The Mammoth Book of Shark Attacks Alex MacCormick, 2013-11-07 The biggest ever selection of first hand accounts and news reports of shark attacks both recent and historical shows how sharks are masters of the ocean and how we enter their domain at our own risk Think you re safe in the Med Read about the Great Whites that thrive near holiday beaches Think you re safe in large groups Read about the sinking of the USS Indianapolis in 1945 when hundreds of sailors floated for days in shark infested waters being picked off one by one Think you re safe at home Read about the 69 year old man taking his regular evening swim jumping off his backyard dock straight into the mouth of a bull shark Many more extraordinary and gruesome accounts including the shark boat skipper who slit open the belly of a 360 kg tiger shark only to have a human head pelvis and arm come tumbling out provide horrific and moving tales of shark encounters The courage of survivors and those who have risked their lives to save shark attack victims is truly inspirational Where can you find sharks Features on different shark species with illustrations fact boxes and maps show where they lurk around the world Also included are a selection of full colour photographs and special sections on the life cycle of a shark how to avoid a shark attack and how to survive one

Shark Attacks Blake Chapman, 2017-11 Humans spend more time in or on the water than ever before We love the beach But for many people getting in the water provokes a moment s hesitation Shark attacks are big news events and although the risk of shark attack on humans is incredibly low the fact remains that human lives are lost to sharks every year Shark Attacks explores the tension between risk to humans and the need to conserve sharks and protect the important ecological roles they play in our marine environments Marine biologist Blake Chapman presents scientific information about shark biology movement patterns and feeding behaviour She discusses the role of fear in the way we think about sharks and the influence of the media on public perceptions Moving first hand accounts describe the deep and polarising psychological impacts of shark attacks from a range of perspectives This book is an education in thinking through these emotive events and will help readers to navigate the controversial issues around mitigating shark attacks while conserving the sharks themselves

Shark Attacks of New York: A History Patricia Heyer & Robert Heyer, 2021 New York s crowded beaches can come to halt with the shout of a single word shark The shores of Long Island and Staten Island and the waters surrounding Manhattan have had more than thirty shark attacks recorded since the days of New Amsterdam Legend has it that Antony Van Corlear Peter Stuyvesant s trusted deputy was killed by a shark crossing Spuyten Duyvil Creek while blowing his famed trumpet In the summer of 1916 after a series of bloody encounters along the Jersey Shore sharks terrorized beachgoers of Sheepshead Bay frightening the entire region Two incidents on Fire Island in 2018 within mere hours and miles of each other involved a twelve year old and a thirteen year old striking fear in the hearts of parents Authors Patricia and Robert Heyer chart the history of New York s shark attacks *Shark Attacks of the Jersey Shore: A History* Patricia & Robert Heyer, 2020 Every summer thousands flock to the Jersey Shore for its beaches and boardwalks but lurking in the depths beyond is a

historic threat to tranquility Dozens of shark attacks and interactions have occurred throughout Jersey Shore history that reveal bravery heartbreak and the hubris of man A boy paid a gruesome price for teasing a trapped shark in the first recorded attack in 1842 The three bloody attacks of 1960 left one man s limb amputated The horrific summer of 1916 included seven attacks in a two week span and crafted the caricature of the killer shark that remains in popular culture today Authors Patricia and Robert Heyer dive into the history of when two apex predators man and shark cross paths on the shores of New Jersey

Sharks in the Shallows W. Clay Creswell, 2021-06-14 A detailed account of over one hundred shark related incidents on the coast of the Carolinas from a shark bite investigator Powerful and mysterious sharks inspire both fascination and fear Worldwide oceans are home to some five hundred species and of those fifty six are known to reside in or pass through the waters off the coast of both North and South Carolina At any given time waders swimmers and surfers enjoying these waters are frequently within just one hundred feet of a shark While it s unnerving to know that sharks often swim just below the surface in the shallows W Clay Creswell a shark bite investigator for the Shark Research Institute s Global Shark Attack File explains that attacks on humans are extremely rare In 2019 the International Shark Attack File confirmed sixty four unprovoked attacks on humans including three in North Carolina and one in South Carolina While acknowledging that they pose real dangers to humans Creswell believes the fear of sharks is greatly exaggerated During his sixteen year association with the Shark Research Institute he has investigated more than one hundred shark related incidents and has maintained a database of all shark human encounters along the Carolina coastlines back to 1817 Creswell uses this data to expose the truth and history of this often sensationalized topic Beyond the statistics related to attacks in the Carolina waters *Sharks in the Shallows* offers a history of shark human interactions and an introduction to the world of shark attacks Creswell details the conditions that increase a person s chances of an encounter profiles the three species most often involved in attacks and reveals the months and time of day with the highest probability of an encounter With a better understanding of sharks responses to their environment and what motivates them to attack humans he hopes people will develop a greater appreciation of the invaluable role sharks play in our marine environment

Shark Attacks Alex MacCormick, 2025-06-25 More horrifying than *Jaws* because it s true Since 1990 there have been 283 shark attacks worldwide 40 of which were fatal In the past 15 years reports of shark attacks have substantially increased Over half the attacks occur in water no deeper than five feet Believe it or not shark attacks are still a very real threat to humans These unspeakably bloody encounters happen in shallow water in safe areas to people just like you people who thought it could never happen to them HONG KONG 1995 A forty five year old woman swimming in shallow water with fifty other people has one leg and one arm ripped off by the shark she dies before reaching the hospital CALIFORNIA 1993 A man snorkeling with friends is swallowed headfirst halfway down his body luckily the shark spits him back out with only bite wounds AUSTRALIA 1993 A professional diver and mother of five is literally torn in half in front of her horrified family by a fifteen foot great white

