The A to Z of Shamanism Graham Harvey, Robert J. Wallis, 2010-04-01 Few religious traditions have generated such diversity and stirred imaginations as shamanism In their engagements with other worlds shamans have conversed with animals and ancestors and have been empowered with the knowledge to heal patients advise hunters and curse enemies Still other shamans aided by rhythmic music or powerful plant helpers undertake journeys into different realities where their actions negotiate harmony between human and other than human communities Once relegated to paintings on cave walls today Shamanism can be seen in performances at rave clubs and psychotherapeutic clinics The A to Z of Shamanism has the dual task of exploring the common ground of shamanic traditions and evaluating the diversity of both traditional indigenous communities and individual Western seekers This is done in an introduction a bibliography a chronology and hundreds of cross referenced dictionary entries which explore the consistent features of a variety of shamans the purposes shamanism serves the function and activities of the shaman and the cultural contexts in which they make sense

Wong Pinter: The Roles and Significance of Javanese Shaman Agustinus Sutiono, 2020-10-26 Exploring the phenomenon of socio religio magico reality in Java called wong pinter this study

is a pioneering academic work based on a first hand data By interviewing 108 practitioners within the framework of anthropological and ethnographical approaches and putting the discussions in the context of shamanism study this work is also a unique inquiry on Javanese culture conducted by a native Wong Pinter delineates significant connectivity between Javanese shamanism and Asian or Southeast Asian shamanism It also describes various aspect of shamanism practices in Java and assesses the sustainability and challenges of this phenomenon vis a vis the suppression of religious and political establishment Above all this book is an outstanding report valuable to those who are interested to delve into the core of Javanese culture and to the deliberation of social science in general *The Amazonian "Other"* Aleksandra

Wierucka,2024-08-07 This book explores representations of Amazonian Indigenous peoples in contemporary cultural texts It analyzes a variety of mediums from novels and films to games and exhibitions uncovering a distorted image of Indigenous peoples of the Amazon in Euro American common imagination The author suggests that these texts rely on a stereotypical vision that was shaped in the first decades of colonization The chapters consider the formation of the image of Amazonian Indigenous people throughout history and some of the contemporary issues they face touching on daily life and themes such as shamanism and cannibalism Together they highlight the misrepresented image of Indigenous groups in the Amazon who are portrayed as different even strange in relation to Western culture The argument put forward is that both exotic and self exoticization rely on the notion of otherness leading to romanticization patronization and caricature The book will be of particular interest to scholars of Indigenous studies Latin American studies cultural studies anthropology and comparative literature **Historical Dictionary of Shamanism** Graham Harvey,Robert J. Wallis,2015-12-15 A remarkable array of

people have been called shamans while the phenomena identified as shamanism continues to proliferate This second edition of the Historical Dictionary of Shamanism contains with examples from antiquity up to today and from Siberia where the term shaman originated to Amazonia South Africa Chicago and many other places Many claims about shamans and shamanism are contentious and all are worthy of discussion In the most widespread understandings terms seem to refer particularly to people who alter states of consciousness or enter trances in order to seek knowledge and help from powerful other than human persons perhaps spirits But this says only a little about the artists community leaders spiritual healers or hucksters travelers in alternative realities and so on to which the label shaman has been applied This second edition contains a chronology an introduction and extensive bibliography The dictionary contains over 500 cross referenced dictionary entries on individuals groups practices and cultures that have been called shamanic This book is an excellent access point for students researchers and anyone wanting to know more about Shamanism **Shamans/Neo-Shamans** Robert J.

Wallis,2003-12-08 Robert J Wallis explores the interface between the new and prehistoric shamans of popular culture and anthropology drawing on interviews with a variety of practitioners particularly contemporary pagans in Britain and orth America

The Complete Idiot's Guide to Shamanism Gini Graham Scott,2002-06-01 You re no idiot of course You know

