International Relations and Non-Western Thought Robbie Shilliam, 2010-09-13 International Relations as a discipline tends to focus upon European and Western canons of modern social and political thought Alternatively this book explores the global imperial and colonial context within which knowledge of modernity has been developed The chapters sketch out the historical depth and contemporary significance of non Western thought on modernity as well as the rich diversity of its individuals groups movements and traditions The contributors theoretically and substantively engage with non Western thought in ways that refuse to render it exotic to superfluous to or derivative of the orthodox Western canon of social and political thought Taken as a whole the book provides deep insights into the contested nature of a global modernity shaped so fundamentally by Western colonialism and imperialism Now as ever these insights are desperately needed for a discipline that is so closely implicated in Western foreign policy making and yet retains such a myopic horizon of inquiry This work provides a significant contribution to the field and will be of great interest to all scholars of politics political theory and international relations theory Nehru and Bose Rudrangshu Mukherjee, 2015-09-15

Nobody has done more harm to me than Jawaharlal Nehru wrote Subhas Chandra Bose in 1939 Had relations between the two great nationalist leaders soured to the extent that Bose had begun to view Nehru as his enemy But then why did he name one of the regiments of the Indian National Army after Jawaharlal And what prompted Nehru to weep when he heard of Bose's untimely death in 1945 and to recount soon after I used to treat him as my younger brother Rudrangshu Mukherjee's fascinating book traces the contours of a friendship that did not quite blossom as political ideologies diverged and delineates the shadow that fell between them for Gandhi saw Nehru as his chosen heir and Bose as a prodigal son **Madan Mohan Malaviya and the Indian**

Road to Pakistan B. R. Nanda,2013-07-03 This is a biography of Mohammad Ali Jinnah and the story of the creation of Pakistan At a time of much interest and concern about Pakistan in the international

community this volume provides a historical context which helps in an understanding of the present It traces the development of the Muslim identity on the Indian subcontinent and follows Jinnah as he rode the wave of Muslim communalism to ultimate success in the demand for the partition of India and the creation of Pakistan at independence from British rule Jinnah's successful espousal of the demand for Pakistan was a remarkable feat In achieving this success Jinnah traversed a long distance from the beliefs with which he entered public life He started out a nationalist as a protégé of senior Congress leaders like Dadabhai Naoroji However the introduction of separate electorates for Muslims after the Minto Morley reforms in 1909 led him to change his position in order to appeal to his changed constituency Even so it was not until 1937 that he unabashedly played the religious card He now began to see the Congress and the Hindus as his adversaries rather than the British Through these twists and turns of posture the one constant factor was his underlying ambition to remain in a position of leadership and eminence This volume traces the zigzag course of Jinnah's political life and the establishment of Pakistan within the broader framework of the Indian freedom struggle Indeed the main players in this struggle with three protagonists were the Indian National Congress and the British rulers This work demonstrates how this bigger struggle opened the door for Muslim separatism led by Jinnah It was through this opening aided by British moves to use the Muslim League as a foil to the Congress that Jinnah very astutely led his party to success in its demand for the creation of Pakistan

East of Empire Erin M.B. O'Halloran, 2025-03-11 From the outset of the twentieth century Egyptian and Indian leaders understood their movements for self-determination as linked and part of a shared project Following World War I as connections between the Middle East and South Asia proliferated Egypt and India lay squarely at the heart of increasingly complex and multilateral relations East of Empire traces how anticolonial nationalism gained momentum across the East and documents the friendships rivalries cultural exchanges and shifting political alliances that came to animate the interwar project of Easternism a cosmopolitan vision of the world whose center of gravity lay beyond Europe in the great city of Cairo Erin O'Halloran offers a compelling new account of the era immediately preceding decolonization and the epochal partitions of India and Palestine Alongside well-known figures like Mohandas K. Gandhi Jawaharlal Nehru and Saad Zaghlul she introduces less familiar but no less intriguing personalities feminists diplomats and poets surrealists socialists and spies Each dreamed, wrote, organized and fought for the liberation of the East a space universally evoked though seemingly impossible to pin down Drawing on a broad cross-section of Indian Arab British and European sources East of Empire transcends archival partitions to tell a powerful and nearly forgotten set of stories about the rise of anticolonial nationalism and the end of empire across the Middle East and South Asia
