Shakespeares English And Roman History Plays

**David M. Bergeron, Geraldo U. de
Sousa**

Shakespeare's English And Roman History Plays:

Shakespeare's English and Roman History Plays Paul N. Siegel, 1986 Examines Shakespearean drama's Christian overtones explaining why they have been ignored for so long and how those overtones can influence one's interpretation of Shakespeare's work

The Lost Garden John Wilders, 1978 Of the many books on Shakespeare's history plays this is the first conceived in terms of ideas rather than of individual plays and treating both the English and the Roman plays alike as evidence of the dramatist's point of view In his wide ranging and original enquiry into Shakespeare's interpretation of history Dr Wilders devotes each chapter to a prominent idea which can be discerned in all the history plays Book cover

The English History Play in the age of Shakespeare Irving Ribner., 2013-11-05 First published in 1957 This edition re issues the second edition of 1965 Recognized as one of the leading books in its field The English History Play in the Age of Shakespeare presents the most comprehensive account available of the English historical drama from its beginning to the closing of the theatres in 1642 and relates this development to Renaissance historiography and Elizabethan political theory

Shakespeare's Historical Plays, Roman and English William Shakespeare, 1883

Shakespeare's History Plays Robert Watt, 2014-06-11 Shakespeare's history plays are central to his dramatic achievement In recent years they have become more widely studied than ever stimulating intensely contested interpretations due to their relevance to central contemporary issues such as English national identities and gender roles Interpretations of the history plays have been transformed since the 1980s by new theoretically informed critical approaches Movements such as New Historicism and cultural materialism as well as psychoanalytical and post colonial approaches have swept away the humanist consensus of the mid twentieth century with its largely conservative view of the plays The last decade has seen an emergence of feminist and gender based readings of plays which were once thought overwhelmingly masculine in their concerns This book provides an up to date critical anthology representing the best work from each of the modern theoretical perspectives The introduction outlines the changing debate in an area which is now one of the liveliest in Shakespearean criticism

Shakespeare's History Plays A. J. Hoenselaars, 2004-09-23 This volume with a foreword by Dennis Kennedy addresses a range of attitudes to Shakespeare's English history plays in Britain and abroad from the early seventeenth century to the present day It concentrates on the play texts as well as productions translations and adaptations of them The essays explore the multiple points of intersection between the English history they recount and the experience of British and other national cultures establishing the plays as genres not only relevant to the political and cultural history of Britain but also to the history of nearly every nation worldwide The plays have had a rich international reception tradition but critics and theatre historians abroad those practising foreign Shakespeare have tended to ignore these plays in favour of the comedies and tragedies By presenting the British and foreign Shakespeare traditions side by side this volume seeks to promote a more finely integrated world Shakespeare

Julius Caesar Horst Zander, 2005-07-05 This book explores traditional approaches

to the play which includes an examination of the play in light of current history in the context of Renaissance England and in relation to Shakespeare's other Roman plays as well as structural examination of plot language character and source material Julius Caesar Critical Essays also examines the current debates concerning the play in Marxist psychoanalytic deconstructive queer and gender contexts *Shakespeare and the Uses of Antiquity* Michelle Martindale, 2005-07-15 Although a third of his plays are set in the ancient world and he constantly used classical mythology history and ideas Shakespeare received a simple grammar school education and did not have a scholar's knowledge of the classics The critical implications of this are the subject of *Shakespeare and the Uses of Antiquity* Against a recent academic tendency to exaggerate Shakespeare's learning the authors investigate how he used his comparatively restricted knowledge to create for example an unusually convincing picture of Rome and analyse by presenting us with careful readings of specific passages the styles Shakespeare employed under the influence of classical writers especially Ovid Seneca and in translation Homer and Plutarch **Shakespeare** David M. Bergeron, Geraldo U. de Sousa, 1995 Confronted with the formidable and at times daunting mass of materials on Shakespeare where does the beginning student or even a seasoned one turn for guidance Answering that question remains the central aim of this guide **Elizabethan Triumphal Processions** William Leahy, 2017-03-02 Until now scholarly analysis of Elizabethan processions has always regarded them as having been successful in their function as propaganda and has always found them to have effectively won over the common people that group of the population at whom they were chiefly aimed Both her Royal entries and progresses were regarded as effective public relations exercises the population gaining access to the Queen and thus being encouraged to remain loyal subjects This book represents a new approach to this subject by investigating whether this was actually the case that is whether the common people were actually won over by these spectacular rituals By examining original documents that have thus far been ignored as well as re-examining others from the perspective of the common people the book casts a new light on Elizabethan processions **Routledge Library Editions: Study of Shakespeare** Various, 2021-11-01 This 14 volume set contains titles originally published between 1926 and 1992 An eclectic mix this collection examines Shakespeare's work from a number of different perspectives looking at history language performance and more it includes references to many of his plays as well as his sonnets **The Definitive Shakespeare Companion** Joseph Rosenblum, 2017-06-22 This expansive four volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age life theater texts and language Numerous excerpts from primary source historical documents contextualize his works while reviews of productions chronicle his performance history and reception Shakespeare's works often served to convey simple truths but they are also complex multilayered masterpieces Shakespeare drew on varied sources to create his plays and while the plays are sometimes set in worlds before the Elizabethan age they nonetheless parallel and comment on situations in his own era Written with the needs of students in mind this four volume set demystifies Shakespeare for today's readers and provides the

