Van Engen,2009-09-01 Eighty percent of all new church members become part of a local congregation because of a previous relationship or friendship with another member of that congregation Yet in spite of a number of excellent books written concerning relational evangelism little seems to happen in actually motivating training and mobilizing church members to evangelize their neighbors friends businesses associates and family members That is until *You Are My Witnesses* This new book is designed to be used by small groups in local churches as an action reflection training manual for those committed to be Christ s witnesses **Because He Has Spoken to Us** Brad Bursa,2022-05-11 Pope John XXIII called the Second Vatican Council so that the Church s doctrine might be more widely known more deeply understood and more penetrating in its effects However since the close of the Council in 1965 the results are wanting Rather than announcing the gospel boldly in the present age the Church has been seemingly reduced to

silence How did she lose her voice How did the structures of proclamation intended to hand on the Catholic faith devolve and even contribute to vaporizing a Catholic culture Because He Has Spoken to Us traces such developments from fixed points drawn from the fluid theology of Karl Rahner to their postmodern condition successive steps that usher in the crisis by subduing dismissing and silencing the tradition This postconciliar anthropocentric structure can now be better understood critiqued and displaced by a Ratzingerian approach Rather than embracing a given demanded by contemporary context Ratzinger proposes the revelation of the Logos in Jesus Christ as the given the true object of Christian faith His alternate proposal requires the courage to face the full scope of the Christian structure accessed through the Church s tradition and a willingness to proclaim the gospel personally and with humble confidence
