Selmas Peacemaker:

Selma's Peacemaker Stephen L. Longenecker, 1987-01-01 Fight Against Fear Clive Webb, 2011-03-15 In the uneasily shared history of Jews and blacks in America the struggle for civil rights in the South may be the least understood episode Fight against Fear is the first book to focus on Jews and African Americans in that remarkable place and time Mindful of both communities precarious and contradictory standings in the South Clive Webb tells a complex story of resistance and complicity conviction and apathy Webb begins by ranging over the experiences of southern Jews up to the eve of the civil rights movement from antebellum slaveowners to refugees who fled Hitler's Europe only to arrive in the Jim Crow South He then shows how the historical burden of ambivalence between Jews and blacks weighed on such issues as school desegregation the white massive resistance movement and business boycotts and sit ins As many Jews grappled as never before with the ways they had become and yet never could become southerners their empathy with African Americans translated into scattered individual actions rather than any large scale organized alliance between the two groups The reasons for this are clear Webb says once we get past the notion that the choices of the much larger less conservative and urban centered Jewish populations of the North define those of all American Jews To understand Jews in the South we must look at their particular circumstances their small numbers and wide distribution denominational rifts and well founded anxiety over defying racial and class customs set by the region's white Protestant majority For better or worse we continue to define the history of Jews and blacks in America by its flash points By setting aside emotions and shallow perceptions Fight against Fear takes a substantial step toward giving these two communities the more open and evenhanded consideration their shared experiences demand Selma to Montgomery Historic Trail Study United States. National Park Service, 1993

Lift Up Your Voice Like a Trumpet Michael B. Friedland, 1998 When the Supreme Court declared in 1954 that segregated public schools were unconstitutional the highest echelons of Protestant Catholic and Jewish religious organizations enthusiastically supported the ruling and black civil rights workers expected and actively sought the cooperation of their white religious cohorts Many white southern clergy however were outspoken in their defense of segregation and even those who supported integration were wary of risking their positions by urging parishioners to act on their avowed religious beliefs in a common humanity Those who did so found themselves abandoned by friends attacked by white supremacists and often driven from their communities Michael Friedland here offers a collective biography of several southern and nationally known white religious leaders who did step forward to join the major social protest movements of the mid twentieth century lending their support first to the civil rights movement and later to protests over American involvement in Vietnam Profiling such activists as William Sloane Coffin Jr Daniel and Philip Berrigan Abraham Joshua Heschel Eugene Carson Blake Robert McAfee Brown and Will D Campbell he reveals the passions and commitment behind their involvement in these protests and places their actions in the context of a burgeoning ecumenical movement Guns or Butter : The Presidency of Lyndon

Johnson Los Angeles (Emeritus) Irving Bernstein Professor of Political Science University of California, 1996-01-11 The presidency of Lyndon Johnson was a pivotal moment in twentieth century American history From the decisive social programs of the Great Society to the triumph of the Civil and Voting Rights Acts to the catastrophe of the Vietnam War and domestic unrest it was an era of dramatic accomplishment and wrenching tragedy In *Guns or Butter* renowned historian Irving Bernstein brings those five climactic years of the sixties vividly to life from the moment Lee Harvey Oswald aimed a rifle from the window of the Texas School Depository to the tense ballot counting that put Richard Nixon in the White House in 1968 Bernstein's book is a narrative masterpiece filled with sharply drawn character sketches and swiftly moving accounts of events that range from deals cut in the Senate cloakroom to police charging after protesters on the streets of Selma to Vietcong commandos bursting into the American embassy in Saigon We see Johnson ordering aides Bill Moyers and Richard Goodwin to strip and join him for a skinny dip in the White House pool where they formulate the Great Society And we see a tired distracted president pacing in his bathrobe around a table model of the besieged Khe Sanh garrison examining aerial photographs and casualty reports Equally important Bernstein offers a deft assessment of Johnson's successes and failures from his legislative programs to his futile pursuit of the war in Vietnam to his failure to boost Hubert Humphrey's presidential campaign in 1968 The author not only retells the maneuvering that brought the president's plans into law he also analyzes and explains their impact from the Voting Rights Act to Medicare The Great Society Bernstein concludes was a triumph but Johnson's attempt to have both guns and butter to pursue massive domestic initiatives together with a bitter undeclared war led to runaway inflation that ultimately undermined his presidency From the dark moments after Kennedy's assassination in 1963 to the heady days of legislative victories of 1965 to the bloody crescendo of riots assassinations and military battles in 1968 Johnson's administration was a defining moment in modern American history In *Guns or Butter* Irving Bernstein brilliantly captures both the events and the meaning of those momentous years Aside from its historical value this book has major current significance The legislative program Newt Gingrich and his Republican colleagues introduced in 1995 was designed to repeal the Great Society Before doing so members of Congress and the interested public should understand Lyndon Johnson's vision and the legislation that was enacted during the sixties *Guns or Butter* provides that critical information

