Book of 2022 The definitive biography of Charles Barkley exploring his early childhood his storied NBA career and his enduring legacy as a provocative voice in American pop culture He s one of the most interesting American athletes in the past fifty years Passionate candid iconoclastic and gifted both on and off the court Charles Barkley has made a lasting impact on not only the world of basketball but pop culture at large Yet few people know the real Charles Raised by his mother and

grandmother in Leeds Alabama he struggled in his early years to fit in until he found a sense of community and purpose in basketball In the NBA he went toe to toe with the biggest legends in the game from Magic to Michael to Hakeem to Shaq But in the years since he has become a bold agitator for social change unafraid to grapple often brashly with even the thorniest of cultural issues facing our nation today Informed by over 370 original interviews and painstaking research Timothy Bella s *Barkley* is the most comprehensive biography to date of one of the most talked about icons in the world of sports *Black Planet* David Shields,2025-09 First published in 1994 *Black Planet* is at first glance a reporting of David Shields s journey following his hometown Seattle Supersonics through the 1994 95 NBA season He went to the team s home games watched their away games on TV listened to interviews and call in shows talked or tried to talk to players coaches and agents attended charity events corresponded with members of the Sonics newsgroup on the early internet He kept a daily journal which then transformed into an intensely personal diary about that season and the team and notions about race and sport in America He started to see a barely concealed views about black men in the NBA and how in a predominately black sport white fans including especially himself think about and talk about black athletes and black bodies And Shields was writing more like a twenty first century sportswriter and critiquing local sports media in an era when it was rarely if ever questioned Critically acclaimed and highly controversial *Black Planet* was finalist for the National Book Critics Circle Award and PEN USA Award and it was named on the Top Ten Nonfiction Books of 1999 by Esquire Newsday and LA Weekly *The Sixth Man* Łukasz Muniowski,2021-12-03 While the starting lineup of an NBA team consists of five players there are at least 12 on each roster Allocating time on court to keep each of them satisfied is challenging Theoretically the worst position on the roster is the sixth man so close to being the starter yet seeming to be the odd man out This book aims at dispelling that notion presenting many important players who through the years came off the bench for NBA teams proving that despite not starting they were worthy of playing in the best basketball league in the world **Let's Talk Goat... of Basketball** Matt Peters,2021-01-31 There are many who have played the game of basketball but who can claim to be the greatest player of all time Take a jump as we look together at Bill Russell Wilt Chamberlain Magic Johnson Larry Bird Shaq Kobe MJ and LeBron An in depth analyst will look at the different arguments of the infamous MJ vs LeBron debates which might help determine who the GOAT is once and for all **Oklahoma City Thunder** Brian Mahoney,2022-08-01 This title introduces basketball fans to the history of the Oklahoma City Thunder NBA franchise The title features informative sidebars exciting photos a timeline team facts trivia a glossary and an index SportsZone is an imprint of Abdo Publishing a division of ABDO *Boys Among Men* Jonathan Abrams,2017-03-14 The definitive never before told story of the prep to pro generation those basketball prodigies who from 1995 to 2005 made the jump directly from high school to the NBA When Kevin Garnett shocked the world by announcing that he would not be attending college as young basketball prodigies were expected to do but instead enter the 1995 NBA draft directly from high school he blazed a trail for a generation of teenage basketball

players to head straight for the pros That trend would continue until the NBA instituted an age limit in 2005 requiring all players to attend college or another developmental program for at least one year Over that decade plus period the list of players who made that difficult leap includes some of the most celebrated players of the modern era Garnett Kobe Bryant LeBron James Dwight Howard Tracy McGrady and numerous other stars It also includes notable busts who either physically or mentally proved unable to handle the transition But for better or for worse the face of the NBA was forever changed by the prep to pro generation In compelling masterfully crafted prose Boys Among Men goes behind the scenes and draws on hundreds of firsthand interviews to paint insightful and engaging portraits of the most pivotal figures and events during this time Award winning basketball writer Jonathan Abrams has obtained remarkable access to the key players coaches and other movers and shakers from that time and the result is a book packed with rare insights and never before published details about this chapter in NBA history Boys Among Men is a thrilling informative must read for any basketball fan
