African American Novels in the Black Lives Matter Era E. Lâle Demirtürk, 2019-08-09 African American Novels in the Black Lives Matter Era Transgressive Performativity of Black Vulnerability as Praxis in Everyday Life explores the undoing of whiteness by black people who dissociate from scripts of black criminality through radical performative reiterations of black vulnerability It studies five novels that challenge the embodied discursive practices of whiteness in interracial social encounters showing how they use strategic performances of Blackness to enable subversive practices in everyday life which is constructed and governed by white mechanisms of racialized control The agency portrayed in these novels opens up alternative spaces of Blackness to impact the social world and effects transformative change as a forceful critique of everyday life African American Novels in the Black Lives Matter Era shows how these novels reformulate the problem of black vulnerability as a constitutive source of the right to life in their refusal of subjection to vulnerability enacted by white institutional and individual forms of violence It positions a white black encounter oriented reading of these neo resistance novels of the Black Lives Matter era as a critique of everyday life in an effort to explore spaces of radical performativity of blackness to make happen social change and transformation *Why Black Lives Matter* Anthony B. Bradley, 2020-10-21 Beginning with a conversation prompted by African American scholars like Dr Alvin Poussaint of Harvard Medical School in 2007 to the current Black Lives Matter movement there has been much debate about what led to the deaths of Trayvon Martin and Michael Brown among others as well as other systemic challenges that undermine black thriving Anthony Bradley has assembled a team of scholars and religious leaders to provide a distinctly Christian perspective on what is needed for black communities to thrive from within In addition to the social and structural issues that must be addressed within black communities there are opportunities for social change based on God's vision for human flourishing Covering topics like the black family hip hop mental health mentoring women masculinity and the church this book will open your eyes to fresh ways to participate in solutions that will truly set black America free Although the Black Lives Matter movement keeps the church on the margins the authors in this volume believe that enduring change cannot happen unless God speaks directly to these issues in light of the gospel This is a revised edition of an earlier book *Keeping Your Head Up* With contributions from Vincent Bacote Bruce Fields Rev Howard Brown Ralph C Watkins Rev Eric M Mason Rev Lance Lewis Rev Anthony Carter Ken Jones Natalie Haslem Rev Ken Jones Rihana Mason Yvonne RB Banks Australian Books in Print 1999 K G Saur Books, 1999-04 Excellent coverage essential to worldwide bibliographic coverage American Reference Books Annual This comprehensive reference provides current finding ordering information on more than 123 000 in print books published in Australia You ll also find brief profiles of more than 12 000 publishers distributors whose titles are represented as well as information on trade associations local agents of overseas publishers literary awards more From Thorpe **White People and Black Lives Matter** Johanna C.
