early Russian years in new and fascinating detail laying bare the complicated relationships within his family and showing how he first displayed his extraordinary talents within the provincial musical circle around his teacher Nikolay Rimsky Korsakov Stravinsky's brilliantly creative involvement with the Ballets Russes is illuminated by a sharp sense of the internal artistic politics that animated the group Portraying Stravinsky's circumstances as an migr in France trying to make his living as a conductor and pianist as well as a composer while beset by emotional and financial demands Walsh reveals the true roots of his notorious obsession with money during the 1920s and describes with sympathy the nature of his long affair with Vera Sudeykina While always respecting Stravinsky's own insistence that life and art be kept distinct Stravinsky makes clear precisely how the development of his music was connected to his life and to the intellectual environment in which he found himself But at the same time it demonstrates the composer's remarkably pragmatic psychology which led him to consider the welfare of his art to be of paramount importance before which everything else had to give way Hence for example his questionable attitude toward Hitler and Mussolini and his reputation as a touchy unpredictable man as famous for his enmities as for his friendships Stephen Walsh long established as an expert on Stravinsky's music has drawn upon a vast array of material much of it unpublished or unavailable in English to bring the man himself in all his color and genius to glowing life Written with elegance and energy comprehensive balanced and original Stravinsky is essential reading for anyone interested in the adventure of art in our time Praise from the British press for Stephen Walsh's *The Music of Stravinsky* One of the finest general studies of the composer Wilfrid Mellers composer Times Literary Supplement The beautiful prose of *The Music of Stravinsky* is itself a fund of arresting images For those who already love Stravinsky's music Walsh's essays on each work will bring a smile of recognition and joy at new kernels of insight For those unfamiliar with many of the works he discusses Walsh's commentaries are likely to whet appetites for performances of the works John Shepherd Notes This book sent me scurrying back to the scores and made me want to recommend it to other people Above all it is a good read Anthony Pople Music and Letters

The Collected Letters of C.S. Lewis, Volume 3 C. S. Lewis, 2004 The letters found in Volume II reveal inside accounts of how *The Screwtape Letters* came to be written the early meetings of the Inklings with J R R Tolkien giving readings about hobbits and Middle Earth how C S Lewis became popular through BBC radio talks but mostly how this quiet professor in England touched the lives of many through an amazing discipline of personal correspondence

A Great Unrecorded History Wendy Moffat, 2010-05-11 A REVELATORY LOOK AT THE INTIMATE LIFE OF THE GREAT AUTHOR AND HOW IT SHAPED HIS MOST BE LOVED WORKS With the posthumous

publication of his long suppressed novel Maurice in 1970 E M Forster came out as a homosexual though that revelation made barely a ripple in his literary reputation As Wendy Moffat persuasively argues in A Great Unrecorded History Forster s homosexuality was the central fact of his life Between Wilde s imprisonment and the Stonewall riots Forster led a long strange and imaginative life as a gay man He preserved a vast archive of his private life a history of gay experience he believed would find its audience in a happier time A Great Unrecorded History is a biography of the heart Moffat s decade of detective work including first time interviews with Forster s friends has resulted in the first book to integrate Forster s public and private lives Seeing his life through the lens of his sexuality offers us a radically new view revealing his astuteness as a social critic his political bravery and his prophetic vision of gay intimacy A Great Unrecorded History invites us to see Forster and modern gay history from a completely new angle

Modernist Travel Writing David G. Farley, 2010-11-30 As the study of travel writing has grown in recent years scholars have largely ignored the literature of modernist writers Modernist Travel Writing Intellectuals Abroad by David Farley addresses this gap by examining the ways in which a number of writers employed the techniques and stylistic innovations of modernism in their travel narratives to variously engage the political social and cultural milieu of the years between the world wars Modernist Travel Writing argues that the travel book is a crucial genre for understanding the development of modernism in the years between the wars despite the established view that travel writing during the interwar period was largely an escapist genre one in which writers hearkened back to the realism of nineteenth century literature in order to avoid interwar anxiety Farley analyzes works that exist on the margins of modernism generically and geographically works that have yet to receive the critical attention they deserve partly due to their classification as travel narratives and partly because of their complex modernist styles The book begins by examining the ways that travel and the emergent travel regulations in the wake of the First World War helped shape Ezra Pound s Cantos From there it goes on to examine E E Cummings s frustrated attempts to navigate the unwelcome world of Soviet Russia in his book Eimi Wyndham Lewis s satiric journey through colonial Morocco in Filibusters in Barbary and Rebecca West s urgent efforts to make sense of the fractious Balkan states in Black Lamb and Grey Falcon These modernist writers traveled to countries that experienced most directly the tumult of revolution the effects of empire and the upheaval of war during the years between World War I and World War II Farley s study focuses on the question of what constitutes evidence for Pound Lewis Cummings and West as they establish their authority as eyewitnesses translate what they see for an audience back home and attempt to make sense of a transformed and transforming modern world Modernist Travel Writing makes an original contribution to the study of literary modernism while taking a distinctive look at a unique subset within the growing field of travel writing studies David Farley s work will be of interest to students and teachers in both of these fields as well as to early twentieth century literary historians and general enthusiasts of modernist studies

