My Spirit Like A Charmed Bark Doth Float:

Shelley: Selected Poems Kelvin Everest, 2023-03-23 Percy Bysshe Shelley 1792 1822 was one of the major Romantic poets and wrote what is critically recognised as some of the finest lyric poetry in the English Language In this volume the editors have selected the most popular significant and frequently taught poems from the six volume Longman Annotated edition of Shelley's poems Each poem is fully annotated explained and contextualised along with a comprehensive list of abbreviations an inclusive bibliography of material relating to the text and interpretation of Shelley's poetry plus an extensive chronology of Shelley's life and works Headnotes and footnotes furnish the personal literary historical and scientific information necessary for an informed reading of Shelley's richly varied and densely allusive verse making this an ideal anthology for students classroom use and anyone approaching Shelley's poetry for the first time however the level and extent of commentary and annotation will also be of great value for researchers and critics

Shelley and the Musico-Poetics of Romanticism Jessica K. Quillin, 2016-03-09 Addressing a gap in Shelley studies Jessica K Quillin explores the poet's lifelong interest in music Quillin connects the trope of music with Shelley's larger formal aesthetic political and philosophical concerns showing that music offers a new critical lens through which to view such familiar Shelleyan concerns as the status of the poetic figural language and the philosophical problem posed by idealism versus skepticism Quillin's book uncovers the implications of Shelley's use of music by means of four musico poetic concerns the inherently interdisciplinary nature of musical imagery and figurative language the rhythmic and sonoric dimensions of poetry the extension of poetry into the performative realms of the theatre and drawing room through close links between most poetic genres and music and the transformation of poetry into music through the setting and adaptation of poetic lyrics to music Ultimately Quillin argues Shelley exhibits a fundamental recognition of an interdependence between music and poetry which is expressed in the form and content of his highly sonorous works Equating music with love allows him to create a radical model in which poetry is the highest form of imaginative expression one that can affect the mind and the senses at once and potentially bring about the perfectibility of mankind through a unique mode of visionary experience
