**Selected Writings of Thomas Traherne** Thomas Traherne,1980 Thomas Traherne's poems were discovered in London in 1896 and originally assigned in error to Henry Vaughan Later scholarship has established their true authorship Traherne 1637 1674 was a remarkable religious writer The son of a Hereford shoe maker he was well educated took religious orders and pursued a varied career Prior to the discovery of his poems he was best known for his Centuries of Meditations of which passages from the third are most widely anthologised The visionary precision of his prose characterises his verse as well he is a not altogether orthodox mystic and in his best work a fine writer altogether Dick Davis himself a notable young poet presents a selection from the full range of Traherne's poetry and prose and provides a critical and biographical introduction

Michael Oakeshott Selected Writings Collection Michael Oakeshott,2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922 86 Early Political Writings 1925 30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History **Edward Thomas: Prose**

**Writings: A Selected Edition** Edna Longley,2023-10-12 Edward Thomas can be seen as the most important poetry critic in the early twentieth century Thomas was a prose writer before he was a poet The Selected Edition of his prose and especially this volume shows that he was also a critic before he was a poet His unusual literary career opens up key questions about the relation between poetry and criticism as well as between poetry and prose Thomas wrote books about poetry but his criticism mainly took the form of reviews He reviewed collections editions and studies of poetry most regularly for the Daily Chronicle and the Morning Post These reviews amount to a unique commentary on the state of poetry and of poetry criticism after 1900 Since reviewing provided Thomas's main income he also reviewed other kinds of book Hence the sheer mass of his reviews the stress he suffered as a literary journalist Yet his criticism maintains an astonishingly high standard Thomas's response to contemporary poetry intersects with his readings of older poetry No critic or poet of the time was so deeply acquainted with the traditions of English language poetry or so alert to new poetic movements in Ireland and America Edward Thomas's writings on poetry have a double importance Besides suggesting the hidden evolution of his own aesthetic they constitute a lost history and critique of poetry before the Great War They change our assumptions about that period Thomas's

perspectives on poets such as Yeats Hardy Frost Lawrence and Pound illuminate the making of modern poetry **When Souls Had Wings** Terryl L. Givens,2009-09-08 The idea of the pre existence of the soul has been extremely important widespread and persistent throughout Western history from even before the philosophy of Plato to the poetry of Robert Frost When Souls Had Wings offers the first systematic history of this little explored feature of Western culture Terryl Givens describes the tradition of pre existence as pre heaven the place where unborn souls wait until they descend to earth to be born And typically it is seen as a descent a falling away from a happier and untroubled state into the turbulent and sinful world we know The title of the book refers to the idea put forward in antiquity that our souls begin with wings and that only

after shedding those wings do we fall to earth The book not only traces the history of the idea of pre existence but also captures its meaning for those who have embraced it Givens describes how pre existence has been invoked to explain the better angels of our nature including the human yearning for transcendence and the sublime Pre existence has been said to account for why we know what we should not know whether in the form of a Greek slave s grasp of mathematics the moral sense common to humanity or the human ability to recognize universals The belief has explained human bonds that seem to have their own mysterious prehistory salved the wounded sensibility of a host of thinkers who could not otherwise account for the unevenly distributed pain and suffering that are humanity s common lot and has been posited by philosophers and theologians alike to salvage the principle of human freedom and accountability When Souls had Wings underscores how durable and controversial this idea has been throughout the history of Western thought the theological dangers it has represented and how prominently it has featured in poetry literature and art

our foremost student of mysticism Both the scholar and the disciple will find God s plenty here Barbara Newman Professor of English Religion and Classics John Evans Professor of Latin Northwestern University An unusually clear and insightful exposition of major texts selected by one of the greatest scholars in the field of Christian mysticism based on his vast erudition and uniquely sensitive interpretation Like his other books this one too is destined to become a classic Professor Moshe Idel Hebrew University Jerusalem     Happiness and Holiness Denise Inge,2008-09-01 The 17th century writer Thomas Traherne is increasingly being recognised and studied as a theologian as well as a poet The discovery in 1997 announced by the author of this volume of five new prose works and a poetic work has given huge impetus to the study of Traherne in literature and theology This affordable concise introduction to Traherne s life and work concerns Traherne primarily as a theologian and places him in an historical and intellectual context he has thus far lacked It demonstrates his distinctive contribution to Anglican theology Consisting of a 10 000 word introductory essay and biography it is followed by extracts from Traherne s work under the following headings Creatures and Powers Holiness and Happiness Sin and Salvation Christian Liberty Advice on Ministry and Prayers     *The Complete Poems* Andrew Marvell,1985 Member of Parliament tutor to Oliver Cromwell s ward satirist and friend of John Milton Andrew Marvell was one of the most interesting and important poets of the seventeenth century The Complete Poems demonstrates his unique skill and immense diversity to the full and includes lyrical love poetry religious works and biting satire From the passionately erotic To his Coy Mistress to the astutely political Cromwellian poems and the profoundly spiritual On a Drop of Dew in which he considers the nature of the soul these works are masterpieces of clarity and metaphysical imagery Eloquent and compelling they remain among the most vital and profound works of the era works by a figure who in the words of T S Eliot speaks clearly and unequivocally with the voice of his literary age     *A World Transfigured* Philip Sheldrake,2022-10-15 In *A World Transfigured The Mystical Journey* Philip Sheldrake demonstrates the importance of the mystical dimension of religious belief and practice Using the words of the great theologian Karl Rahner Sheldrake makes the case that the Christian of the future will be either a mystic or nothing at all In our contemporary world this judgment applies equally to other religions as well After chapters on the meaning of mysticism and the connection between mysticism and beliefs Sheldrake describes important dimensions of mystical writings illustrated by a range of examples These are Love and Desire Knowing and Unknowing Wonder and Beauty Mysticism and Everyday Practice and The Mystic as Radical Prophet Finally the book briefly explores why mysticism fascinates so many people in our modern times     **Boundless Innocence in Thomas Traherne's Poetic Theology** Elizabeth S. Dodd,2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall *Boundless Innocence in Thomas Traherne s Poetic Theology* traces innocence through Traherne s works as it transgresses the boundaries of the estates of the soul Using

grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry Were all Men Wise and Innocent Recovering and reinterpreting a key but increasingly neglected theme in Traherne's poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology

**The Poet and the Fly** Robert Hudson, 2020-07-28 Flies are the most ubiquitous of insects buzzing minuscule and seemingly insignificant they've been both plagues and minor annoyances for millennia Rather than ignore these incredibly mundane and seemingly insignificant creatures poets spanning centuries from the seventeenth to the twentieth and continents from North America to Asia have found that these ordinary bugs in fact illuminate deep spiritual mysteries In this revelatory book Robert Hudson considers seven poets each of whom wrote a provocative poem about a fly These poets all mystics in their own way ponder the simple fly and come to astounding conclusions Considering Emily Dickinson William Blake and several other poets **The Poet and the Fly** brings together the poetry the flies and the poets own lives to explore the imaginative and often prophetic insights that come from the startling combination of poetry and flies Ultimately the message each poet offers to us through the fly is as relevant today as it was in their own time the miracle of existence the gift of mortality the power of the imagination the need for compassion the existence of the soul the mystery of everything around us and the sacramental grace giving power of story

**The Only Mind Worth Having** Gardner Fiona, 2016-11-24 In **The Only Mind Worth Having** Fiona Gardner takes Thomas Merton's belief that the child mind is the only mind worth having and explores it in the context of Jesus challenging paradoxical and enigmatic command to become like small children Shedemonstrates how Merton's belief and Jesus command can be understood as part of contemporary spirituality and spiritual practice To follow Christ's command requires a great leap of the imagination Gardner examines what it might mean to make this leap when one is an adult without it becoming sentimental and mawkish or regressive and pathological Using both psychological and spiritual insights and drawing on the experiences of Thomas Merton and others Gardner suggests that in some mysterious and paradoxical way recovering a sense of childhood spirituality is the path towards spiritual maturity The move from childhood spirituality to adulthood and on to a spiritual maturity through the child mind is a move from innocence to experience to organised innocence or from dependence to independence to a state of being in dependence with God

*Dazzling Darkness* James Harpur, 2025-04-10 At the core of the Christian faith lies the spiritual journey to the heart of ultimate reality or God described by some mystics as a dazzling darkness For over 2 000 years certain women and men have experienced various degrees of direct communion with God from mild illuminations to a union in which the will of the mystic has been consumed This book explores such spiritual figures lives and teachings alongside their personal and historical backgrounds from early Christendom to modern mystics such as Simone Weil and Thomas Merton It reveals that the English anchoress Julian of Norwich grew up while the Black Death was devastating Europe that the beguine Marguerite Porete lived at a time when the Church was particularly primed to burn heretics a fate she suffered and that Pierre Teilhard de Chardin developed his idea of spiritual evolution with Charles Darwin's theories in the air Comprehensive deeply researched and highly engaging *Dazzling Darkness* tells the stories of towering figures like Hildegard of Bingen Teresa of Avila and John of the Cross Its pages also highlight many lesser known mystics including Mary of Egypt Seraphim of Sarov and Charles de Foucauld allowing their voices to sing out to future generations

**Strange Eventful History** Christopher Loveless, 2012-06-19 In this fascinating book Christopher Loveless threads together the biographies of all the Church of England's saints famous and unknown to create one continuous story Beginning as a small company of the friends of a crucified carpenter the church has grown into a worldwide movement whose restless quest for God and creative dynamism has shaped our culture and all our lives This book tells you the stories of the men and women who made it happen martyrs and theologians missionaries and mystics writers and reformers misfits and even the odd criminal The story of the saints is the story of humanity

