Cou de la Ch taigneraie 1857 1926 was a French psychologist and pharmacist who introduced a popular method of psychotherapy and self improvement based on optimistic autosuggestion THE distinctive feature of M Cou s method compared with other popular methods of self healing lies in the fact that it reposes on purely psychological bases This is its value We may be reproached with robbing it in this book of its psychological foundation and confusing its clarity with mystical speculation But this is not so The value of M Cou s psychological doctrine and of his technical method is in no sense denied or depreciated in these pages We compare and contrast his teaching with the teaching of Christ on cognate subjects Finding between them an essential harmony we attempt to place autosuggestion in its true position in Christian life and thought and to utilise the Christian dynamic for extending and deepening its power The secular practice of autosuggestion continues unaltered but side by side with it we attempt to erect in essential outlines a Christian practice of autosuggestion C Harry Brooks     The Collected Works of Sigmund Freud Sigmund Freud,2023-12-31 The Collected Works of Sigmund Freud represents a monumental compilation of Freud s groundbreaking theories on psychoanalysis dreams and the human psyche This comprehensive volume encompasses key texts including The Interpretation of Dreams and Civilization and Its Discontents which are characterized by Freud s distinct literary style an intricate blend of rigorous scientific observation and philosophical musings The works delve into the complexities of the unconscious mind employing a narrative that challenges traditional notions of morality and human behavior setting the stage for much of modern psychology and literary criticism in the 20th century Sigmund Freud an Austrian neurologist and the father of psychoanalysis drew upon his extensive medical background and a profound interest in human behavior to develop theories that would revolutionize psychology His personal experiences and cultural milieu including his Jewish heritage and the socio political tensions of his time profoundly influenced his thinking Freud s innovative approach not only sought to treat psychological ailments but also aimed to explore the depths of human understanding and interpersonal dynamics This book is highly recommended for anyone interested in psychology literature or the complexities of the human condition Freud s insights offer invaluable perspectives that continue to resonate today making the Collected Works an essential addition to both scholarly libraries and personal collections
