## **Shamanic Psychopomp:**

Death Walkers David Kowalewski PhD, 2015-08-19 It may be one of the most complex questions ever asked What really happens to the soul after death Some discarnate souls may cross over others may stay in the earthy realm to help or protect family members and other earthbound souls may need to work through psychospiritual dilemmas before being escorted to the Other Side with help from a shaman psychopomp Dr David Kowalewski relies on personal experiences and his studies with shamans of many continents to illuminate the mysterious worlds of life death and afterlife and share an inside look at the ancient craft of psychopomping While presenting over ninety cases of psychopomp work Dr Kowalewski offers statistics that explain why souls become earthbound relay how often unfamiliar spirits show up during journeys and provide reasons why shamanic protocols practices and adventures with the dead in daily life can help the task along Included are other fascinating examples of psychopomp practices of indigenous peoples from around the world Death Walkers shares compelling stories and evidence for why there are ghosts around us and the important role shamans play in guiding these earthbound souls to their final resting places Drawing on first hand accounts and cross cultural research David Kowalewski offers us an engaging Western perspective on the art and methods of the psychopomp Bill Plotkin PhD author of Soulcraft This is an important book for the times we live in for as people die more consciously the more conscious the earth becomes Sandra Ingerman MA author of Soul Retrieval *Shamanic Psychopomp* F. J. Fritz, 2003-07-01 Throughout time the shaman has carried the responsibility of escorting the souls of kindred members to the realms of beyond Today this service is still greatly needed Although the knowledge of how to accomplish this task has faded as the close knit tribal community has given way to modern civilization shamanic practitioners are discovering the call to guide souls or to act as a psychopomp inadvertently through their ecstatic journeys Legendary works such as *Pert em hur Bardo Th dol* and *Ars Moriendi* provided a map of the afterlife But what is the destiny of those who have not been exposed to these manuals of post mortem navigation Without this directional knowledge many souls become stuck in the liminal space between realms Thus the need of a guide to assist in completing the crossing Presented in an effort to provide the seasoned practitioner familiar with the basic concepts of shamanism with a guide I provide first hand accounts to assist the reader with examples of how to accomplish the sacred task of psychopomp Additionally I explore why some spirits are unable to complete the crossing and how the shamanic practitioner deals with the trauma entailed in performing the role of psychopomp **The Nature of Shamanism and the Shamanic Story** Michael Berman, 2009-03-26 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia *The Earth will take its Own* and *Davit* a contemporary German tale *Bundles* and the Korean story of *Shimchong the Blindman s Daughter* By making use of textual material from a number of different cultures and times the

intention is to highlight the pervasive influence shamanism has had and to show how the new genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research

**An Introduction to Shamanism** Thomas A. DuBois,2009-05-14 This Introduction surveys the beliefs rituals and techniques found in shamanic traditions around the world

**Divination and the Shamanic Story** Michael Berman,2009-03-26 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work

**The Whisperer of the Shaman** Pasquale De Marco,2025-08-16 Embark on a profound journey into the ancient wisdom of shamanism with The Whisperer of the Shaman a comprehensive guide to connecting with the spirit world and unlocking your innate healing power Within these pages you will discover time honored practices and modern insights to forge your own connection to the shamanic realms Learn the art of shamanic divination interpreting signs and symbols to gain insights into yourself and your life path Embark on guided journeys to encounter spirit guides and animal totems seeking guidance and healing for yourself and others Connect with the elements of nature drawing upon their power to enhance your physical emotional and spiritual well being Explore the healing properties of plants and herbs and delve into the ancient practice of energy healing to restore balance and vitality to your body and mind The Whisperer of the Shaman is more than just a book it is a transformative voyage of self discovery and personal growth As you delve into the shamanic tradition you will uncover the power to heal yourself and others forge a deep connection with the natural world and live a life filled with purpose and meaning Whether you are a seasoned practitioner or a curious seeker this book will guide you on a path of profound exploration and empowerment Embrace the ancient wisdom of the shaman unlock the mysteries of the spirit world and ignite

the flame of your own inner wisdom with *The Whisperer of the Shaman* If you like this book write a review *Soul Loss and the Shamanic Story* Michael Berman,2009-03-26 Stories from various cultures and periods of time can be identified which deal with a concept of soul loss that is essentially shamanic In shamanism soul loss is the term used to describe the way parts of the psyche become detached when we are faced with traumatic situations In shamanic terms these split off parts can be found in non ordinary reality and are only accessible to those familiar with its topography Case studies are presented to show how the way soul loss is dealt with by indigenous shamans differs from the way it is treated by neo shamanic practitioners Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables and fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with soul loss and examples are presented and analysed to support this hypothesis *Explore Shamanism* Alby Stone,2003

**Historical Dictionary of Shamanism** Graham Harvey,Robert J. Wallis,2015-12-15 A remarkable array of people have been called shamans while the phenomena identified as shamanism continues to proliferate This second edition of the Historical Dictionary of Shamanism contains with examples from antiquity up to today and from Siberia where the term shaman originated to Amazonia South Africa Chicago and many other places Many claims about shamans and shamanism are contentious and all are worthy of discussion In the most widespread understandings terms seem to refer particularly to people who alter states of consciousness or enter trances in order to seek knowledge and help from powerful other than human persons perhaps spirits But this says only a little about the artists community leaders spiritual healers or hucksters travelers in alternative realities and so on to which the label shaman has been applied This second edition contains a chronology an introduction and extensive bibliography The dictionary contains over 500 cross referenced dictionary entries on individuals groups practices and cultures that have been called shamanic This book is an excellent access point for students researchers and anyone wanting to know more about Shamanism