*Greening the Children of God* Chad Michael Rimmer, 2021-01-01 *Greening the Children of God* uncovers the theological roots of the growing ethical imperative to reconnect children to their natural environment In their different traditions theologians environmental educators and psychologists all affirm that knowing their place in the natural environment helps a child develop an intersubjective ecological identity that nurtures virtues of mutuality and care During the Scientific Revolution this ethical harmony was threatened as science and moral theology began to adopt different epistemological methods something the Anglican priest and poet Thomas Traherne was all too aware of Traherne insisted that education should promote a child's attention to the moral dimensions woven into the tapestry of creation and professed that play wonder and a sensory relationship to diverse creatures play a pedagogical role in a child's moral formation *Greening the Children of God* establishes the contemporary

significance of Traherne's moral theory in conversation with child psychologists educators philosophers and theologians who know that cultivating a place based relationship to the local ecology helps children perceive creation's deep mutuality and develop a moral identity in the image of a caring Creator

**God Truly Worshipped** Jonathan Dean, 2011-09-30 Archbishop Thomas Cranmer 1489-1556 played a formative role in the creation and development of the Church of England from his dramatic appointment as Archbishop of Canterbury in 1532 through his granting of Henry VIII's divorce from Queen Katharine his emergence under Edward VI as a determined reformer in the mould of his European contemporaries and to his martyr's death under Mary Tudor in 1556 He is best remembered as the prime creator of the two Books of Common Prayer of 1549 and 1552 which stand at the head of Anglican liturgical identity and tradition This book seeks to offer a survey of his growth and development as theologian and leader of the church through the lens of his written work not only liturgy but also homilies correspondence and official doctrinal statements This volume introduces Cranmer as a churchman theologian and liturgist whose original contribution to Anglican spirituality in its earliest formative moments cannot be underestimated

*Poetry and the Fate of the Senses* Susan Stewart, 2002-01-20 What is the role of the senses in the creation and reception of poetry How does poetry carry on the long tradition of making experience and suffering understood by others With *Poetry and the Fate of the Senses* Susan Stewart traces the path of the aesthetic in search of an explanation for the role of poetry in culture Herself an acclaimed poet Stewart not only brings the intelligence of a critic to the question of poetry but the insight of a practitioner as well Her new study includes close discussions of poems by Stevens Hopkins Keats Hardy Bishop and Traherne of the sense of vertigo in Baroque and Romantic works and of the rich tradition of nocturnes in visual musical and verbal art Ultimately she argues that poetry can counter the denigration of the senses in contemporary life and can expand our imagination of the range of human expression *Poetry and the Fate of the Senses* won the 2004 Truman Capote Award for Literary Criticism in Memory of Newton Arvin administered for the Truman Capote Estate by the University of Iowa Writers Workshop It also won the Phi Beta Kappa Society's 2002 Christian Gauss Award for Literary Criticism

**Transcendence and the Concrete** Jean Wahl, 2016-11-01 Jean Wahl 1888-1974 once considered by the likes of Georges Bataille Gilles Deleuze Emmanuel Levinas and Gabriel Marcel to be among the greatest French philosophers has today nearly been forgotten outside France Yet his influence on French philosophical thought can hardly be overestimated Levinas wrote that during over a half century of teaching and research Wahl was the life force of the academic extra academic and even to a degree anti academic philosophy necessary to a great culture And Deleuze for his part commented that Apart from Sartre who remained caught none the less in the trap of the verb to be the most important philosopher in France was Jean Wahl Besides engaging with the likes of Bataille Bergson Deleuze Derrida Levinas Maritain and Sartre Wahl also played a significant role in some cases almost singlehandedly in introducing French philosophy to movements like existentialism and American pragmatism and literature and thinkers like Hegel Kierkegaard Nietzsche Jaspers and Heidegger Yet Wahl was

also an original philosopher and poet in his own right This volume of selections from Wahl s philosophical writings makes a selection of his most important work available to the English speaking philosophical community for the first time Jean Wahl was Professor of Philosophy at the Sorbonne from 1936 to 1967 save during World War II which he spent in the United States having escaped from the Drancy internment camp His books to appear in English include The Pluralist Philosophies of England and America Open Court 1925 The Philosopher s Way Oxford UP 1948 A Short History of Existentialism Philosophical Library 1949 and Philosophies of Existence Schocken 1969      **Who One Is** J.G. Hart, 2009-04-21 Both volumes of this work have as their central concern to sort out who one is from what one is In this Book 1 the focus is on transcendental phenomenological ontology When we refer to ourselves we refer both non ascriptively in regard to non propertied as well as ascriptively in regard to propertied aspects of ourselves The latter is the richness of our personal being the former is the essentially elusive central concern of this Book 1 I can be aware of myself and refer to myself without it being necessary to think of any third personal characteristic indeed one may be aware of oneself without having to be aware of anything except oneself This consideration opens the door to basic issues in phenomenological ontology such as identity individuation and substance In our knowledge and love of Others we find symmetry with the first person self knowledge both in its non ascriptive forms as well as in its property ascribing forms Love properly has for its referent the Other as present through but beyond her properties Transcendental phenomenological reflections move us to consider paradoxes of the transcendental person For example we contend with the unpresentability in the transcendental first person of our beginning or ending and the undeniable evidence for the beginning and ending of persons in our third person experience The basic distinction between oneself as non sortal and as a person pervaded by properties serves as a hinge for reflecting on the afterlife This transcendental phenomenological ontology of necessity deals with some themes of the philosophy of religion