necessary perspective and analysis students need to better appreciate the genius of his work This indispensable ready reference examines Shakespeare's plots language and themes his use of sources and exploration of issues important to his age the interpretation of his works through productions from the Renaissance to the present and the critical reaction to key questions concerning his writings The book provides coverage of each key play and poems in discrete sections with each section presenting summaries discussions of themes characters language and imagery and clear explications of key passages Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions The work also provides a comprehensive list of print and electronic resources suitable for student research *The Third Part of King Henry VI* William

Shakespeare, 1993-03-04 The New Cambridge Shakespeare appeals to students worldwide for its up to date scholarship and emphasis on performance The series features line by line commentaries textual notes on the plays and poems and an extensive Introduction Shakespeare's plays about the reign of King Henry VI were written at the beginning of his career A recent series of outstanding productions has demonstrated their theatrical vitality and their sceptical questioning of Elizabethan orthodoxies has been understood through revisionist readings of the history of Shakespeare's own times In *The Third Part of King Henry VI* Shakespeare extends his essay on monarchical politics by contrasting two kings the good but ineffective Henry VI with his rival the sensual and victorious Edward IV He also shows the perils of aristocratic factionalism in a series of scenes that display the grievous wounds caused by the Wars of the Roses **Rethinking Shakespeare's**

Political Philosophy Alex Schulman, 2014-07-21 What were Shakespeare's politics As this study demonstrates contained in Shakespeare's plays is an astonishingly powerful reckoning with the tradition of Western political thought one whose depth and scope places Shakespeare alongside Plato Aristotle Machiavelli Hobbes and others This book is the first attempt by a political theorist to read Shakespeare within the trajectory of political thought as one of the authors of modernity From Shakespeare's interpretation of ancient and medieval politics to his wrestling with issues of legitimacy religious toleration family conflict and economic change Alex Schulman shows how Shakespeare produces a fascinating map of modern politics at its crisis filled birth As a result there are brand new readings of *Troilus and Cressida* *Coriolanus* *Julius Caesar* *Antony and Cleopatra* *King Lear* *Richard II* and *Henry IV* parts I and II *The Merchant of Venice* and *Measure for Measure* **Screening**

Shakespeare from Richard II to Henry V Ace G. Pilkington, 1991 This book applies the videocassette to the study of Shakespeare on television and film The result is that the films become texts and Shakespeare in performance can be examined with the scholarly care that has been reserved for printed books **Ms-Directing Shakespeare** Elizabeth

Schafer, 2000-05-19 First published in Great Britain by the Women's Press Ltd 1998 Title page verso [The Cambridge Companion to Shakespeare's History Plays](#) Michael Hattaway, 2002-12-05 Shakespeare's history plays have been performed more in recent years than ever before in Britain North America and in Europe This 2002 volume provides an accessible wide

ranging and informed introduction to Shakespeare's history and Roman plays. It is attentive throughout to the plays as they have been performed over the centuries since they were written. The first part offers accounts of the genre of the history play of Renaissance historiography of pageants and masques and of women's roles as well as comparisons with history plays in Spain and the Netherlands. Chapters in the second part look at individual plays as well as other Shakespearean texts which are closely related to the histories. The Companion offers a full bibliography, genealogical tables and a list of principal and recurrent characters. It is a comprehensive guide for students, researchers and theatre-goers alike. **Antony and**

Cleopatra J. Turner, 2017-09-16 This Guide provides a critical survey of the responses to this popular play. Chronologically arranged, the book draws on a rich range of critical writings including Dr Johnson, Coleridge, Bradley and Leavis. This material is linked to more general issues regarding Shakespearean criticism and scholarship and the development of literary theory.

The Uses of History in Early Modern England Paulina Kewes, 2006-11-15 Publisher Description *Shakespeare and Politics* Catherine M. S. Alexander, 2004-09-02 This important collection of essays shows a full range of writing on Shakespeare and politics with shifts of focus as diverse as biography, text and contexts, language and film and from perspectives that are literary, historical, religious, theoretical and cultural. A new introductory article by John J.oughin provides a commentary on the essays, relates them to other work in the field and gives an overview of the subject. The comprehensive collection is a stimulating and provocative introduction to a subject that is complex but never dull.
