Namedropping Richard Elman, 1999-06-10 In the course of the same old race I find myself writing about knowing some people how fame seems to set some people apart from us once known I was astonished by Ernest Hemingway's small weak handshake when we were introduced at Scribners by John Hall Wheelock and by the jolt of force with which Elie Wiesel squeezed my hand How long ago seems knowing too when I first meet Isaac Singer he asks me Who is Mr Saul Bellow We're on the Upper West Side in his apartment next to the funeral parlor A yellow parakeet hops around on Singer's bald forehead Singer's great comic story of faith Gimpel the Fool has only recently been published from Yiddish into English in a translation by Saul Bellow They're both still a long way from Stockholm Do you know him Can you tell me who this Mr Bellow is he asks It was not always possible to guess Singer's motives in acting as though he was not impressed with worldly reputations His features of a medieval Polish saint even to a faint white haired tonsure effect around the crown of his skull were backlit by the glowing monitor from his mischievous incubus from the Preface These are Richard Elman's candid snapshots in prose of the various mostly literary celebrities he encountered during his four decades as a working writer and journalist among them Isaac Bashevis Singer Tillie Olsen Bernard Malamud Faye Dunaway Hunter S Thompson and other important artists and writers who were Elman's teachers and occasionally adversaries Engagingly written and never superficial these portraits and anecdotes in many cases strike to the center of each subject's art To many readers these persons are just names Elman brings them to life while never simplifying or overdramatizing their work

Sacred Starts MD Sharr, 101-01-01 The idea behind this book came from watching countless parents struggle to find the right name something not too common yet not so unusual that it becomes unrelatable something meaningful but also easy to pronounce across cultures and languages something spiritual but also timeless and fitting for today s generation Choosing a name in the Hindu tradition is often influenced by astrology religion family expectations linguistic beauty and even numerology Yet despite so many considerations what every parent truly seeks is a name that feels just right a name that instantly speaks to the heart This book is created to support that journey of discovery We understand that choosing the right name can feel overwhelming at times but we want to assure you that you re not alone Sacred Starts is here to guide you with clarity warmth and careful research Every name in this book has been handpicked with thoughtfulness and wherever applicable we ve included meanings origins and contextual references so you can understand the story each name carries These names are not just labels they are carriers of tradition emotion and identity We also believe that there s nothing wrong with wanting your child to have a name that stands out A name can be a quiet whisper of uniqueness a gentle mark of individuality in a crowd Originality in naming is not about being odd it s about being authentic And authenticity requires attention care and yes sometimes a little extra research That s why this book goes beyond the usual and brings you a carefully curated blend of both classic and contemporary Hindu baby names

Modernism Is the Literature of Celebrity Jonathan Goldman,2011-04-01 The phenomenon of celebrity burst upon the world scene about a century ago as movies and modern media brought exceptional larger than life personalities before the masses During the same era modernist authors were creating works that defined high culture in our society and set aesthetics apart from the middle and low brow culture in which celebrity supposedly resides To challenge this ingrained dichotomy between modernism and celebrity Jonathan Goldman offers a provocative new reading of early twentieth century culture and the formal experiments that constitute modernist literature s unmistakable legacy He argues that the literary innovations of the modernists are indeed best understood as a participant in the popular phenomenon of celebrity Presenting a persuasive argument as well as a chronicle of modernism s and celebrity s shared history *Modernism Is the Literature of Celebrity* begins by unraveling the uncanny syncretism between Oscar Wilde s writings and his public life Goldman explains that Wilde in shaping his instantly identifiable public image provided a model for both literary and celebrity cultures in the decades that followed In subsequent chapters Goldman traces this lineage through two luminaries of the modernist canon James Joyce and Gertrude Stein before turning to the cinema of mega star Charlie Chaplin He investigates how celebrity and modernism intertwine in the work of two less obvious modernist subjects Jean Rhys and John Dos Passos Turning previous criticism on its head Goldman demonstrates that the authorial self fashioning particular to modernism and generated by modernist technique helps create celebrity as we now know it