Dividing Lines J. Mills Thornton, 2002-09-25 In all three cities the white municipal leadership which had previously been united and intractable experienced deep divisions creating the indispensable window that permitted the resistance movements *Dividing Lines* shows that the action campaigns in three southern cities that mobilized black resistance to segregation and disfranchisement grew directly from specific events of municipal politics in those cities

BOOK JACKET **The Columbia Guide to African American History Since 1939** Robert L. Harris, Rosalyn Terborg-Penn, 2006 A multifaceted approach to understanding the central developments in African American history since 1939 It combines a historical overview of key personalities and movements with essays on specific facets of the African American experience a

chronology of events and a guide to further study From publisher description **Martin Luther King Jr.** John A. Kirk, 2014-06-06 Combining the latest insights from King biographies and movement histories this book provides an up to date critical analysis of the relationship between King and the wider civil rights movement Delivering a fresh perspective on the relationship between the man and the movement Kirk argues that it is the interaction between national and local movement concerns that is essential to understanding King's leadership and black activism in the 1950s and 1960s Kirk examines King's strengths and his limitations and weighs the role that King played in the movement alongside the contributions of other civil rights organizations and leaders and local civil rights activists Suitable for undergraduate courses in 20th century US history Why the Vote Wasn't Enough for Selma Karlyn Forner, 2017-10-19 In *Why the Vote Wasn't Enough for Selma* Karlyn Forner rewrites the heralded story of Selma to explain why gaining the right to vote did not bring about economic justice for African Americans in the Alabama Black Belt Drawing on a rich array of sources Forner illustrates how voting rights failed to offset decades of systematic disfranchisement and unequal investment in African American communities Forner contextualizes Selma as a place not a moment within the civil rights movement a place where black citizens fight for full citizenship unfolded alongside an agricultural shift from cotton farming to cattle raising the implementation of federal divestment policies and economic globalization At the end of the twentieth century Selma's celebrated political legacy looked worlds apart from the dismal economic realities of the region Forner demonstrates that voting rights are only part of the story in the black freedom struggle and that economic justice is central to achieving full citizenship **Black in Selma** J. L. Chestnut, Julia Cass, 2007-04-04 The expansive autobiography of J. L. Chestnut Jr a key figure of the civil rights movement in Selma Alabama *America's Peacemakers* Bertram Levine, Grande Lum, 2020-11-23 *America's Peacemakers* The Community Relations Service and Civil Rights tells the behind the scenes story of a small federal agency that made a big difference in civil rights conflicts over the last half century In this second edition of *Resolving Racial Conflict* The Community Relations Service and Civil Rights 1964-1989 Grande Lum continues Bertram Levine's excellent scholarship expanding the narrative to consider the history of the Community Relations Service CRS of the U.S. Department of Justice over the course of the last three decades That the Trump administration has sought to eliminate CRS gives this book increased urgency and relevance Covered in this expanded edition are the post 9/11 efforts of the CRS to prevent violence and hate crimes against those perceived as Middle Eastern Also discussed are the cross border Elián González custody dispute and the notable tragedies of Trayvon Martin and Michael Brown both of which brought police interaction with communities of color back into the spotlight The 2009 Matthew Shepard and James Byrd Jr Hate Crimes Prevention Act substantially altered CRS's jurisdiction which began to focus on gender identity religion sexual orientation and disability in addition to race color and national origin Lum's documentation of this expanded jurisdiction provides insight into the progression of civil rights The ongoing story of the Community Relations Service is a crucial component of the national

narrative on civil rights and conflict resolution This new edition will be highly informative to all readers and useful to professionals and academics in the civil rights dispute resolution domestic and international peacemaking and law enforcement community relations fields **From Jim Crow to Civil Rights** Michael J. Klarman, 2004-02-05 A monumental

investigation of the Supreme Court's rulings on race From Jim Crow To Civil Rights spells out in compelling detail the political and social context within which the Supreme Court Justices operate and the consequences of their decisions for American race relations In a highly provocative interpretation of the decision's connection to the civil rights movement Klarman argues that Brown was more important for mobilizing southern white opposition to racial change than for encouraging direct action protest Brown unquestioningly had a significant impact it brought race issues to public attention and it mobilized supporters of the ruling It also however energized the opposition In this authoritative account of constitutional law concerning race Michael Klarman details in the richest and most thorough discussion to date how and whether Supreme Court decisions do in fact matter **Bending Toward Justice** Gary May, 2013-04-09 When the Fifteenth