Collected Letters Clive Staples Lewis, 2000 This collection brings together the best of C S Lewis s letters many published for the first time Arranged in

chronological order this final volume covers the years 1950 the year *The Lion the Witch and the Wardrobe* was published through to Lewis's untimely death in 1963

Index of the Periodical Dental Literature Published in the English Language, 1929 Beginning with 1962 references are not limited to material in the English language *Down the Nights and Down the Days* Edward L. Shaughnessy, 2000-06-20 This latest book from veteran O'Neillian Edward L. Shaughnessy examines the influence of the Irish playwright's Catholic heritage on his moral imagination Critics due to O'Neill's early renunciation of faith at age 15 have mostly overlooked this presence in his work While Shaughnessy makes no attempt to reclaim him for Catholicism he uncovers evidence that O'Neill retained the imprint of his Irish Catholic upbringing and acculturation in his work Shaughnessy discusses several key plays from the O'Neill canon such as *Long Day's Journey into Night* *The Iceman Cometh* and *Mourning Becomes Electra* as well as the lesser known *Ile* and *Days Without End* Winner of the Irish in America Manuscript competition *Down the Days and Down the Nights* Eugene O'Neill's Catholic Sensibility is a compelling investigation into the psyche of one of the most brilliant internationally honored playwrights of our time

Horror as Racism in H. P. Lovecraft John L. Steadman, 2024-01-11 Providing a new perspective on Lovecraft's life and work *Horror as Racism in H. P. Lovecraft* focuses on the overlap between the writer's personal beliefs and the racist images and narratives in his speculative fiction Building on recent debates about Lovecraft and drawing on the concept of white fragility John Steadman argues that the writer's fiction reflects his feelings of resentment and anger towards non-white persons and was used to advocate for his racist xenophobic political beliefs that western civilization was in decline and slavery was justifiable among superior civilizations In making these claims Lovecraft's tales pit humans against extra-terrestrial aliens developing a terrifying futuristic vision of the Earth as a plantation planet The familiar image of Lovecraft as a reclusive creative genius and mentor to young writer friends is dismantled through close readings of his fiction and nonfiction including correspondence essays and poetry and examination of his early biography This image is replaced by that of a cruel callous and at times psychotic man a violently vitriolic racist and white supremacist who hated most of the non-white races While some will dismiss the author outright and others will read his fiction but ignore the racism *Horror as Racism in H. P. Lovecraft* takes a middle ground acknowledging Lovecraft's personal history and heinous intentions it helps readers navigate the author's disturbing biography while also getting a better sense of the stories which remain significant within American science fiction

The Music of John Ireland Fiona Richards, 2017-11-28 This title was first published in 2000 John Ireland 1879-1962 was as elusive as the music that he composed His music resists easy categorization in part because it is linked so closely to specific events places and people in Ireland's personal life *The Music of John Ireland* explores the expressive and extramusical qualities of Ireland's compositions and their complex system of personal musical symbols images and ideas Fiona Richards interweaves biography and musical analysis in a series of chapters which take their themes from the significant influences in Ireland's life Anglo-Catholicism paganism the countryside the city love and war

Ireland emerges as highly individual struggling with his religious beliefs his sexuality and an uncertainty as to his success His music often an expression of a state of mind is given for the first time the close investigation that it merits Ireland preferred to compose on a small scale showing a masterful command of form and a gift for melody Richards reveals how the essence of the man shines through in the miniatures that he wrote **Russomania** Rebecca Beasley,2020 Russomania is the first comprehensive account of the breadth and depth of the modernist fascination with Russian and early Soviet culture It traces Russia s transformative effect on literary and intellectual life in Britain between 1881 and 1922 from the assassination of Alexander II to the formation of the Soviet Union Studying canonical writers alongside a host of less well known authors and translators it provides an archive rich study of institutions disciplines and networks Book jacket **The Narcissism Conundrum** Apoorva Bharadwaj,2014-01-14 This book presents a psycho biographic analysis of Ernest Hemingway s works so as to map the complex mindscape of the author in order to unearth those thought processes that culminated in the character architecture of his protagonists inaugurating a tradition of a narcissistic self fictionalization His epistolary literature has been primarily used as an opulent source of biographic information for profiling the real Hemingway de skinning the photogenic cosmetic layers of glamour that this hunter fisherman soldier author had a fetish to don flamboyantly This methodical meticulous book dissecting the character anatomies of Hemingway s protagonists using the tool of biographic chronicle will enable Hemingway aficionados to decipher the narcissism conundrum that haloes this author s mystic persona Chimneys and Towers Betsy Fahlman,Claire Barry,Charles Demuth,2007-09-05 Chimneys and Towers focuses on Demuth s late paintings of industrial sites in Lancaster Depicting the warehouses and factories of the city s tobacco and linoleum industries in sharp geometric forms these paintings bring to the depiction of his hometown the style of the American avant garde that he helped create **CIS Index to U.S. Executive Branch Documents, 1910-1932** Congressional Information Service,1996 **John Ireland** ,2007 John Ireland 1879 1962 was one of the leading composers of the English Musical Renaissance at the end of the nineteenth century and beginning of the twentieth century This catalogue of his compositions a revised and enlarged edition of the one published in 1993 by the Clarendon Press Oxford University Press in association with the John Ireland Trust lists his compositions from 1895 to 1961 Full details are given of dates of composition people or bodies responsible for a work s commission instrumentation first performance publications location of the autograph manuscript critical comment in the bibliography from the contemporary press and music journals and recordings on compact disc Appended is a general bibliography and classified index of main works A list of personalia supplies details of people connected with Ireland and his music during his lifetime Kansas Craig Miner,2002-10-21 Kansas is not only the Sunflower State it s the very heart of America s heartland It is a place of extremes in politics as well as climate where ambitious and energetic people have attempted to put ideals into practice a state that has come a long way since being identified primarily with John Brown and his exploits Craig Miner has written a complete and balanced history of

