## **Shaw And Joyce The Last Word In Stolen Telling:**

**Suspicious Readings of Joyce's "Dubliners"** Margot Norris, 2010-11-24 Because the stories in James Joyce's *Dubliners* seem to function as models of fiction they are able to stand in for fiction in general in their ability to make the operation of texts explicit and visible Joyce's stories do this by provoking skepticism in the face of their storytelling Their narrative unreliabilities produced by strange gaps omitted scenes and misleading narrative prompts arouse suspicion and oblige the reader to distrust how and why the story is told As a result one is prompted to look into what is concealed omitted or left unspoken a quest that often produces interpretations in conflict with what the narrative surface suggests about characters and events Margot Norris's strategy in her analysis of the stories in *Dubliners* is to refuse to take the narrative voice for granted and to assume that every authorial decision to include or exclude or to represent in a particular way may be read as motivated *Suspicious Readings of Joyce's Dubliners* examines the text for counterindications and draws on the social context of the writing in order to offer readings from diverse theoretical perspectives *Suspicious Readings of Joyce's Dubliners* devotes a chapter to each of the fifteen stories in *Dubliners* and shows how each confronts the reader with an interpretive challenge and an intellectual adventure Its readings of *An Encounter* *Two Gallants* *A Painful Case* *A Mother* *The Boarding House* and *Grace* reconceive the stories in wholly novel ways ways that reveal Joyce's writing to be even more brilliant more exciting and more seriously attuned to moral and political issues than we had thought Shaw and Science Fiction Milton T. Wolf, 1997-01-01 Shaw's speculations about human destiny align him with many other writers of the time and later who forged a new genre of literature that ultimately took the name in 1928 of science fiction Ray Bradbury affirms Greg Bear's statement about the little known but significant relationship that Bernard Shaw has with science fiction Bradbury who frequently emphasizes Shaw's influence on his own work asks Isn't it obvious at last Those that do not live in the future will be trapped and die in the past Susan Stone Blackburn comparing Shaw's *Back to Methuselah* with Olaf Stapledon's *Last and First Men* discusses why science fiction scholars have been reluctant to acknowledge Shaw's role in the genre Tom Shippey examines aspects of Shaw's theory of Creative Evolution to show why many have dismissed Shaw's science fiction as insufficiently scientific Surveying the science fiction milieu Ben P. Indick shows that while Shaw was not interested in writing science fiction per se he knew the genre and how to use it Jeffrey M. Wallmann chronicles the science fiction techniques that Shaw foreshadowed Rodelle Weintraub analyzes dream related elements of the fantastic that Shaw frequently employed in his drama John Barnes focuses on Shaw's radical superman a stock in trade of science fiction Like H. G. Wells Shaw understood that human intervention was becoming the dominant mechanism of evolution and that new approaches to theatrical drama would be required to convey the social and political impact of the scientific revolution Elwira M. Grossman compares similar dilemmas facing Shaw and the Polish dramatist Witkacy J. L. Wisenthal examines the utopian tradition that underlay the English literary experience and Julie A. Sparks contrasts Karel Capek's anti utopian concepts with Shaw's

utopian vision Also included is an 1887 lecture by Shaw entitled Utopias published here for the first time Several of the contributors emphasize the significant influence that Shaw had on major science fiction writers Elizabeth Anne Hull explores Shaw s affinities with Arthur C Clarke John R Pfeiffer discusses the many connections between Shaw and Ray Bradbury and George Slusser explores Shaw and Robert A Heinlein s recurrent fascination with the possibilities of life extension Like his friend Einstein Shaw knew that imagination is more important than knowledge Peter Gahan s article demonstrates that Shaw s ambition was to engage the reader s imagination the only sufficient backdrop for his vision Also included are reviews of recent additions to Shavian scholarship including the Shaw Wells correspondence and John R Pfeiffer s Continuing Checklist of Shaviana

**Intertextuality in Contemporary African Literature** Ode Ogede, 2011-09-16 Intellectual exchange among African creative writers is the subject of this highly innovative and wide ranging look at several forms of intertextuality on the continent Focusing on the issue of the availability of old canonical texts of African literature as a creative resource this study throws light on how African authors adapt reinterpret and redeploy existing texts in the formulation of new ones Contemporary African writers are taking advantage of and extending the resources available in the existing native literary tradition But the field of inter ethnic trans national African literary inter textual studies is a novel one in itself as the theme of African writers debt to Euro American authors has been the critical commonplace in African literature Detailing the echoes and reverberations the voices of the past have generated and the distinctive uses to which the writers are putting one another s works the book demonstrates that the influence of local stock is significant it is pervasive and widespread and manifests itself in ways both random and systematic but it is a ubiquitous presence in the African literary imagination

Ulysses and the Poetics of Cognition Patrick Colm Hogan, 2013-09-05 Given Ulysses perhaps unparalleled attention to the operations of the human mind it is unsurprising that critics have explored the work s psychology Nonetheless there has been very little research that draws on recent cognitive science to examine thought and emotion in this novel Hogan sets out to expand our understanding of Ulysses as well as our theoretical comprehension of narrative and even our views of human cognition He revises the main narratological accounts of the novel clarifying the complex nature of narration and style He extends his cognitive study to encompass the anti colonial and gender concerns that are so obviously important to Joyce s work Finally through a combination of broad overviews and detailed textual analyses Hogan seeks to make this notoriously difficult book more accessible to non specialists

*The World Republic of Letters* Pascale Casanova, 2004 The world of letters has always seemed a matter more of metaphor than of global reality In this book Pascale Casanova shows us the state of world literature behind the stylistic refinements a world of letters relatively independent from economic and political realms and in which language systems aesthetic orders and genres struggle for dominance Rejecting facile talk of globalization with its suggestion of a happy literary melting pot Casanova exposes an emerging regime of inequality in the world of letters where minor languages and literatures are subject to the invisible but implacable violence of their dominant counterparts Inspired by the writings of Fernand Braudel and Pierre Bourdieu this ambitious book develops the first systematic model for understanding the production circulation and valuing of literature worldwide Casanova proposes a baseline from which we might measure the newness and modernity of the world of letters the literary equivalent of the meridian at Greenwich She argues for the importance of literary capital and its role in giving value and legitimacy to nations in their incessant struggle for international power Within her overarching theory Casanova locates three main periods in the genesis of world literature Latin French and German and closely examines three towering figures in the world republic of letters Kafka Joyce and Faulkner Her work provides a rich and surprising view of the political struggles of our modern world one framed by sites of publication circulation translation and efforts at literary annexation

**Reading Notes**, 2021-11-01 Reading notes constitute a vast resource for an understanding of literary history and culture They indicate what writers read as well as how they read and what they used in their own work As such they play an important role in both the reception and the production of texts The essays in this volume representing the newest trends in European and international textual scholarship examine literary creation and the relationship between reading and writing To study how readers respond to writing and how reading engenders new writing the contributing scholars no longer take for granted that authors write in splendid isolation but turn to a more broadly sociological investigation of authorship assigning new roles to the writer as reader notetaker annotator book collector and so on Notes and annotations may be fragmentary private undigested and embryonic but as witnesses to the reading process they tell unique stories about writers and readers ranging from great marginalists like Coleridge to women annotators of cookbooks This subject of research is a junction of several fields of research and tries to bridge gaps between separate disciplines with a common ground such as the history of the book the history of reading and the history of writing scholarly editing and textual genetics the analysis commentary and critical interpretation of the way in which works of art come into being bridging the gap between literary and textual criticism