**An Encyclopedia of Shamanism Volume 2** Christina Pratt,2007-08-01 Shamanism can be defined as the practice of initiated shamans who are distinguished by their mastery of a range of altered states of consciousness Shamanism arises from the actions the shaman takes in non ordinary reality and the results of those actions in ordinary reality It is not a religion yet it demands spiritual discipline and personal sacrifice from the mature shaman who seeks the highest stages of mystical development

**Shamanism and Spirituality in Therapeutic Practice** Christa Mackinnon,2012 Explores the shamanic themes of altered states of perception integrative wholeness of mind body soul and spirit and transformative healing approaches and explains how a therapist can effectively integrate these into his or her practice Original

McMahon, 2007-11-30 As spiritual beings having a human experience we are all capable of entering Into the Mystic For the Mystic that expanded state of awareness where we can connect with Spirit and experience other realities has been accessible to us from the very beginning when we as children were much more capable of having mystical experiences However as we stray from the innocence and openness of childhood we tend to lose our spiritual capabilities Nevertheless as Into the Mystic reveals and promises in a unique and entertaining way we can reclaim the true magic and birthright of our youth by following a spiritual path pursuing ultimate reality and thereby come to know ourselves and God in the process Into the Mystic From the Streets of Brooklyn is an exploration of self and ultimate reality through shamanism after death communications past life regressions and original mystical thought The work is filled with tales of wondrous real life mystical

adventures and spiritual encounters and is deep and magical enough to be appreciated by even the most enlightened among us However Into the Mystic is simultaneously intended to be shared and enjoyed by our less spiritually inclined friends mates and significant others and can actually help bridge the seemingly insurmountable gap between believers and skeptics

**Shamanism** Mariko Namba Walter, Eva Jane Neumann Fridman, 2004-12-15 A guide to worldwide shamanism and shamanistic practices emphasizing historical and current cultural adaptations This two volume reference is the first international survey of shamanistic beliefs from prehistory to the present day In nearly 200 detailed readable entries leading ethnographers psychologists archaeologists historians and scholars of religion and folk literature explain the general principles of shamanism as well as the details of widely varied practices What is it like to be a shaman Entries describe region by region the traits such as sicknesses and dreams that mark a person as a shaman as well as the training undertaken by initiates They detail the costumes music rituals artifacts and drugs that shamans use to achieve altered states of consciousness communicate with spirits travel in the spirit world and retrieve souls Unlike most Western books on shamanism which focus narrowly on the individual's experience of healing and trance Shamanism also examines the function of shamanism in society from social political and historical perspectives and identifies the ancient continuous thread that connects shamanistic beliefs and rituals across cultures and millennia *Shamanic Drumming Circles Guide* Michael Drake, 2014-05-28 Indigenous shamanic peoples have gathered in community drum circles for thousands of years Although most of us did not grow up in an indigenous shamanic tradition we can still tap into the healing power of shamanic drumming Drawing upon twenty five years of experience shamanic practitioner Michael Drake has written a step by step guide to creating and facilitating shamanic drumming circles **The Shamanic Path to Quantum Consciousness** Laurent Huguelit, 2013-12-17 Uniting shamanism with quantum physics and psychology for conscious evolution manifestation of desires and the development of the soul Details each of the 8 circuits of consciousness from the first circuit of physical survival to the eighth circuit of quantum consciousness Reveals how to balance and upgrade your circuits through shamanic techniques and activate your creative power to shape reality Explains how the 8 circuits are interconnected through feedback loops if one is overactive it can cause the others to shut down First outlined by Timothy Leary and later expanded by Robert Anton Wilson and Antero Alli the eight circuit model of consciousness explains how the soul is multidimensional and functions on eight distinct interconnected planes that form the eight circuits of conscious awareness Each circuit is connected to certain behaviors and personality traits the second circuit for example is connected to emotional consciousness such as intuition feelings of courage or in its unbalanced state aggression and domination and the eighth circuit the creative circuit of quantum consciousness is related to limitless perception understanding and action that extends far beyond the limits of planet Earth Laurent Huguelit explains how these eight levels of awareness are interconnected through feedback loops forming a cybernetic mapping of the soul He explores the underactive overactive and balanced states of each circuit

offering many psychological profiles as examples He reveals how activating a circuit that has been neglected can help bring another into balance Connecting this model of conscious evolution to shamanism the oldest consciousness science known to man the author explains how to balance and upgrade your own circuits through shamanic techniques He reveals how to reconnect with source energy by deprogramming trauma from your childhood that can affect your circuits With access to this unlimited energy you can activate your innate creative power to manifest your desires and shape reality Uniting shamanism and the law of attraction with advanced concepts of modern psychology quantum physics and the Akashic field theory of Ervin Laszlo Laurent Huguelit offers a practical map of human consciousness and the development of the soul as well as a vision for the cybernetic future of shamanism

The Deer Goddess of Ancient

Siberia Esther Jacobson, 2018-08-14 Central to this study is the image of the deer within the iconography of the Early Nomads of South Siberia By examining the symbolic structures revealed in the art and archaeology of the Early Nomads the author challenges existing theories regarding Early Nomadic cosmology The reconstruction of meanings embedded in the deer image carries the investigation back to rock carvings paintings and monolithic stelae of South Siberia and northern Central Asia from the Neolithic period down through the early Iron Age The succession of images dominating that artistic tradition is considered against the background of cultures including the Baykal Neolithic Afanasevo Okunev Andronovo and Karasuk evolving from a hunting fishing dependency to a dependency on livestock The archaic mythic traditions of specific Siberian groups are also found to lend critical detail to the changing symbolic systems of South Siberia
