Race in the College Classroom Maureen T. Reddy, Bonnie TuSmith, 2002 Winner of the 2003 American Educational Studies Association Critics Choice Awards Winner of the 2003 Gustavus Myers Outstanding Book Award Did affirmative action programs solve the problem of race on American college campuses as several recent books would have us believe If so why does talking about race in anything more than a superficial way make so many students uncomfortable Written by college instructors from many disciplines this volume of essays takes a bold first step toward a nationwide conversation Each of the twenty nine contributors addresses one central question what are the challenges facing a college professor who believes that teaching responsibly requires an honest and searching examination of race Professors from the humanities social sciences sciences and education consider topics such as how the classroom environment is structured by race the temptation to retreat from challenging students when faced with possible reprisals in the form of complaints or negative evaluations the implications of using standardized evaluations in faculty tenure and promotion when the course subject is intimately connected with race and the varying ways in which white faculty and faculty of color are impacted by teaching about race

*Ecofeminist Literary Criticism* Greta Claire Gaard, Patrick D. Murphy, 1998 Ecofeminist Literary Criticism is the first collection of its kind a diverse anthology that explores both how ecofeminism can enrich literary criticism and how literary criticism can contribute to ecofeminist theory and activism Ecofeminism is a practical movement for social change that discerns interconnections among all forms of oppression the exploitation of nature the oppression of women class exploitation racism colonialism Against binary divisions such as self other culture nature man woman humans animals and white non white ecofeminist theory asserts that human identity is shaped by more fluid relationships and by an acknowledgment of both connection and difference Once considered the province of philosophy and women s studies ecofeminism in recent years has been incorporated into a broader spectrum of academic discourse Ecofeminist Literary Criticism assembles some of the most insightful advocates of this perspective to illuminate ecofeminism as a valuable component of literary criticism

**Mentorship/Methodology** Leigh Gruwell, Charles Lesh, 2024-04-22 Mentorship Methodology brings together emerging and established scholars to consider the relationship between mentoring practices and research methodologies in writing studies and related fields Each essay in this edited collection produces a new intellectual space from which to theorize the dynamics of combining mentoring and research in institutions and communities of higher education The contributors consider how methodology informs mentorship how mentorship activates methodology and how to locate the future of the field in these moments of intersection Mentorship through the research and relationships it nourishes creates the future of writing studies or conversely reproduces the past At the juncture where this happens the contributors inquire Where have current arrangements of mentorship methodology taken writing studies Where do these points of intersection exist in performance and practice in theory in research What images of the field do they produce How

can scholars better articulate and write about these moments or spaces in which mentorship and methodology collide in productive disciplinary work By making the slash more visible Mentorship Methodology provides significant opportunities to support and cultivate diverse ways of knowing and being in rhetoric and composition both locally and globally The volume will appeal to students and scholars of rhetoric composition and technical and professional communication as well as readers interested in conversations about mentorship and methodology Dialogic Pedagogy David Skidmore, Kyoko

Murakami, 2016-08-18 This book provides a wide ranging and in depth theoretical perspective on dialogue in teaching It explores the philosophy of dialogism as a social theory of language and explains its importance in teaching and learning Departing from the more traditional teacher led mode of teacher student communication the dialogic approach is more egalitarian and focuses on the discourse exchange between the parties Authors explore connections between dialogic pedagogy and sociocultural learning theory and argue that dialogic interaction between teacher and learners is vital if instruction is to lead to cognitive development The book also presents prosody as a critical resource for understanding between teachers and students and includes some of the first empirical studies of speech prosody in classroom discourse

Teaching Writing Creatively David Starkey, 1998 Teaching Writing Creatively represents a challenge to conventional notions of genre It seeks to break down the artificial antiquated barriers between creative and academic writing making the writing classroom experience a more imaginative one Teaching Writing Creatively features many of the most respected names in composition instructors with long successful histories of providing teachers with functional yet inventive methods of teaching writing The collection begins with articles that assert that all good writing must be in some important sense creative These contributors offer accounts of the transformation of their composition classrooms essays that demonstrate that good student writing is only marginally about genre and a critique of the creative writing workshop as a model for the composition class Part II offers a variety of ways to approach the teaching of writing as a creative endeavor It includes articles on helping students better understand their own writing processes and suggestions on alternative composing strategies and their classroom applications The contributors to the final section offer a variety of new approaches to creative writing that can be successfully applied to expository writing courses as well Student centered and process oriented Teaching Writing Creatively is a book writing instructors will find immediately useful particularly composition instructors who feel hemmed in by the conventional expectations of writing courses and creative writing instructors looking to take advantage of the latest innovations in composition studies **The Longman Sourcebook for Writing Program**

**Administrators** Irene Ward, William James Carpenter, 2008 The Longman Sourcebook for Writing Program Administrators serves as a reference work and handbook for those charged with administering writing programs at colleges and universities Both English Department Chairpersons and Directors of Writing Programs will find this an essential resource The book is

also intended for graduate level courses in writing program administration serving as an introduction to the theory issues and practical problems of writing program administration

