President (1993-2001 :

Clinton), 1993 **Ghost Dances** Josh Garrett-Davis, 2012-08-21 Growing up in South Dakota, Josh Garrett-Davis knew he would leave. But as a young adult, he kept going back in dreams and reality and by way of books. With this beautifully written narrative about a seemingly empty but actually rich and complex place, he has reclaimed his childhood, his unusual family, and the Great Plains. Among the subjects and people that bring his Midwestern Plains to life are the destruction and resurgence of the American bison, Native American Ghost Dancers who attempted to ward off destruction by supernatural means, the political allegory to be found in *The Wonderful Wizard of Oz*, and current attempts by ecologists to rewild the Plains, complete with cheetahs. Garrett-Davis infuses the narrative with stories of his family, as well including his great-great-grandparents' twenty-year sojourn in Nebraska as homesteaders and his progressive Methodist cousin Ruth, a missionary in China ousted by Mao's revolution. *Ghost Dances* is a fluid combination of memoir and history and reportage that reminds us our roots matter.

A Cognitive Semantic Study of Biblical Hebrew Andrew Chin Hei Leong, 2021-09-13 Semantic studies of the Biblical Hebrew verb have been influenced by those of its most invoked nominal form. In this volume, Andrew Chin Hei Leong shows that the concepts of balance, alliance, and completeness form the basic semantic structure of previous studies on employed either historical or textual methodology, which has been dominant in biblical lexical studies. In addition to these methods, Leong develops a systematic semantic methodology from Cognitive Semantics and Frame Semantics to demonstrate that it is balance rather than completeness that is the most central concept in holding the semantic network together. *Who Are the Jews—And Who Can We Become?* Donniel Hartman, 2023-11 2023 National Jewish Book Award Finalist in Modern Jewish Thought and Experience *Who Are the Jews And Who Can We Become* tackles perhaps the most urgent question facing the Jewish people today. Given unprecedented denominational tribalism, how can we, Jews, speak of ourselves in collective terms? Crucially, the way each of us tells our shared story is putting our collective identity at risk. Donniel Hartman argues: We need a new story built on Judaism's foundations and poised to inspire a majority of Jews to listen, discuss, and retell it. This book is that story. Since our beginnings, Hartman explains, the Jewish identity meta-narrative has been a living synthesis of two competing religious covenants: Genesis Judaism, which defines Jewishness in terms of who one is and the group to which one belongs, independent of what one does or believes; and Exodus Judaism, which grounds identity in terms of one's relationship with an aspirational system of values, ideals, beliefs, commandments, and behaviors. When one narrative becomes too dominant,

Jewish collective identity becomes distorted Conversely when Genesis and Exodus interplay the sparks of a rich compelling identity are found Hartman deftly applies this Genesis Exodus meta narrative as a roadmap to addressing contemporary challenges including Diaspora Jewry s eroding relationship with Israel the othering of Israeli Palestinians interfaith marriage the Israeli Palestinian conflict and collectively who we Jews can become **Jewish Every Day** Behrman House,Maxine Segal Handelman,2005-06 Written in a warm and understanding tone this guide takes the best in secular early childhood education and applies it to Jewish early childhood education With extensive bibliographies as well as background information for teachers individual chapters review developmentally appropriate practice anti bias education storytelling music Jewish thematic units reaching out to interfaith families keeping kosher at school and much more *Young, Woke and Christian* Victoria Turner,2022-02-28 Young people are often referred to as the church s missing generation But perhaps it is not them that are missing from God s mission but the church itself *Young Woke and Christian* brings together young church leaders and theologians who argue that the church needs to become increasingly awake to injustices in British society It steers away from the capitalistic marketing ideas of how to attract young people into Christian fellowship and proclaims that the church s role in society is to serve society give voice to the marginalised and stand up to damaging dominating power structures Covering themes such as climate change racial inclusivity sexual purity homelessness food poverty sexuality trans identity feminism peace making interfaith relations and disability justice the collection is a cry for the reform of the church to not ally with woke issues because they are popular with youth but because they are gospel issues With a powerful prologue from Anthony Reddie *Arab Evangelicals in Israel* Azar Ajaj,Duane Alexander Miller,Philip Sumpter,2016-07-11 The essays contained in this book provide an introduction to the history challenges and hopes of contemporary evangelical Arab Christians in Israel and to a lesser degree in the West Bank After opening with a general overview of Arab Christianity in the Holy Land the following chapters treat different aspects of the evangelical Arab experience the founding of the Convention of Evangelical Churches in Israel CECI as well as a theological seminary for the training of church workers Nazareth Evangelical Theological Seminary NETS the self understanding of Arab Baptists in terms of their identity and relation to other groups in Israel an Arab perspective on the relationship between Arab evangelicals and Messianic Jews as well as the struggles hopes and fears of another evangelical community that is usually hidden from view namely that of Muslim converts to Christianity in Israel the West Bank and the Middle East in general The final chapter offers a detailed bibliography on Arabophone Christianity in Israel and Palestine
