Gary Alan Fine, Tim Hallett

Sharing The Journey Support Groups And The Quest For A New Community:

Mental Health Self-Help Louis D. Brown, Scott Wituk, 2010-08-05 Building on earlier patient empowerment movements consumer and advocate driven mental health self help MHSH initiatives currently outnumber traditional mental health organizations At the same time this apparent success raises significant questions about their short term efficacy and their value to lasting recovery Mental Health Self Help assembles the state of the evidence on the effectiveness of MHSH beginning with the individual and larger social factors behind the expansion of consumer directed services Clearly organized and accessibly written the book traces the development and evolution of MHSH as both alternative and adjunct to traditional mental health structures offers research based perspectives on the various forms of MHSH and identifies potential areas for consumer initiatives to work with and help improve mental health systems Contributors weigh strengths and limitations raise research and methodology questions and discuss funding and training issues to give readers a deeper understanding of the field and an informed look at its future impact on mental health treatment Individual chapters cover the spectrum of contemporary self help initiatives in mental health including Online mutual aid groups Consumer run drop in centers Family and caregiver groups Certified peer support specialists Consumer advocacy initiatives Technical assistance organizations Professional self help collaborations Mental Health Self Help is a bedrock guide to an increasingly influential aspect of the mental health landscape Researchers studying these initiatives from a variety of fields including community and clinical psychology and public health as well as clinicians counselors social workers case managers and policymakers will find it an indispensable reference

The Beating of Great Wings Bernard J. Lee, 2004 A classic in the making this groundbreaking book is a thought provoking must have resource for all religious readers It will no doubt lead to challenging and invigorating conversations about the role of religious priests brothers and sisters today Twenty Third Publications

Sense of the Faithful Jerome P. Baggett, 2009 For this work Jerome Baggett conducted 300 intensive interviews with members of six parishes to explore all aspects about whether American Catholics are really so nonchalant about how they integrate the ancient devotional practices of Catholicism with the everyday struggles of the modern world

The Cursillo Movement in America Kristy Nabhan-Warren, 2013 The internationally growing Cursillo movement or short course in Christianity founded in 1944 by Spanish Catholic lay practitioners has become popular among American Catholics and Protestants alike This lay led weekend experience helps participants recommit to and live their faith Emphasizing how American Christians have privileged the individual religious experience and downplayed denominational and theological differences in favor of a common identity as renewed people of

faith Kristy Nabhan Warren focuses on cursillistas those who have completed a Cursillo weekend to show how their experiences are a touchstone for understanding these trends in post 1960s American Christianity Drawing on extensive ethnographic fieldwork as well as historical research Nabhan Warren shows the importance of Latino Catholics in the spread of the Cursillo movement Cursillistas stories she argues guide us toward a new understanding of contemporary Christian identities inside and outside U S borders and of the importance of globalizing American religious boundaries

The Religious Landscape of the United States , Authenticity in Culture, Self, and Society Phillip Vannini,J. Patrick Williams,2009 Authenticity in Culture Self and Society addresses the problems surrounding the concept of authenticity by offering its first sociological analysis Compiled by a team of experts from a variety of disciplinary backgrounds it provides readers with a survey of original empirical studies focused on its experience negotiation and social relevance at the levels of self culture and specific social settings

The Problems of Communitarian Politics Elizabeth Frazer,1999-10-28 The book offers a detailed critical analysis of the ideal of community in politics The book traces elements of the idea of community in a number of social and philosophical contests over the last century explaining how these are articulated in very recent political and public policy debates Community is invoked as a justification for re organisation of state institutions as the source of care and support for individuals and as an entity which is valuable in its own right and needs itself to be sustained and defended In community development community action community care and community politics the tensions and contradictions within the concept are often invariably felt community is both inclusive and exclusive both organised and unstructured and both hierarchical and egalitarian The book argues that analyses of the concept of community shows the role of ideas and ideals in shaping political actions the barriers to the realization of community in practical contexts and ultimately the untenability of the ideal itself

Mental Health at the Crossroads Janet E. Williams,2017-03-02 This book is a challenge to the enduring status and domination of bio medical approaches in mental health services Contributors from four continents argue that this domination along with modernization and multidisciplinary work will not improve people s lives unless social and psychological perspectives are appreciated and integrated This implies new forms of relationships and social arrangements Mental Health at the Crossroads the Promise of the Psychosocial Approach is a timely analysis of the psychosocial approach as it resonates across the discipline divide considering the past and future development It is written from the perspectives of service users and carers managers practitioners educators researchers and policy makers illustrated with case studies from Australia Brazil Italy UK and the USA This book presents an alternative approach to conventional thinking in mental health providing a fascinating and valuable resource for those seeking new perspectives grounded in theory with practice examples in order to influence the current agenda and change practice

