shamanism extends conscious awareness and awakens dormant potential for spiritual wisdom healing and personal growth Shamanic Experience offers a unique opportunity for the Western reader to access the domain of the collective soul through an experiential learning program based on the distillation of shamanic wisdom from cultures and traditions around the world Nineteen practical exercises allow readers to discover their aura develop shamanic breath energize power centers develop relationships with power animals and engage in a Vision Quest The lessons of Shamanic Experience culminate with a trance state journey induced by the rhythmic drumming sessions recorded on the audio tracks of shamanic drumming

The Psychedelic Shamanism: A Practical Guide to the Spiritual and Therapeutic Uses of Psychedelic Plants Pasquale De Marco, 2025-05-02 Psychedelic Shamanism A Practical Guide to the Spiritual and Therapeutic Uses of Psychedelic Plants Psychedelic shamanism is a practice that has been used for centuries to heal the mind body and spirit Shamans or spiritual healers use psychedelic plants to induce a trance state in which they can communicate with the spirit world and access healing powers In recent years there has been a growing interest in psychedelic shamanism as a way to treat a variety of mental health conditions including depression anxiety and addiction Psychedelic plants have also been shown to have therapeutic benefits for physical conditions such as chronic pain and migraines This book is a comprehensive guide to psychedelic shamanism It covers the history benefits and risks of psychedelic plant use as well as the shamanic journey and the role of the shaman The book also includes a detailed description of the most common psychedelic plants including ayahuasca psilocybin mushrooms DMT LSD and peyote Whether you are a curious reader a spiritual seeker or a healthcare professional this book will provide you with a wealth of information about psychedelic shamanism Psychedelic shamanism is a powerful tool that can be used to heal the mind body and spirit However it is important to remember that psychedelic plants are powerful substances that should be used with respect and caution If you are considering using psychedelic plants it is important to do your research and find a qualified shaman to guide you on your journey About the Author Pasquale De Marco is a leading expert on psychedelic shamanism He has spent years studying and practicing this ancient healing tradition He is the author of several books on the subject including The Psychedelic Shamanism A Practical Guide to the Spiritual and Therapeutic Uses of Psychedelic Plants Pasquale De Marco is a passionate advocate for the responsible use of psychedelic plants He believes that these substances have the potential to heal the world and bring about a new era of peace and understanding If you like this book write a review on google books

The to Z of Shamanism Graham Harvey, Robert J. Wallis, 2010-04 Explores the common ground of shamanic traditions and evaluates the diversity of both traditional indigenous communities and individual Western seekers

Shamanic Christianity Bradford Keeney, 2006-03-13 A guide to reconnecting with Jesus Mary and the saints as shamanic teachers of divine mysteries Contains meditations contemplations parables and active ritual tasks that help bring forth a shamanic understanding and practice of Christianity Shows shamanic experience to be the root of mystical communion When the missionaries came to North America to save the American Indians

they were perplexed to discover that while they talked about Jesus some of the Indians claimed to talk directly with him Among Christians there is almost complete silence on the subject of the place of shamanism in experiencing the divine yet shamanic experience is at the root of all mystical communion Shamanic Christianity offers a chance to rekindle the shamanic practices of Christianity to those who wish to restore their direct connection to the spirit world In the tradition of contemplative practice this reconnection takes the form of devotions Presented in four forms these devotions begin with a specific contemplation followed by a meditative focus then a parable from the author s own visionary experiences and finally an active mystical practice to help ground the meditations and contemplations in a ritual or ceremony that involves active participation These four forms serve to reintroduce Jesus Mary and the historically renowned saints as shamanic teachers of divine mysteries whose spiritual presence is readily available to contemporary lives The author also presents specific directives for handling everyday challenges in a shamanic inspired manner drawing upon creative activities and resources that encourage approaching the world with the imaginative and playful spirit of a child whose personal freedom and creative expression is always wide open to possibilities

The Shamanic Journey Paul Francis,2017-05-23 An introduction to the ancient practice of shamanism including step by step practical exercises More than just a book about shamanism however the book is a detailed examination as to how our turning away from shamanism led to many of the mental health and environmental problems we now face and the vital role shamanism can play in our recovery

The Science of the Craft William H. Keith,2005 Advancements in science have taken us further and further from the tangibles our ancestors used to define and understand their world science has attempted to draw a careful line between what can be proven and what cannot But a revolution is at hand keith explains how a fresh look at quantum physics supports phenomena that have long been ridiculed or ignored by classical science In engaging and frank prose Keith argues that magic is governed by laws similar to those that define scientific principles This is a truly fascinating gateway for exploring psychic phenomena