Amendment of 1870 granted African Americans the right to vote it seemed as if a new era of political equality was at hand Before long however white segregationists across the South counterattacked driving their black countrymen from the polls through a combination of sheer terror and insidious devices such as complex literacy tests and expensive poll taxes Most African Americans would remain voiceless for nearly a century more citizens in name only until the passage of the 1965 Voting Rights Act secured their access to the ballot In Bending Toward Justice celebrated historian Gary May describes how black voters overcame centuries of bigotry to secure and preserve one of their most important rights as American citizens The struggle that culminated in the passage of the Voting Rights Act was long and torturous and only succeeded because of the courageous work of local freedom fighters and national civil rights leaders as well as ironically the opposition of Southern segregationists and law enforcement officials who won public sympathy for the voting rights movement by brutally attacking peaceful demonstrators But while the Voting Rights Act represented an unqualified victory over such forces of hate May explains that its achievements remain in jeopardy Many argue that the 2008 election of President Barack Obama rendered the act obsolete yet recent years have seen renewed efforts to curb voting rights and deny minorities the act's hard won protections Legal challenges to key sections of the act may soon lead the Supreme Court to declare those protections unconstitutional A vivid fast paced history of this landmark piece of civil rights legislation Bending Toward Justice offers a dramatic timely account of the struggle that finally won African Americans the ballot although as May shows the fight for voting rights is by no means over *Blessed Are the Peacemakers* S. Jonathan Bass, 2021-03-03 Martin Luther King Jr's Letter from Birmingham Jail is arguably the most important written document of the civil rights protest era and a widely read modern literary classic Personally addressed to eight white Birmingham clergy who sought to avoid violence by publicly discouraging King's civil rights demonstrations in Birmingham the nationally published Letter captured the essence of the

struggle for racial equality and provided a blistering critique of the gradualist approach to racial justice. It soon became part of American folklore and the image of King penning his epistle from a prison cell remains among the most moving of the era. Yet as S. Jonathan Bass explains in the first comprehensive history of King's Letter, this image and the piece's literary appeal conceal a much more complex tale. This updated edition of *Blessed Are the Peacemakers* includes a new foreword by Paul Harvey, a new afterword by James C. Cobb, and a new epilogue by the author. *Brown Versus Board of Education and the Civil Rights Movement* Michael J. Klarman, 2007 Publisher Description [The Peacemakers Trilogy](#) Anna Schmidt, 2015-12-01 A collection of three novels by Anna Schmidt takes readers into war-torn Europe during World War II along with characters who exhibit an unwavering Quaker faith, strong family connections, and the conviction to stand for the truth against evil. Will three couples' love forged amid great hardship stand a chance if they even survive all the Nazis throw at them? **From Selma to Sorrow** Mary Stanton, 2000-09-01 Extensive and meticulous research marks the first full-length look at the life, murder, and legacy of Viola Liuzzo, a civil rights worker murdered by the Klan in 1965 whose memory was defamed by J. Edgar Hoover and the FBI. [UP](#) [Running for Freedom](#) Steven F. Lawson, 2014-09-05 *Running for Freedom* Fourth Edition updates historian Steven Lawson's classic volume detailing the history of African American civil rights and black politics from the beginning of World War II to the present day. Offers comprehensive coverage of the African American struggle for civil rights in the U.S. from 1941 to 2014. Integrates events relating to America's civil rights story at both the local and national levels. Features new material on Obama's first term in office and the first year of his second term. Includes addition of such timely issues as the Trayvon Martin case, the March on Washington 50th anniversary, voter suppression efforts, and Supreme Court ruling on Voting Rights Act. *Journal of American Studies*, 2004 [A History of African-American Leadership](#) John White, Bruce J. Dierenfield, 2014-06-11 The story of black emancipation is one of the most dramatic themes of American history, covering racism, murder, poverty, and extreme heroism. Figures such as Malcolm X and Martin Luther King are the demigods of the freedom movements, both film and household figures. This major text explores the African American experience of the twentieth century with particular reference to six outstanding race leaders. Their philosophies and strategies for racial advancement are compared and set against the historical framework and constraints within which they functioned. The book also examines the grass roots of black protest movements in America, paying particular attention to the major civil rights organizations as well as black separatist groups such as the Nation of Islam.