Group Life Gary Alan Fine,Tim Hallett,2022-10-04 Sociological analysis is replete with debates about micro and macro individual and society but all too often these miss the point interacting groups are the hinge that connects the two To understand how structures matter and how individuals

navigate them we must take groups and people in local communities seriously Gary Alan Fine and Tim Hallett skillfully argue that sociologists have the obligation to examine the role of small communities in the creation of both the interaction order and structural realities With novel concepts and rich ethnographic examples this book describes how group commitments shape selves and society emphasizing the importance of a meso level approach to social organization Fine and Hallett provide new models of identity culture conflict and control and consider how a network of groups can provide insight into extended communication channels and social media lattices Ultimately they show that despite the importance of institutions and individuals group life is the fundamental building block of community This timely book makes the case for a local sociology that includes sociality It will be a welcome resource for students and sociologists and a necessary call to action for the discipline as a whole

Models of Evangelism Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it is through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model

Catholic Activism Today Maureen K. Day, 2020-06-09 Uncovers why Catholic organizations fail to foster civic activism The American Catholic Church boasts a long history of teaching and activism on issues of social justice In the face of declining religious and community involvement in the twenty first century many modern day Catholic groups aspire to revive the faith as well as their connections to the larger world Yet while thousands attend weekly meetings designed to instill religiosity and a commitment to civic engagement these programs often fail to achieve their more large scale goals In *Catholic Activism Today* Maureen K Day sheds light on the impediments to successfully enacting social change She argues that popular organizations such as JustFaith Ministries have embraced an approach to civic engagement that focuses on mobilizing Catholics as individuals rather than as collectives There is reason to think this approach is effective these organizations experience robust participation in their programs and garner reports of having had a transformative effect on their participants lives Yet Day shows that this approach encourages participants to make personal lifestyle changes rather than contend with structural social inequalities thus failing to make real inroads in the pursuit of social justice Moreover the focus on the individual serves to undermine the institutional authority of the Catholic Church itself shifting American Catholics perceptions of the Church from a hierarchy that controls the laity to one that simply influences it as they pursue

their individual paths Drawing on three years of interview survey and participant observation data Catholic Activism Today offers a compelling new take on contemporary dynamics of Catholic civic engagement and its potential effect on the Church at large

The Art of Reading Scripture Ellen F. Davis, Richard B. Hays, 2003-10-02 The difficulty of interpreting the Bible is felt all over today Is the Bible still authoritative for the faith and practice of the church If so in what way What practices of reading offer the most appropriate approach to understanding Scripture The church's lack of clarity about these issues has hindered its witness and mission causing it to speak with an uncertain voice to the challenges of our time This important book is for a twenty first century church that seems to have lost the art of reading the Bible attentively and imaginatively The Art of Reading Scripture is written by a group of eminent scholars and teachers seeking to recover the church's rich heritage of biblical interpretation in a dramatically changed cultural environment Asking how best to read the Bible in a postmodern context the contributors together affirm up front Nine Theses that provide substantial guidance for the church The essays and sermons that follow both amplify and model the approach to Scripture outlined in the Nine Theses Lucidly conceived carefully written and shimmering with fresh insights The Art of Reading Scripture proposes a far reaching revolution in how the Bible is taught in theological seminaries and calls pastors and teachers in the church to rethink their practices of using the Bible Contributors Gary A Anderson Richard Bauckham Brian E Daley Ellen F Davis Richard B Hays James C Howell Robert W Jenson William Stacy Johnson L Gregory Jones Christine McSpadden R W L Moberly David C Steinmetz Marianne Meye Thompson

Language of the Heart Trysh Travis,2010-01-01 In *The Language of the Heart* Trysh Travis explores the rich cultural history of Alcoholics Anonymous AA and its offshoots and the larger recovery movement that has grown out of them Moving from AA s beginnings in the mid 1930s as a men s fellowship that met in church basements to the thoroughly commercialized addiction treatment centers of today Travis chronicles the development of recovery and examines its relationship to the broad American tradition of self help highlighting the roles that gender mysticism and bibliotherapy have played in that development **Effective Small Churches in the Twenty-First Century** Carl S. Dudley,2010-09-01 Dudley s work in

Making the Small Church Effective 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual s sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation s sense of unity and that motivate its members to more faithfully live out their faith

