Science, Language, and Reform in Victorian Poetry Barbara Barrow, 2019-05-29 Barrow s timely book is the first to examine the link between Victorian poetry the study of language and political reform Focusing on a range of literary scientific and political texts Barrow demonstrates that nineteenth century debates about language played a key role in shaping emergent ideas about popular sovereignty While Victorian scientists studied the origins of speech the history of dialects and the barrier between human and animal language poets such as Elizabeth Barrett Browning Alfred Tennyson and Thomas Hardy drew on this research to explore social unrest the expansion of the electorate and the ever widening

boundaries of empire Science Language and Reform in Victorian Poetry recovers unacknowledged links between poetry philology and political culture and contributes to recent movements in literary studies that combine historicist and formalist approaches

Epistolary Encounters in Neo-Victorian Fiction K. Brindle, 2014-01-24 Neo Victorian writers invoke conflicting viewpoints in diaries letters etc to creatively retrace the past in fragmentary and contradictory ways This book explores the complex desires involved in epistolary discoveries of hidden Victorians offering new insight into the creative synthesising of critical thought within the neo Victorian novel

Alternate Histories and Nineteenth-Century Literature Ben Carver, 2017-10-17 This book provides the first thematic survey and analysis of nineteenth century writing that imagined outcomes that history might have produced Narratives of possible worlds and scenarios referred to here as alternate histories proliferated during the nineteenth century and clustered around pressing themes and emergent disciplines of knowledge This study examines accounts of undefeated Napoleons after Waterloo alternative genealogies of western civilization from antiquity to the nineteenth century present day the imagination of variant histories on other worlds lost world fictions that discovered improved relations between men and women and the use of alternate history in America to reconceive the relationship between the New World and the Old The untimely imagination of other histories interrogated the impact of new techniques of knowledge on the nature of history itself This book sheds light on the history of speculative thought and the relationship between literature and the history of ideas in the nineteenth century

A People's History of Classics Edith Hall, Henry Stead, 2020-02-26 *A People's History of Classics* explores the influence of the classical past on the lives of working class people whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy in Britain and Ireland from the late 17th to the early 20th century This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working class culture was a Classics Free Zone Making use of diverse sources of information both published and unpublished in archives museums and libraries across the United Kingdom and Ireland Hall and Stead examine the working class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II They analyse a huge volume of data from individuals groups regions and activities in a huge range of sources including memoirs autobiographies Trade Union collections poetry factory archives artefacts and documents in regional museums This allows a deeper understanding not only of the many examples of interaction with the Classics but also what these cultural interactions signified to the working poor from the promise of social advancement to propaganda exploited by the elites to covert and overt class war *A People's History of Classics* offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland and is a must read not only for classicists but also for students of British and Irish social intellectual and political history in this period Further it brings new historical depth and perspectives to public debates around the future

of classical education and should be read by anyone with an interest in educational policy in Britain today
