

THE SHAPING OF AMERICA

John Warwick Montgomery

A true description of the American character,
both good and bad, and the possibilities of recovering
a national vision before the people perish.

Shaping The American Character

Pasquale De Marco

Shaping The American Character:

Landmarks: Shaping the American Psyche Pasquale De Marco, 2025-07-25 America is a nation of immigrants a melting pot of cultures from around the world This diversity has shaped the American identity in countless ways from our food to our music to our values But what are the core values that define America What makes us unique among the nations of the world In this book we will explore the history culture and values that have shaped the United States of America By examining the American landscape spirit and beliefs our goal is to provide a deeper understanding of the forces that have made America what it is today We will begin by exploring the American landscape from the vast wilderness of the frontier to the bustling streets of its cities We will see how the land has shaped the American character and how it continues to influence our lives today Next we will turn our attention to the American spirit We will examine the values of independence self reliance and optimism that have long been associated with Americans We will see how these values have shaped our history and how they continue to define us today Finally we will explore the American beliefs that have shaped our nation s laws and institutions We will examine the role of religion in American society the importance of education and the commitment to equality and justice for all By understanding the history culture and values that have shaped America we can better understand ourselves and our place in the world This book is essential reading for anyone who wants to understand the United States of America It is a book that will challenge your assumptions broaden your horizons and deepen your appreciation for the American experience If you like this book write a review *Shaping the American Character: The Significance of the Frontier in American History* Frederick Jackson Turner, 2012-01-10 More than a hundred years after it was first articulated Frederick Jackson Turner s frontier thesis remains one of the key interpretations of American history Turner argued that the European heritage of Americans was less important in understanding the country they had made than their own experience in settling a continent It was the circumstances of life on the frontier in fact a succession of frontiers that moved inexorably westward that were a determining influence on American character and institutions Turner read this paper propounding his thesis at the meeting of the American Historical Association in Chicago July 12 1893 as part of the World s Columbian Exposition It was timely he suggested because the Census of 1890 had announced the closing of the frontier in the United States and thus the end of an important stage of American development **Hearings** United States. Congress. Senate. Committee on Labor and Public Welfare, 1968 *The Social Thought of Talcott Parsons* Uta Gerhardt, 2016-02-17 The Social Thought of Talcott Parsons offers an insightful new reading of the work of Talcott Parsons keeping in view at once the important influences of Max Weber on his sociology and the central place occupied by methodology which enables us to better understand the relationship between American and European social theory Revealing American democracy and its nemesis National Socialism in Germany as the basis of his theory of society this book explores the debates in which Parsons was engaged throughout his life with the Frankfurt School C Wright Mills and the

young radicals among the disobedient student generation as well as economism and utilitarianism in social theory the opponents that Parsons confronted in the interests of humanism In addition to revisiting Parsons extensive oeuvre Uta Gerhardt takes up themes in current research and theory including social inequality civic culture and globalization offering a fascinating demonstration of what the conceptual approaches of Parsons can accomplish today Revealing methodology and the American ethos to be the cornerstones of Parsons social thought this book will appeal not only to those with interests in classical sociology and who wish to fully understand what this classic has to offer but also to those who wish to make sociology answer to the problems of the society of the present

From Heroes to Myth: The Real Story Behind the Battle of the Alamo Pasquale De Marco, 2025-07-13 From Heroes to Myth The Real Story Behind the Battle of the Alamo is a comprehensive and engaging exploration of one of the most iconic events in American history This book takes a fresh look at the Battle of the Alamo examining the events leading up to the battle the battle itself and the aftermath while also exploring the Alamo s cultural impact and enduring legacy The Battle of the Alamo is a story of courage sacrifice and patriotism It is a story that has been told and retold for generations but what really happened at the Alamo This book seeks to answer that question by providing a detailed and nuanced account of the battle The Battle of the Alamo was a turning point in the Texas Revolution After the Mexican army s victory at the Alamo the Texan army was forced to retreat However the battle also served to rally the Texan people and inspire them to fight for their independence The Alamo has become a symbol of Texan courage and sacrifice It is a reminder of the sacrifices that were made to win Texan independence The Alamo is also a symbol of American patriotism and unity It is a reminder that Americans can overcome any challenge if they stand together From Heroes to Myth The Real Story Behind the Battle of the Alamo is a must read for anyone interested in American history the Texas Revolution or the Alamo This book is also a valuable resource for students teachers and anyone else who wants to learn more about this iconic event If you like this book write a review