Kansas capturing the state's colorful past and dynamic present as he depicts the persistence of contrasting images of and attitudes toward the state throughout its 150 years. A work combining serious scholarship with great readability, it encompasses everything from the Kansas Nebraska Act to the evolution creationism controversy, emphasizing the historical moments that were pivotal in forming the culture of the state and the diverse group of people who have contributed to its history. *Kansas: The History of the Sunflower State* is the first new state history to appear in over twenty-five years and the most thoroughly researched ever published. Written to enlighten general readers within and well beyond the state's borders, it offers coverage not found in previous histories: greater attention to its cities, notably Wichita, and to its south central and western regions; accounts of business history; contributions of women and minorities; and environmental concerns. It presents the dark as well as the bright side of Kansas progressivism and is the first Kansas history to deal with the post-World War II era in any significant detail. Craig Miner has spent almost forty years researching, teaching, and writing Kansas history and has dug deeply into primary sources, especially gubernatorial papers, that shed new light on the state. That research has enabled him to assemble a wider cast of characters and more entertaining collection of quotations than found in earlier histories and to better show how individual initiative and entrepreneurial aspirations have profoundly influenced the creation of present-day Kansas. Ranging from the days of cattle and railroads to the era of oil and agribusiness, this history situates the state in its own terms rather than as a sidebar to a larger American epic. Miner brings to its pages an identifiable Kansas character to preserve what is distinctive about the state's identity for future generations, echoing what one Kansan said over half a century ago: "Kansas is simply Kansas. May she never be tempted to become anything else." **Bernard M. Baruch**

James L. Grant, 1997-02-05. This biography of Bernard Baruch is considered to be renowned as the definitive story about the notorious financial wizard and presidential advisor. Baruch's political policies are discussed briefly, and James Grant includes a detailed account of Baruch's trading and investment gains and losses. **The Novel and the Problem of New Life** Aaron

Matz, 2021-07-15. An expansive study of the novel's moral ambivalence toward procreation from the nineteenth century through modernism to the present. **Edmund Wilson** Lewis M. Dabney, 2005-08-03. From the Jazz Age through the McCarthy era, Edmund Wilson (1895-1972) stood at the center of the American cultural scene. In his own youth, a crucial champion of the young Ernest Hemingway and F. Scott Fitzgerald, Wilson went on to write three classics of literary and intellectual history: *Axel's Castle*, *To the Finland Station*, and *Patriotic Gore*, searching reportage and criticism that has outlasted many of its subjects. Wilson documented his unruly private life: a formative love affair with Edna St. Vincent Millay, a tempestuous marriage to Mary McCarthy, and volatile friendships with Fitzgerald and Vladimir Nabokov, among others, in openly erotic fiction and journals. But Lewis Dabney is the first writer to integrate the life and work. Dabney traces the critic's intellectual development from son of small-town New Jersey gentry to America's last great renaissance man, a deep commentator on everything from the Russian classics to Native American rituals to the Dead Sea Scrolls. Along the way,

Dabney shows why Wilson was and has remained in his cosmopolitanism and trenchant nonconformity a model for young writers and intellectuals as well as the favorite critic of the general reader Edmund Wilson will be recognized as the lasting biography of this brilliant man whose life reflected so much of the cultural social and human experience of a turbulent century

Right here, we have countless books **Selected Letters 1924 195** and collections to check out. We additionally manage to pay for variant types and after that type of the books to browse. The gratifying book, fiction, history, novel, scientific research, as skillfully as various other sorts of books are readily easy to use here.