Belief without Borders Linda A. Mercadante,2014-02-05 Named A Best Spiritual Book of the Year by Spirituality Practice The last twenty years have seen a dramatic increase in nones people who do not claim any religious affiliation These nones now outnumber even the largest Protestant denominations in America They are not to be confused with secularists however for many of them identify themselves as spiritual but not religious SBNR The response to this dramatic change in American religion has been amazingly mixed While social scientists have been busy counting and categorizing them the public has swung between derision and adulation Some complain nones are simply shallow dilettantes narcissistically concerned with their own inner world Others hail them as spiritual giants and ground breaking pioneers Rarely however have these nones been asked to explain their own views beliefs and experiences In *Belief without Borders* theologian and one time SBNR Linda Mercadante finally gives these individuals a chance to speak for themselves This volume is the result of extensive observation and nearly 100 in depth interviews with SBNRs across the United States Mercadante presents SBNRs stories shows how they analyze their spiritual journeys and explains why they reject the claims of organized religion Surprisingly however Mercadante finds these SBNRs within as well as outside the church She reveals the unexpected emerging latent theology within this group including the interviewees creative concepts of divine transcendence life after death human nature and community The conclusions she draws are startling despite the fact that SBNRs routinely discount

the creeds and doctrines of organized religion many have devised a structured set of beliefs often purposefully in opposition to doctrines associated with Christianity Belief without Borders is a captivating exploration of a growing belief system certain to transform the spiritual character of America

Public Opinion Rosalee A. Clawson, Zoe M. Oxley, 2020-07-21 In Public Opinion Democratic Ideals Democratic Practice Fourth Edition Clawson and Oxley link the enduring normative questions of democratic theory to existing empirical research on public opinion Organized around a series of questions In a democratic society what should be the relationship between citizens and their government Are citizens opinions pliable Are they knowledgeable attentive and informed the text explores the tension between ideals and their practice Each chapter focuses on exemplary studies explaining not only the conclusion of the research but how it was conducted so students gain a richer understanding of the research process and see methods applied in context

Handbook of Citizenship Studies Engin F Isin, Bryan S Turner, 2002 The contributions of Woodiwiss Lister and Sassen are outstanding but not unrepresentative of the many merits of this excellent collection The British Journal of Sociology From women s rights civil rights and sexual rights for gays and lesbians to disability rights and language rights we have experienced in the past few decades a major trend in Western nation states towards new claims for inclusion This trend has echoed around the world from the Zapatistas to Chechen and Kurdish nationalists social and political movements are framing their struggles in the languages of rights and recognition and hence of citizenship Citizenship has thus become an increasingly important axis in the social sciences Social scientists have been rethinking the role of political agent or subject Not only are the rights and obligations of citizens being redefined but also what it means to be a citizen has become an issue of central concern As the process of globalization produces multiple diasporas we can expect increasingly complex relationships between homeland and host societies that will make the traditional idea of national citizenship problematic As societies are forced to manage cultural difference and associated tensions and conflict there will be changes in the processes by which states allocate citizenship and a differentiation of the category of citizen This book constitutes the most authoritative and comprehensive guide to the terrain Drawing on a wealth of interdisciplinary knowledge and including some of the leading commentators of the day it is an essential guide to understanding modern citizenship About the editors Engin F Isin is Associate Professor of Social Science at York University His recent works include Being Political Genealogies of Citizenship Minnesota 2002 and with P K Wood Citizenship and Identity Sage 1999 He is the Managing Editor of Citizenship Studies Bryan S Turner is Professor of Sociology at the University of Cambridge He has written widely on the sociology of citizenship in Citizenship and Capitalism Unwin Hyman 1986 and Citizenship and Social Theory Sage 1993 He is also the author of The Body and Society Sage 1996 and Classical Sociology Sage 1999 and has been editor of Citizenship Studies since 1997

From Morality to Mental Health Mike W. Martin, 2006-04-20 Morality and mental health are now inseparably linked in our view of character Alcoholics are sick yet they are punished for drunk driving Drug addicts are criminals but their punishment can be court ordered therapy

The line between character flaws and personality disorders has become fuzzy with even the seven deadly sins seen as mental disorders. In addition to pathologizing wrong doing we also psychologize virtue: self respect becomes self esteem, integrity becomes psychological integration and responsibility becomes maturity. Moral advice is now sought primarily from psychologists and therapists rather than philosophers or theologians. In this wide ranging accessible book Mike W Martin asks: are we replacing morality with therapy in potentially confused and dangerous ways or are we creatively integrating morality and mental health? According to him it's a little bit of both. He surveys the ways in which morality and mental health are related, touching on practical concerns like love and work, self respect and self fulfillment, guilt and depression, crime and violence and addictions. Terming this integrative development the therapeutic trend in ethics, Martin uses examples from popular culture, various moral controversies and draws on a line of thought that includes Plato, the Stoics, Freud, Nietzsche and contemporary psychotherapeutic theories. Martin develops some interesting conclusions among them that sound morality is indeed healthy and that moral values are inevitably embedded in our conceptions of mental health. In the end he shows how both morality and mental health are inextricably intertwined in our pursuit of a meaningful life. This book will be of interest to philosophers, psychologists, psychiatrists and sociologists as well as the general reader.