that shamans are also known as medicine men and women who use the power of the mind and call on spiritual helpers to heal the afflicted. However, this ancient art has been put to more modern uses including problem solving, empowerment, and personal mastery. But you don't have to trek through steamy Amazonian jungles or frigid Siberian tundra to become enlightened in the ways of shamanism. *The Complete Idiot's Guide to Shamanism* will show exactly how to discover your own shamanic power and how that power will guide you in your everyday life. In this *Complete Idiot's Guide*, you get Shamanic history from its origins in Paleolithic times to its spreading influence today. Power animals: where to locate them and how they communicate with you. How to take a shamanic journey traveling through the Lower, Upper, and Middle Worlds and exploring your past or future. Shamanic healing techniques in use with modern medicine. [Hair of the Alien](#) Bill Chalker, 2005-08-19. The shocking true story of a case unlike any other in the annals of UFO investigation: DNA research on alien abduction. July 23, 1992, in Sydney, Australia, twenty-eight-year-old Peter Khoury was awoken by what appeared to be two females, both striking and unearthly, kneeling on his bed. What transpired between them was a physical assault as bizarre and disorienting as it was unnatural. Then, as quickly as they had arrived, they vanished. Khoury had become one of a legion of alien abductees with inexplicable experiences, but this particular incident stood apart from all the others. This time, there was evidence: two strands of white blond hair from one of the females. Khoury's case would result in the very first forensic DNA analysis of alien abduction evidence and revealed an extraordinary biological anomaly: one genetically close to human yet almost impossibly far from the human mainstream. A gripping account of one of the great mysteries of our time, *Hair of the Alien* brings us closer than ever before to understanding our past, our origins, and our place in the universe. [Demystifying Shamans and Their World](#) Adam J. Rock, Stanley Krippner, 2011-10-14. Shamanism can be described as a group of techniques by which its practitioners enter the spirit world, purportedly obtaining information that is used to help and to heal members of their social group. Despite a resurgence of interest in shamanism and shamanic states of consciousness, these phenomena are neither well defined nor sufficiently understood. This multi-disciplinary study draws on the fields of psychology, philosophy, and anthropology with the aim of demystifying shamanism. The authors analyze conflicting perspectives regarding shamanism, the epistemology of shamanic states of consciousness, and the nature of the mental imagery encountered during these states.

Handbook of Contemporary Paganism Murphy Pizzo, James R. Lewis, 2009. Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape. The members of the movement are simultaneously growing, unifying, and maintaining its characteristic diversity of traditions, identities, and rituals. The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions, praxis, theologies, and communities. As Contemporary Paganism continues to grow and mature, new angles of inquiry about it have emerged and are explored in this collection. This examination and study of contemporary Paganism contributes new ways to observe and examine other religions where innovations, paradoxes, and inconsistencies can be more

accurately documented and explained The Anthropology of Drugs Neil Carrier, Lisa L. Gezon, 2023-07-28 From khat to kava to ketamine drugs are constitutive parts of cultures identities economies and livelihoods This much needed book is a clear introduction to the anthropology of drugs providing a cutting edge and accessible overview of the topic The authors examine and assess the following key topics How drugs feature in anthropology and the work of anthropologists and the general role of drugs in society Comparison between biochemical and pharmacological approaches to drugs and bio socio cultural models of understanding drugs Evolutionary origins of psychotropic drug sensitivity and archaeological evidence for the spread of psychoactive substances in pre history Drugs in spiritual and religions contexts considering their role in altered states of consciousness divination and healing Stimulant drugs and the ambivalence with which they are treated in society Addiction and dependency Drug economies livelihoods and the production and distribution segments of drug commodity chains Drug policies and drug wars Drugs race and gender The future of the study of drugs and anthropological professional engagements with solving drug problems With the inclusion of chapter summaries and many examples further reading and case studies including drug tourism drug industries in the Philippines and Mexico Afghanistan and the Golden Triangle and the opioid crisis in North America The Anthropology of Drugs is an ideal introduction for those coming to the topic for the first time and also for those working in the professional and health sectors It will be of interest to students of anthropology and to those in related disciplines including sociology psychology health studies and religion **Shamanism** Mariko Namba Walter, Eva Jane Neumann Fridman, 2004-12-15 A guide to worldwide shamanism and shamanistic practices emphasizing historical and current cultural adaptations This two volume reference is the first international survey of shamanistic beliefs from prehistory to the present day In nearly 200 detailed readable entries leading ethnographers psychologists archaeologists historians and scholars of religion and folk literature explain the general principles of shamanism as well as the details of widely varied practices What is it like to be a shaman Entries describe region by region the traits such as sicknesses and dreams that mark a person as a shaman as well as the training undertaken by initiates They detail the costumes music rituals artifacts and drugs that shamans use to achieve altered states of consciousness communicate with spirits travel in the spirit world and retrieve souls Unlike most Western books on shamanism which focus narrowly on the individual s experience of healing and trance Shamanism also examines the function of shamanism in society from social political and historical perspectives and identifies the ancient continuous thread that connects shamanistic beliefs and rituals across cultures and millennia Haunted by the Archaic Shaman H. Sidky, 2008-01-01 Haunted by the Archaic Shaman critically engages the general discourse on shamanism by using ethnographic data gathered among different ethnic groups in the Nepal Himalayas to address several key conceptual issues and problems in the scholarly field of shamanic studies *Modern Psychology and Ancient Wisdom* Sharon G. Mijares, 2015-08-27 Modern Psychology and Ancient Wisdom 2nd edition brings together experts who explore the use of ancient healing techniques from Buddhism Christianity Goddess

