Selftherapy For The Stutterer Publication 12 Special Revised Edition:

Self-therapy for the Stutterer Malcolm Fraser, 2002 Malcolm Fraser knew from personal experience what the person who stutters is up against His introduction to stuttering corrective procedures first came at the age of fifteen under the direction of Frederick Martin M D who at that time was Superintendent of Speech Correction for the New York City schools A few years later he worked with J Stanley Smith L L D a stutterer and philanthropist who for altruistic reasons founded the Kingsley Clubs in Philadelphia and New York that were named after the English author Charles Kingsley who also stuttered The Kingsley Clubs were small groups of adult stutterers who met one night a week to try out treatment ideas then in effect In fact they were actually practicing group therapy as they talked about their experiences and exchanged ideas This exchange gave each of the members a better understanding of the problem The founder often led the discussions at both clubs In 1928 Malcolm Fraser joined his older brother Carlyle who founded the NAPA Genuine Parts Company that year in Atlanta Georgia He became an important leader in the company and was particularly outstanding in training others for leadership roles In 1947 with a successful career under way he founded the Stuttering Foundation of America In subsequent years he added generously to the endowment so that at the present time endowment income covers over fifty percent of the operating budget In 1984 Malcolm Fraser received the fourth annual National Council on Communicative Disorders Distinguished Service Award The NCCD a council of 32 national organizations recognized the Foundation s efforts in adding to stutterers parents clinicians and the public s awareness and ability to deal constructively with stuttering Book jacket

Self-Therapy for the Stutterer Malcolm Frazer, Malcolm Fraser, 1985 Outlines a self therapy program which describes what the person who stutters can and should do to tackle the problem and control stuttering Often used as a supplement to clinical treatment This exciting revised 11th edition is written to and for the many adults and teens who stutter It states confidently that as a person who stutters you do not need to surrender helplessly to your speech difficulty because you can change the way you talk You can learn to communicate with ease rather than with effort There is no quick and easy way to tackle the problem but with the right approach self therapy can be effective [The Dysfluency Resource Book](#) Jackie Turnbull, Trudy Stewart, 2017-07-05 This is a comprehensive resource book for treating adults who stammer Completely revised and updated to take account of current practice this new edition draws together the latest information on therapy for adults along with practical examples of exercises tasks and activities that can be used for both individual and group programmes With new chapters and therapy ideas this is an extremely useful resource for all speech language therapists and students working with adults who stammer This useful resource seeks to explain techniques for treating people who stammer and the rationale for their use This volume forms a catalogue of treatment options from which clinicians may choose to use all of the techniques or pick out particular sections according to their clients special requirements The first edition of this book proved to be a very useful tool for speech and language professionals and this new edition has come about largely

because clinicians speech and language therapists and teachers have requested it With the inclusion of 50 photocopiable handouts and the presentation of the chapters in the order they would use with their own group programmes the authors set out the principles of therapy in such a way that the treatment techniques fit into a clear management approach

Trudy Stewart is a specialist in dysfluency and has been a service manager since 1986 She studied in America and obtained her PhD in 1991 Jackie Turnbull retired from SLT in July 2009 after 40 years in the profession over 35 of which were spent as a specialist in dysfluency working with children and adults She also worked for many years as a staff counsellor in a large hospital The collaboration that has grown up between the two of them has sparked further study in stammering Together they have developed a highly creative clinical practice which has national recognition **ASHA**, 1992 Asha American Speech-Language-Hearing Association, 1993 Current Catalog National Library of Medicine (U.S.), 1992 First multi year cumulation covers six years 1965 70 **Stuttering Intervention** David Allen Shapiro, 1999 **The Parent's Desk**