Echoes of the American Spirit Pasquale De Marco, 2025-07-19 Echoes of the American Spirit is a captivating exploration of the American identity a celebration of its rich heritage and a contemplation of its ongoing challenges Through the voices of its people the stories of its land and the ideals that have shaped its history this book captures the essence of what it means to be American In these pages readers will embark on a journey across the vast landscapes that define this nation from the rugged coastlines to the sprawling heartland from the bustling cities to the tranquil small towns They will encounter a diverse tapestry of people each with their own unique experiences and perspectives weaving together the intricate fabric of American society The book delves into the American character examining the traits and values that have come to define the nation and its people It explores the American Dream that elusive yet powerful aspiration that has drawn countless individuals to these shores seeking a better life for themselves and their families The book also confronts the challenges that America faces in the 21st century from persistent inequalities to political divisions from environmental degradation to the rise of new global powers It examines the

nation's role in the world its responsibilities and opportunities and the choices it must make to ensure a brighter future for all Echoes of the American Spirit is a thought provoking and inspiring exploration of the American journey a tribute to the nation's resilience and a call to action for all who believe in its promise It is a book that will resonate with readers of all backgrounds reminding them of the shared values and common aspirations that unite Americans across generations and divides This book is essential reading for anyone who wants to understand the American experience celebrate its achievements and work towards a future that is true to its founding ideals If you like this book write a review **An**

Introduction to Population Helen Ginn Daugherty, 1995-07-21 Discussing the scope and key concepts of the study of population it considers the basic processes of fertility mortality migration population composition demography data and population processes and assesses the problems within the field *Orange Empire* Douglas Cazaux Sackman, 2005 Douglas Sackman peels an orange and finds inside nothing less than an American agricultural industrial culture in all its inventive exploitative transformative and destructive power A beautifully researched and intellectually expansive book Elliott West author of *The Contested Plains Indians Goldseekers the Rush to Colorado* **Parting the Mormon Veil** Ángel Chaparro Sanz, 2017-07-27 Este libro supone una invitación para descubrir la cultura y la literatura mormona desde una perspectiva muy personal así como un viaje fascinante al territorio literario de Phyllis Barber una vasta extensión de un terreno físico y emocional donde los límites se entrecruzan y el tiempo teje nidos que trascienden la narrativa Ángel Chaparro analiza el proyecto social y cultural de la ficción y las autobiografías de Phyllis Barber examina la influencia de la cultura mormona del paisaje del Oeste americano y de los acontecimientos históricos en su escritura y trata de anticipar el espacio que sus libros ocupan en el desarrollo en curso de la literatura mormona y de la cultura del Oeste americano Este original análisis va precedido de una historia de La Iglesia de Jesucristo de los Santos de los Últimos Días **Land of Broken Dreams** Pasquale De Marco, 2025-04-13 *Land of Broken Dreams* offers a unique perspective on the homesteading experience delving into the dreams struggles and triumphs of those who dared to tame the American frontier This comprehensive exploration paints a vivid picture of life on the homestead from the backbreaking labor of breaking new ground to the heartwarming bonds of community Through meticulous research and captivating storytelling this book brings to life the challenges homesteaders faced in their quest for a better future Readers will gain insights into the harsh realities of frontier life the relentless battles against nature and the indomitable spirit that drove these pioneers forward The homesteading movement had a profound impact on American history and culture This book delves into the movement's origins its political and economic motivations and its lasting legacy It examines the role of government in promoting settlement the displacement of Native American tribes and the environmental impact of homesteading Beyond the historical narrative this book also explores the enduring significance of the homesteading experience It highlights the values that homesteaders embodied such as self-reliance perseverance and community spirit These values continue to resonate with Americans today serving as a reminder of the

nation's pioneer heritage With vivid prose and a keen eye for detail this book transports readers to a bygone era offering a glimpse into the lives of those who shaped the American frontier It is a captivating read for anyone interested in American history the homesteading movement or the enduring spirit of the human will If you like this book write a review on google books

Education Legislation--1968, Hearings Before the Subcommittee on Education United States. Congress. Senate. Committee on Labor and Public Welfare, 1968

Main Currents in American Thought: 1620-1800. The colonial mind Vernon Louis Parrington, 1927

The Reader's Digest DeWitt Wallace, Lila Acheson Wallace, 1927

Hard Living in America's Heartland Paula vW. Dáil, 2015-01-28 Despite living hard endlessly challenging lives the rural poor remain tirelessly optimistic believing things will get better next year As one struggling farmer explained Sometimes I feel like a jackass in a hailstorm I just have to stand here and take it but what the hell it'll stop hailing sooner or later The struggle to survive on the richest farmland in America has produced some of the nation's poorest people However rural poverty is not the same as urban poverty the usual definitions and criteria do not always apply the known predictors do not necessarily hold up and again and again the rural poor save themselves because they know no one else will This book refutes the common image of the poor as lazy slackers averse to work In reality fiercely independent politically astute hard working men and women who possess a wide array of useful skills populate the rural heartland and they struggle to stay afloat in small town economies that rise and fall on the whims of remote farm policy decisions a volatile world marketplace and Mother Nature who is a fickle wildly unpredictable business partner