Shamanism Taoism and Yogic traditions as well as the mystical practices of Judaism and Islam and their application to modern counseling and therapy professions Each chapter lays out time tested techniques used by teachers guides and practitioners to facilitate psychological healing embraces a wide variety of cultural perspectives and offers a large varied and meaningful view of the world This new edition includes added material on Islam indigenous and shamanic healing perspectives and practices as well as new findings in the fields of neuropsychology and epigenetics With its vast offerings of new treatment methods from a variety of perspectives from therapeutic metaphors and breathing exercises to meditation and yoga techniques this book will be of use to mental health professionals social workers and pastoral caregivers

Visionary Plant Consciousness J. P. Harpignies, 2007-03-21 23 leading experts reveal the ways that psychoactive plants allow nature's voice to speak to humans and what this communication means for our future Presents the specific human plant interconnection revealed by visionary plants Explores the relevance of plant induced visions and shamanic teachings to humanity's environmental crisis With contributions from Terence McKenna Andrew Weil Wade Davis Michael Pollan Alex Grey Jeremy Narby Katsi Cook John Mohawk Kat Harrison and others Visionary plants have long served indigenous peoples and their shamans as enhancers of perception thinking and healing These plants can also be important guides to the reality of the natural world and how we can live harmoniously in it In *Visionary Plant Consciousness* editor J P Harpignies has gathered presentations from the Bioneers annual conference of environmental and social visionaries that explore how plant consciousness affects the human condition Twenty three leading ethnobotanists anthropologists medical researchers and cultural and religious figures such as Terence McKenna Andrew Weil Wade Davis Michael Pollan Alex Grey Jeremy Narby Katsi Cook John Mohawk and Kat Harrison among others present their understandings of the nature of psychoactive plants and their significant connection to humans What they reveal is that these plants may help us access the profound intelligence in nature the mind of nature that we must learn to understand in order to survive our ecologically destructive way of life

Shamanism and Spirituality in Therapeutic Practice Christa Mackinnon, 2012-06-15 This book explains how psycho-spiritual indigenous traditions can be adjusted to offer practitioners a highly effective repertoire of insights and therapeutic tools The underlying concepts and world views of shamanism are described along with practical guidelines and case studies detailing how to use them within the therapeutic process

Extraordinary Sex Therapy Gina Ogden, 2017-10-02 How do we help our clients discover the depth and breadth of sexual healing *Extraordinary Sex Therapy* offers a range of innovative health based approaches and models to explore the complexities inherent in sexual pleasure and potential as well as in trauma pain and dysfunction The practitioners whose work is represented here expand the clinical conversation about sex beyond performance goals and tread courageously into unquantifiable realms of sexual and relational desire health and transformation All of these practitioners describe work that embodies therapeutic collaboration with their clients as they confront sexual concerns that include body image emotions meanings and nuances of partner interactions along with the

influence of neurobiology language gender addiction socioeconomics and cultural conditioning about pleasure Their interventions range from education visualization and role play to identifying erotic archetypes coaching about sensual touch and using plant spirit medicines to activate imagination and spiritual connection Their descriptions ring with singular authenticity depending on their training and the particular clients and issues they address Each practitioner provides clinical examples and techniques in enough detail so that readers can incorporate elements of these approaches into their own practices This book was originally published as a special issue of the Journal of Sexual and Relationship Therapy

The Jaguar Within Rebecca R. Stone, 2012-09-21 An important new way of viewing the prehistoric art of the Americas The Jaguar Within demonstrates that understanding a work of art's connection with shamanic trance can lead to an appreciation of it as an extremely creative solution to the inherent challenge of giving material form to nonmaterial realities and states of being Shamanism the practice of entering a trance state to experience visions of a reality beyond the ordinary and to gain esoteric knowledge has been an important part of life for indigenous societies throughout the Americas from prehistoric times until the present Much has been written about shamanism in both scholarly and popular literature but few authors have linked it to another significant visual realm art In this pioneering study Rebecca R Stone considers how deep familiarity with and profound respect for the extra ordinary visionary experiences of shamanism profoundly affected the artistic output of indigenous cultures in Central and South America before the European invasions of the sixteenth century Using ethnographic accounts of shamanic trance experiences Stone defines a core set of trance vision characteristics including enhanced senses ego dissolution bodily distortions flying spinning and undulating sensations synaesthesia and physical transformation from the human self into animal and other states of being Stone then traces these visionary characteristics in ancient artworks from Costa Rica and Peru She makes a convincing case that these works especially those of the Moche depict shamans in a trance state or else convey the perceptual experience of visions by creating deliberately chaotic and distorted conglomerations of partial inverted and incoherent images

Shamans Through Time 500 Years On The Path Of Knowledge Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Shamans Through Time 500 Years On The Path Of Knowledge**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