Close to Shore Michael Capuzzo, 2002-05-21 Combining rich historical detail and a harrowing pulse pounding narrative *Close to Shore* brilliantly re creates the summer of 1916 when a rogue Great White shark attacked swimmers along the New Jersey shore triggering mass hysteria and launching the most extensive shark hunt in history In July 1916 a lone Great White left its usual deep ocean habitat and headed in the direction of the New Jersey shoreline There near the towns of Beach Haven and Spring Lake and incredibly a farming community eleven miles inland the most ferocious and unpredictable of predators began a deadly rampage the first shark attacks on swimmers in U S history Capuzzo interweaves a vivid portrait of the era and meticulously drawn characters with chilling accounts of the shark s five attacks and the frenzied hunt that ensued From the unnerving inevitability of the first attack on the esteemed son of a prosperous Philadelphia physician to the spine tingling moment when a farm boy swimming in Matawan Creek feels the sandpaper like skin of the passing shark *Close to Shore* is an undeniably gripping saga Heightening the drama are stories of the resulting panic in the citizenry press and politicians and of colorful personalities such as Herman Oelrichs a flamboyant millionaire who made a bet that a shark was no match for a man and set out to prove it Museum of Natural History ichthyologist John Treadwell Nichols faced with the challenge of stopping a mythic sea creature about which little was known and most memorable the rogue Great White itself moving through a world that couldn t conceive of either its destructive power or its moral right to destroy Scrupulously researched and superbly written *Close to Shore* brings to life a breathtaking pivotal moment in American history Masterfully written and suffused with fascinating period detail and insights into the science and behavior of sharks *Close to Shore* recounts a breathtaking pivotal moment in American history with startling immediacy

Shark Attacks of the Twentieth Century Ralph S. Collier, 2003 This is the single most historically valuable book ever written on the subject of Pacific Coast shark attacks Through bone chilling accounts in victims own words never before published photographs and detailed maps and charts of attack locations this book accurately chronicles every known unprovoked shark attack that occurred along the Pacific Coast of North America during the entire Twentieth Century The author s examination of wound characteristics recurring locations and the curious phenomenon of attacks on inanimate objects afford astonishing insights into why sharks attack These insights form the foundation for his

safety recommendations to specific ocean user groups Based on 40 years of research this book will be of inestimable value to scientists researchers and educators as well as anyone that might venture into the waters off the Pacific Coast The understanding gained from this book will temper fears with knowledge and provide the reader with clear and specific information that may easily make the difference between life and death Unspeakable Horror Joseph B. Healy,2017-08-01

The story of the USS Indianapolis is well known After delivering crucial components of the atomic bomb that would level Hiroshima in 1945 the Indianapolis was sunk by a Japanese submarine in the South China Sea Of the nearly 1 200 men aboard 900 survived the torpedoing spilling into the sea White tip sharks began attacking the next morning and after four days only 300 sailors were alive to rescue Less famous are the many stories of ships sinking in shark infested waters with gruesome results Such as the Cape San Juan a US troop transport ship that was torpedoed by a Japanese submarine in the Pacific Ocean near the Fiji Islands nearly 700 of the survivors were killed by sharks Or the HMS Birkenhead which sunk off Danger Point South Africa in 1852 resulting in 440 shark related fatalities In 1927 the luxury Italian cruise liner Principessa Mauda sank ninety miles off the coast of Albrohos Island while heading to Porto Seguro Brazil Nearly 300 who survived the wreck were killed by sharks In 1909 the French steamer La Seyne collided with British India Steamship Co liner Onda near Singapore twenty six miles from land One hundred and one people were eventually killed by sharks In the water human intelligence is no match for a shark s brutal destructive instincts Sharks are born to kill and eat They detect distress smell blood and attack Marine disasters such as those above result in humans becoming prey floating in inner space as shadowy sharks swim below ready to attack Helpless to save yourself floating and waiting watching the malevolent creatures circle knowing what will happen a sudden swirl of water a cloud of blood the searing pain until there is no more This is unspeakable horror Twelve Days of Terror Richard G. Fernicola,2016-05-02

Upon the 100th anniversary of the most terrifying stretch of shark attacks in American history a wave said to have been the inspiration for Jaws comes a reissue of the classic Lyons Press account and investigation In July 1916 a time when World War I loomed over America and New York City was in the midst of a deadly polio epidemic the tri state area sought relief at the Jersey shore The Atlantic s refreshing waters proved to be utterly inhospitable however In just twelve days four swimmers were violently and fatally mauled in separate shark attacks and a fifth swimmer escaped an attack within inches of his life In this thoroughly researched account Dr Richard Fernicola the leading expert on the attacks presents a riveting portrait investigation and scientific analysis of the terrifying days against the colorful backdrop of America in 1916 in Twelve Days of Terror North Carolina Shark Attacks John Hairr,2023

Swim at your own risk Millions of tourists visit North Carolina beaches each year but advertisements promoting fun in the sun along idyllic shores forget to mention the dangers lurking under the waves The Old North State is home to some very large and lethal sharks bull sharks tiger sharks oceanic whitetips and great whites Large sharks used to be prolific along the coast especially in the waters of Carteret County where some brutal fatal attacks have happened

Offshore mariners dreaded the infamous Graveyard of the Atlantic knowing their chances of meeting a gruesome end were high in those shark haunted waters As shark populations rebound in waters where humans congregate local author John Hairr tells forgotten tales of historic clashes between these two apex predators [Shark Attack!](#) Marc Shulman,2006
