

The background of the book cover is a stylized illustration of a man with a beard and long hair, wearing a red robe. He is holding a long, blue sword diagonally across his chest. The style is reminiscent of a comic book or a graphic novel.

"This book is a timely diagnosis of our contemporary condition, offering a challenging but accessible, difficult but beautiful path forward"

lanes of Hampshire give way to the crowded urban streets of the industrial North of England Mr Hale's new role as a private tutor brings Margaret into contact not only with her father's favorite student one of the masters of a factory but also leads to her meeting and caring for the poor families of factory workers Margaret finds her sympathies torn as she grows to understand the differing outlooks and interests of masters and men especially as an industrial dispute brings the lives of both classes into crisis But there is much more to Margaret's life than politics and economics An accomplished and beautiful young woman she finds her abilities stretched by personal family tragedies and her affections tested by differing claims on her life both from intimate family members and from suitors smitten by her unstudied charms North and South would have been titled Margaret Hale if Elizabeth Gaskell had had her way She was overruled by Charles Dickens in whose magazine Gaskell's novel was first serialized and who insisted on the present title Dynamics between the leading characters have often reminded readers of Jane Austen's *Pride and Prejudice* although in the case of Gaskell's protagonists these qualities are more evenly distributed Contemporary critics were less than enthusiastic about the women's perspective in the book but appreciation has grown steadily and significantly for Gaskell's writing and insights in *North and South* Her sensitive handling of Mr Hale's religious scruples her unsentimental portrayal of the urban working poor and her prescient depiction of shifting social and gender roles all find a contemporary appeal Although once neglected among Gaskell's works successive adaptations for television the latest in 2004 have won for the book a higher profile and wider readership This book is part of the Standard Ebooks project which produces free public domain ebooks

The Paradoxes of History and Memory in Post-Colonial Sierra Leone Sylvia Ojukutu-Macauley,Ismail Rashid,2013-10-10 This anthology reflects the complex processes in the production of historical knowledge and memory about Sierra Leone and its diaspora since the 1960s The processes while emblematic of experiences in other parts of Africa contain their own distinctive features The fragments of these memories are etched in the psyche bodies and practices of Africans in Africa and other global landscapes and on the other hand are embedded in the various discourses and historical narratives about the continent and its peoples Even though Africans have reframed these discourses and narratives to reclaim and re-center their own worldviews agency and experiences since independence they remained until recently heavily sedimented with Western colonialist and racist ideas and frameworks This anthology engages and interrogates the differing frameworks that have informed the different practices professional as well as popular of retelling the Sierra Leonean past In a sense therefore it is concerned with the familiar outline of the story of the making and unmaking of an African nation and its constituent race ethnic class and cultural fragments from colonialism to the present Yet Sierra Leone the oldest and quintessential British colony and most Pan African country in the continent provides interesting twists