Student Empowerment in Higher Education. Reflecting on Teaching Practice and Learner Engagement Anjoom A. Mukadam ,2020-05-04 Student Empowerment in Higher Education brings together the accumulated knowledge and experience of many accomplished teachers and students from higher education institutions around the world and has much to offer those who are engaged in higher education as students teachers or support staff The authors offer personal reflections in teaching learning mentoring assessment hands on activities course design and student identities in higher education across the globe supported by academic research and scholarship Readers are provided with a window into tried and tested empowering practices in varying contexts enabling them to see what works and what does not alongside the challenges and possibilities A distinctive feature of this book and its paramount strength is that it explores best practices in student empowerment whilst reflecting on matters of teaching and learning that are familiar to students and teachers alike and also explores practices in a variety of disciplines The intention of these volumes therefore is not only to inform readers about the diverse learning and teaching approaches of the authors but most importantly to facilitate processes of student empowerment and promote reflection on teaching and learning practices In recent decades higher education policy discourse has persistently implied that a university education is delivered to students under the impersonal banner of the student experience Not only does this commodify the diverse individual experiences of students into one marketable product it also creates false barriers and power dynamics between students and their teachers In Student Empowerment in Higher Education the students and lecturers who collaborated to write this important volume have literally blown such misleading notions out of the window I highly recommend each varied and autonomous chapter to learn what really inspires confidence and success in university students Professor Sarah Hayes Professor of Higher Education Policy University of Wolverhampton The two volumes of Student Empowerment in Higher Education offer the reader rich and varied examples and understandings of student empowerment from around the world The authors provide reflective accounts of learning and teaching from diverse perspectives and disciplines which focus on many different areas of practice in higher education It is this variety that will appeal to many readers as the source of ideas and inspiration for numerous possible routes to empowerment With many chapters co authored by students and staff the book models the collective responsibility students and staff have for enhancing student empowerment Dr Catherine Bovill Senior Lecturer in Student Engagement University of Edinburgh Fulbright Scholar Elon University North Carolina USA Visiting Fellow Knowledge Exchange University of Winchester

**Taking College Teaching Seriously - Pedagogy Matters!** Gail O. Mellow,Diana D. Woolis,Marisa Klages-Bombich,Susan Restler,2023-07-03 College teaching is not rocket science it s much much harder Diana Laurillard University of LondonCollege faculty both adjunct and full time stand with their students at the coalface of learning wishing for more to succeed and disappointed at how illusory academic success is for so many Among

the array of investments colleges are making to improve student outcomes from predictive data analysis to enhanced advising too little attention is paid to supporting faculty Yet the impact of teacher and teaching on student learning is incontrovertible Taking College Teaching Seriously Pedagogy Matters stands against the tide celebrating the incredible work faculty members do each day and challenging them to expand their capacity to present their content expertise effectively This book presents a model of embedded professional development which capitalizes on the affordances of technology to enable groups of faculty to examine their practice in a non evaluative context but with a clear focus on improvement The core of the work involves individual reflection and the design provides for an accessible way to see into the classrooms of discipline peers Most importantly the Taking College Teaching Seriously experience is not an intense one shot but rather a structured opportunity for a faculty member to examine and adapt practice over time and to assess the impact of changes on student learning Faculty who have participated in the Taking College Teaching Seriously experience found it to be transformative English Professor Kentucky Participating in the work this year has helped me to be more reflective in every single action I constantly analyze how each session went it gave me the tools to think about every minute detail of a classroom Adjunct Math Professor Mississippi Speaking as an adjunct I have valued the chance to share my teaching and get ideas from others I can honestly say that this experience has been a lifeline of sorts this year In a magic wand instructional setting I d wish for the kind of honest respectful and professionally challenging discussions we have in Classroom Notebook at weekly staff meetings Classroom Notebook is the Taking College Teaching Seriously online platform Math Professor NJ I think the continual self evaluation and reflection allowed us to work together to brainstorm improvements and positive tweaks to be more purposeful in our classrooms as opposed to just randomly reaching in the dark for ideas and techniques in HOPE of success Taking College Teaching Seriously Pedagogy Matters breaks new ground in professional development Each faculty member is at the center of the learning experience stimulated and supported by peers working in similar contexts They share a desire to see more students learn deeply and find that honing their skill at adapting to the learning needs of specific classes and students allows them to realize this goal Uniquely Taking College Teaching Seriously illuminates the link between faculty teaching expertise and improving student outcomes The introduction to the book examines the challenges facing faculty in higher education today and reviews the literature on teaching and learning Chapter 1 looks at the analytical foundations for all of the model s elements from adult learning theory to communities of practice and Chapter 2 presents the model s theory of change Chapter 3 describes the model in detail and Chapters 4 and 5 concern the infrastructure of the faculty collaborative community focusing on both its interpersonal and technological dimensions The book concludes in Chapter 6 with an assessment of the value of this approach to professional development and a call to action for faculty member engagement in this important work so essential to both professional passion and mandate Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching Hodges, Tracey S.,2022-05-27 Writing is a critical

component for teaching children about advocacy and empowering student voice as well as an essential tool for learning in many disciplines Yet writing instruction in schools often focuses on traditional methods such as the composition of five paragraph essays or the adherence to proper grammatical conventions While these are two components of writing instruction and preparation in education they only provide a small glimpse into the depth and breadth of writing As such writing instruction is increasingly complex and requires multiple perspectives and levels of skill among teachers The Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching serves as a comprehensive reference of issues related to writing instruction and leading research about perspectives methods and approaches for equitable and effective writing instruction It includes practices beyond K 12 including best writing practices at the college level as well as the development of future teachers Providing unique coverage on culturally relevant writing socio and racio linguistic justice and urgent writing pedagogies this major reference work is an indispensable resource for administrators and educators of both K 12 and higher education pre service teachers teacher educators libraries government officials researchers and academicians

Sharing Pedagogies Students And Teachers Write About Dialogic Practices: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Sharing Pedagogies Students And Teachers Write About Dialogic Practices : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
