Nobel The Man And His Prizes:

Nobel, the Man and His Prizes Nobelstiftelsen,1972 **Nobel** Nobelstiftelsen,1951 Alfred Nobel ,1951 Alfred Nobel: the Man and His Prizes ,1962 **The Nobel Peace Prize** Fredrik S. Heffermehl,2010-08-19 In this groundbreaking and controversial critique of the selections of Nobel Peace Prize winners an eminent Norwegian lawyer and peace activist calls for its return to legal and moral compliance with the will of Alfred Nobel who wished to support disarmament to prevent war The Nobel Peace Prize is the world s most coveted award galvanizing the world s attention for 110 years In recent decades it has also become the world s most reviled award as heads of militarized states and out and out warmongers and terrorists have been showered with peace prizes Delving into previously unpublished primary sources Fredrik Heffermehl reveals the history of the inner workings of the Norwegian Nobel Committee as it has come under increasing political geopolitical and commercial pressures to make inappropriate awards As a Norwegian lawyer Heffermehl makes the case that the Norwegian politicians entrusted with the Nobel peace awards have brushed aside the legal requirements in Scandinavian estate law using the prize to promote their own political and personal interests instead of the peace ideas Alfred Nobel had in mind Evaluating each of the 119 Nobel Peace Prizes awarded between 1901 and 2009 the author tracks the ever widening divergence of the committee s selections from Nobel s intentions and concludes that all but one of the last ten prizes are illegitimate under the law **Nobel** ,1962 Women Who Changed the World Candice Goucher,2022-01-24 This indispensable reference work provides readers with the tools to reimagine world history through the lens of women s lived experiences Learning how women changed the world will change the ways the world looks at the past Women Who Changed the World Their Lives Challenges and Accomplishments through History features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective The women featured in this four volume set cover the full sweep of history from our ancestral forbearer Lucy to today s tennis phenoms Venus and Serena Williams Every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists Each biography follows a standardized format recounting the woman s life and accomplishments discussing the challenges she faced within her particular time and place in history and exploring the lasting legacy she left A chronological listing of biographies makes it easy for readers to zero in on particular time periods while a further reading list at the end of each essay serves as a gateway to further exploration and study High interest sidebars accompany many of the biographies offering more nuanced glimpses into the lives of these fascinating women *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1965 **Nobel.
