LOVE ON THE *SUPERTAX*

BY
MARGHANITA LASKI

ILLUSTRATED BY
W. STEIN

*Over the blood and barren snow
A voice their name a-calling:
"Where are you going to, Tony O?
Where are you going this morning?"*

*"I am going where there are rivers of wine,
The mountains bread and honey;
There kings and queens do mind the ruine
And the poor have all the money."*

British Literature in Transition, 1940-1960: Postwar Gill Plain, 2019 Examines debates central to postwar British culture showing the pressures of reconstruction and the mutual implication of war and peace *The Richer, The Poorer* Stewart Lansley, 2021-11-25 The Richer The Poorer charts the rollercoaster history of both rich and poor and the mechanisms that link wealth and impoverishment This landmark book shows how for 200 years Britain's most powerful elites have enriched themselves at the expense of surging inequality mass poverty and weakened social resilience Stewart Lansley reveals how Britain's model of extractive capitalism with a small elite securing an excessive slice of the economic cake has created a two century long high inequality high poverty cycle one broken for only a brief period after the Second World War Why he asks are rich and poor citizens judged by very different standards Why has social progress been so narrowly shared With growing calls for a fairer post COVID 19 society what needs to be done to break Britain's destructive poverty inequality cycle Brideshead Revisited Evelyn Waugh, 2012-12-11 Selected by Modern Library as one of the 100 best novels of the century and called Evelyn Waugh's finest achievement by the New York Times Brideshead Revisited is a stunning exploration of desire duty and memory The wellsprings of desire and the impediments to love come brilliantly into focus in Evelyn Waugh's masterpiece a novel that immerses us in the glittering and seductive world of English aristocracy in the waning days of the empire Through the story of Charles Ryder's entanglement with the Flytes a great Catholic family Evelyn Waugh charts the passing of the privileged world he knew in his own youth and vividly recalls the sensuous pleasures denied him by wartime austerities At once romantic sensuous comic and somber Brideshead Revisited transcends Waugh's early satiric explorations and reveals him to be an elegiac lyrical novelist of the utmost feeling and lucidity A genuine literary masterpiece Time Heartbreakingly beautiful The twentieth century's finest English novel Los Angeles Times *British Women Writers of World War II* P. Lassner, 1998-03-01 In British Women Writers of World War II Phyllis Lassner offers a challenging analysis of politicized literature in which such British women writers as Virginia Woolf Elizabeth Bowen Stevie Smith and Storm Jameson debated the justness of World War II Lassner questions prevailing approaches to women's war writing by exploring the complex range of pacifist and activist literary forms of women who redefined such pieties as patriotism and duty and heroism and victimization *The History of British Women's Writing, 1920-1945* M. Joannou, 2016-01-03 Featuring sixteen contributions from recognized authorities in their respective fields this superb new mapping of women's writing ranges from

Interwar Women's

Comic Fiction Nicola Darwood, Nick Turner, 2020-01-10 This collection of essays examines the work of five intermodernist writers Some were established authors before the First World War and others continued to write after the Second World War but this book focuses particularly on their writing between 1918 and 1939 Elizabeth von Arnim Stella Benson Bradda Field Ivy Compton Burnett Stella Gibbons and Winifred Watson had much in common they all wrote novels full of comic moments which often challenged the cultural politics of the interwar period Drawing on the literary and critical contexts of each novel the essays here discuss the use of comic structures that enabled the authors to critique the dominant patriarchal structures of their time and offer an alternative sometimes subversive view of the world in which their characters reside This book contributes to the growing scholarly interest in interwar fiction focusing principally on novelists who have fallen out of public view It widens our understanding both of the authors and of the continuing highly topical debate about interwar women novelists

British Women's Writing, 1930 to 1960 Sue Kennedy, Jane Thomas, 2020-07-17 This volume contributes to the vibrant ongoing recuperative work on women's writing by shedding new light on a group of authors commonly dismissed as middlebrow in their concerns and conservative in their styles and politics The neologism interfeminism coined to partner Kristin Bluemel's intermodernism locates this group chronologically and ideologically between two waves of feminism whilst also forging connections between the political and cultural monoliths that have traditionally overshadowed them Drawing attention to the strengths of this out of category writing in its own right this volume also highlights how intersecting discourses of gender class and society in the interwar and postwar periods pave the way for the bold reassessments of female subjectivity that characterise second and third wave feminism The essays showcase the stylistic cultural and political vitality of a substantial group of women authors of fiction non fiction drama poetry and journalism including Vera Brittain Storm

A Clockwork Orange Anthony Burgess, 2025-04-25 A newly revised text for A Clockwork Orange s 50th anniversary brings the work closest to its author s intentions A Clockwork Orange is as brilliant transgressive and influential as when it was published fifty years ago A nightmare vision of the future told in its own fantastically inventive lexicon it has since become a classic of modern literature and the basis for Stanley Kubrick s once banned film whose recent reissue has brought this revolutionary tale on modern civilization to an even wider audience Andrew Biswell PhD director of the International Burgess Foundation has taken a close look at the three varying published editions alongside the original typescript to recreate the novel as Anthony Burgess envisioned it We publish this landmark edition with its original British cover and six of Burgess s own illustrations

Reading London in Wartime William Cederwell, 2017-11-06 Reading London in Wartime Blitz the People and Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work