Shamanic Spirit Kenneth Meadows,2004-04-09 A guide to self realization and reattunement with nature that utilizes the ancient shamanic wisdom of cultures from around the world Focuses on the development of grounded spirituality based on the connections indigenous traditions have with nature Contains 33 hands on experiential exercises and 50 shamanic meditations Written by the author of Earth Medicine and Shamanic Experience Those of us who live in the so called advanced modern world have been educated to use our minds and encouraged to satisfy our physical needs But in so doing we have become isolated from the very essence of our existence as individuals our own spirit In Shamanic Spirit Kenneth Meadows introduces Shamanics his spiritual science of living which recognizes the primacy of the spirit and acknowledges that spirit is inherent in all living beings and life forms Shamanics is a practical way of becoming aware of our multi dimensional reality and using that awareness to cultivate and refine the spirit within Using the symbolic structure of the Medicine Wheel which helps us establish a sense of direction extend perception and examine relationships Meadows presents 33 hands on experiential

exercises that help readers discover the truth about themselves His approach also draws upon and integrates universal shamanic concepts from such regions as the Americas Europe the Middle East India China and Polynesia to show readers how to release their dormant potentials generate creativity and meet the challenges of their lives with confidence and self assurance Ecstatic Body Postures Belinda Gore,1995-05 With clear instructions and diagrams this manual explores the altered states of consciousness which are triggered as a result of practicing ancient shamanic postures and movements

Shamanic Breathwork Linda Star Wolf,2009-11-17 Utilizing the healing power of breath to change consciousness Explains how to enter altered states of consciousness increase paranormal abilities and resolve old traumas using breathwork Introduces the Five Cycles of Change that bring about major life shifts and how to work with them Includes 70 minute audio download of chakra attuned rhythms to play during the journey Incorporating psychospiritual tools with her Shamanic Breathwork practice Linda Star Wolf shows how to spiritually journey in the same way shamans entrain to the rhythms of drums or rattles using the breath either alone or together with music Much like traveling to sacred places or ingesting entheogens this practice can be used to enter altered states of consciousness connect to cosmic consciousness increase paranormal abilities and awaken the shaman within Breathwork can also be used to resolve old traumas and shapeshift unproductive modes of thinking in order to move beyond them Utilizing the healing power of breath along with chakra attuned music Linda Star Wolf explores the Five Cycles of Change the Alchemical Map of Shamanic Consciousness and how these cycles affect you as you move through major shifts in your life Filled with personal stories and case histories the book also includes 70 minute audio download of shamanic trance rhythms and a guided meditation to awaken the chakras during practice Historical Dictionary of Shamanism Graham Harvey,Robert J. Wallis,2015-12-15 A remarkable array of people have been called shamans while the phenomena identified as shamanism continues to proliferate This second edition of the Historical Dictionary of Shamanism contains with examples from antiquity up to today and from Siberia where the term shaman originated to Amazonia South Africa Chicago and many other places Many claims about shamans and shamanism are contentious and all are worthy of discussion In the most widespread understandings terms seem to refer particularly to people who alter states of consciousness or enter trances in order to seek knowledge and help from powerful other than human persons perhaps spirits But this says only a little about the artists community leaders spiritual healers or hucksters travelers in alternative realities and so on to which the label shaman has been applied This second edition contains a chronology an introduction and extensive bibliography The dictionary contains over 500 cross referenced dictionary entries on individuals groups practices and cultures that have been called shamanic This book is an excellent access point for students researchers and anyone wanting to know more about Shamanism The Nature of Shamanism and the Shamanic Story Michael Berman,2009-03-26 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of

such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia The Earth will take its Own and Davit a contemporary German tale Bundles and the Korean story of Shimchong the Blindman s Daughter By making use of textual material from a number of different cultures and times the intention is to highlight the pervasive influence shamanism has had and to show how the new genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research

A Shamanic Way: Penny Randall,2014-02 The Beginning You have all the pieces You have the rhythm of the ritual You have the gift Now you have YOU A Shamanic Way Rituals Rattles and Recipes for Awakening Your Inner Spirit PENNY RANDALL PALMOA CERVANTES A Shamanic Way Rituals Rattles and Recipes for Awakening Your Inner Spirit will teach you how to approach your life in A Shamanic Way In so doing you will eliminate blocks identify your path and strategy for achievement heal old wounds allowing you to approach your life from a different perspective validate your worthiness and change your patterns allowing access to the magic of your life

Divination and the Shamanic Story

Michael Berman,2009-03-26 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work