A Tapestry of Tales Pasquale De Marco, 2025-03-19 Journey into the heart of American folklore with this captivating book that unveils the rich tapestry of stories legends and traditions that have shaped the nation's identity From the haunting melodies of Native American tales to the humorous yarns of frontier settlers from the supernatural encounters of the Appalachian Mountains to the vibrant celebrations of New Orleans Mardi Gras this book takes you on an enchanting journey through the diverse landscapes and cultures of America Within these pages you'll discover a treasure trove of folklore that spans centuries and regions reflecting the unique experiences and perspectives of the American people You'll meet larger than life heroes encounter mythical creatures and delve into the depths of human experience as expressed through stories songs and traditions Through the lens of folklore this book explores the values beliefs and aspirations that have shaped American society It traces the threads of cultural exchange that have woven together diverse ethnicities and backgrounds creating a rich tapestry of shared heritage It also examines the ways in which folklore has been used to challenge societal norms to celebrate triumphs and to cope with adversity As you journey through the chapters of this book you'll be transported to another time and place where the boundaries of reality blur and the imagination takes flight You'll laugh you'll cry you'll be amazed and you'll be inspired by the resilience creativity and wisdom of the American people as expressed through their folklore This book is not just a collection of stories it's an invitation to explore the heart and soul of America to discover the hidden histories and traditions that have shaped its

identity It s a celebration of the diverse voices and perspectives that make up the American experience So gather around the fire dear reader and let the stories begin If you like this book write a review Reading Southern History Glenn Feldman,2001-10-09 This collection of essays examines the contributions of some of the most notable interpreters of American southern history and culture The volume includes 18 chapters on such notable historians as John Hope Franklin Anne Firor Scott and W J Cash The Pentagon's Battle for the American Mind Lori L. Bogle,2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In Strategy for Survival Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America s civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era though the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman s plan for Universal Military Training and Eisenhower s psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle s analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy s chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration Song of Exile David W. Stowe,2016-04-01 Oft referenced and frequently set to music Psalm 137 which begins By the rivers of Babylon there we sat down yea we wept when we remembered Zion has become something of a cultural touchstone for music and Christianity across the Atlantic world It has been a top single more than once in the 20th century from Don McLean s haunting Anglo American folk cover to Boney M s West Indian disco mix In Song of Exile David Stowe uses a wide ranging interdisciplinary approach that combines personal interviews historical overview and textual analysis to demonstrate the psalm s enduring place in popular culture The line that begins Psalm 137 one of the most lyrical of the Hebrew Bible has been used since its genesis to evoke the grief and protest of exiled displaced or marginalized

communities Despite the psalm's popularity little has been written about its reception during the more than 2 500 years since the Babylonian exile Stowe locates its use in the American Revolution and the Civil Rights movement and internationally by anti colonial Jamaican Rastafari and immigrants from Ireland Korea and Cuba He studies musical references ranging from the Melodians Rivers of Babylon to the score in Kazakh film Tulpan Stowe concludes by exploring the presence and absence in modern culture of the often ignored final words Happy shall he be that taketh and dasheth thy little ones against the stones Usually excised from liturgy and forgotten by scholars Stowe finds these words echoed in modern occurrences of genocide and ethnic cleansing and more generally in the culture of vengeance that has existed in North America from the earliest conflicts with Native Americans Based on numerous interviews with musicians theologians and writers Stowe reconstructs the rich and varied reception history of this widely used yet mysterious text **Sea of Grass** Dave

Hage, Josephine Marcotty, 2025-05-27 A vivid portrait of the American prairie which rivals the rainforest in its biological diversity and with little notice is disappearing even faster This book describes in loving living prose one of the world's greatest and most important landscapes And it does so while there's still time to save some serious part of it Bill McKibben author of *The End of Nature* The North American prairie is an ecological marvel a lush carpet of grass that stretches to the horizon and home to some of the nation's most iconic creatures bison elk wolves pronghorn prairie dogs and bald eagles Plants microbes and animals together made the grasslands one of the richest ecosystems on Earth and a massive carbon sink but the constant expansion of agriculture threatens what remains When European settlers encountered the prairie nearly two hundred years ago rather than a natural wonder they saw an alien and forbidding place But with the steel plow artificial drainage and fertilizers they converted the prairie into some of the world's most productive farmland a transformation unprecedented in human history American farmers fed the industrial revolution and made North America a global breadbasket but at a terrible cost the forced dislocation of Indigenous peoples pollution of great rivers and catastrophic loss of wildlife Today industrial agriculture continues its assault on the prairie plowing up one million acres of grassland a year Farmers can protect this extraordinary landscape but trying new ideas can mean ruin in a business with razor thin margins and will require help from Washington D C and from consumers Veteran journalists and midwesterners Dave Hage and Josephine Marcotty reveal humanity's relationship with this incredible land offering a deep compassionate analysis of the difficult decisions as well as opportunities facing agricultural and Indigenous communities *Sea of Grass* is a vivid portrait of a miraculous ecosystem that makes clear why the future of this region is of essential concern far beyond the heartland

Seeking Transcendence Joseph C. Manzella, 2025-06-23 *Seeking Transcendence* examines the various paths taken by those who have detached themselves from their traditional institutional religious roots but are seeking non traditional paths to spiritual experiences Called the nones or non affiliated in popular mass media these include a significant number of Western folks who maintain a belief in God or at least consider themselves spiritual but not religious Each chapter of the

book explores these trends with a specific theme as well as a case study based on the author's ethnographic observation of alternative spiritual communities and practices in North America and Western Europe. Ultimately, this book shows how contemporary alternatives to traditional institutional religion appeal to nones, presenting the relevance of new religious movements and more secular spiritual paths to transcendence.
